THIS COULD BE THE START OF SOMETHING . . . . .

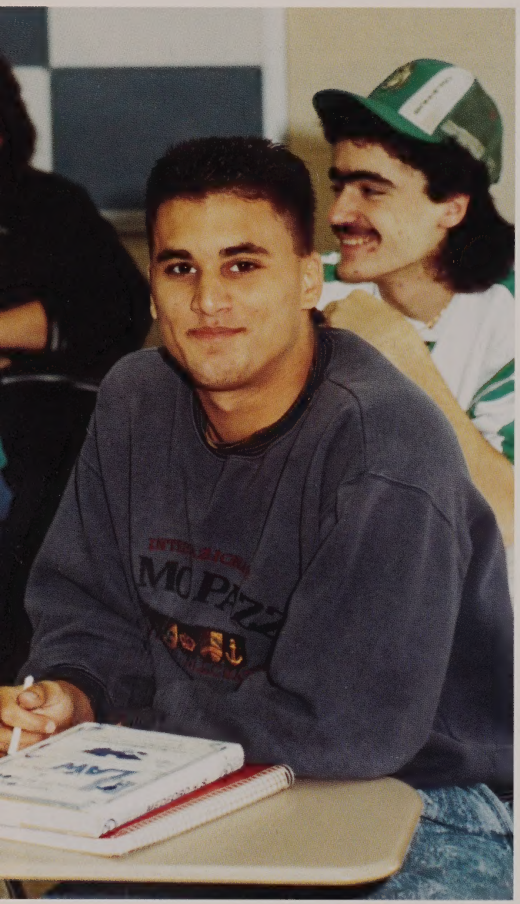

As the class of 90 enters into a new decade, we are faced with many decisions that will effect us throughout our lives. Four years ago- we entered M.H.S. as freshmen. Knowing for some, our journey is almost over, but for many of us it was just a start! Among many things we started here in M.H.S., the ones we will most remember are all the friendships and memories! Well, fellow Seniors, this year has come to an end. From now on . . . . this could be the start . . . . . of the rest of our lives!

TOP- KEVIN AURILLO . . . . . "WOW! AM I HAVING FUN!"
BELOW- STACY FRANCIS . . . . "MORE HOMEWORK, I CAN HANDLE IT."

ANGELO COLASANTE AND ANTHONY RICARDO . . . . "NO PROBLEMS."

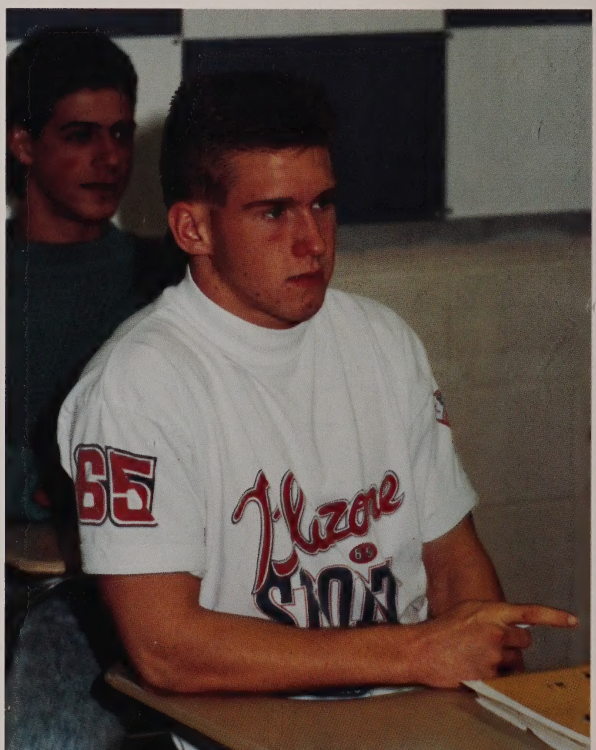

Top: Cindy Cafarelli, Phyllis Lavillotti We deserve this break! bottom: Brendan Fitzgerald "I don't think this teacher believes that my dog ate my homework."

Top: Michael Camelo Mike says, "Wow, that's against the law too? I never knew." Bottom: Derek D'Antilio, Ross Callahan "Derek, What's so funny?"

School Year Starts With Visit From Governor

Governor Dukakis and Senior Class President Stacey Roberts walk the "Drug Free Zone".

"This could be the start of something . . ." believable? Would you believe a visit from Governor Dukakis on the first day of school? Absolutely! On Wed. September 6, 1989, Michael Dukakis and his entourage descended upon Meford High School for the purpose of designating a DRUG FREE ZONE around the high school. This zone is the result of recently passed Massachusetts Anti-Drug Legislation spearheaded by the Governor.

A two-stage event was quickly arranged. Sophomores were present in the auditorium to be addressed by the Governor, Mayor Michael McGlynn, and many other local and state officials. Questions were fielded from the students, all under the bright and watchful eye of local and national media.

After the conference in the little theatre, the entire group, led by the Governor, the Mayor, Superintendent & School Raymond Murano, Roy Belson, Director of Planning, Funding, Development and Personnel, Headmaster Todaro, Class of '90 President Stacey Roberts, marched down the drive way of the school to the end of the Drug Free Zone and the school was presented a sign designating the area around the school as a place where drug offenses would carry a penalty stiffer than the previous laws.

A hectic but effective morning brought into sharp focus the serious and strong effort that the State of Massachusetts, the City of Medford and the Medford School Department was bringing to bear to defeat the drug problem attacking us all.

Above: Left to right: Mayor McGlynn, Governor Dukakis, Stacey Roberts, Mr. Murano and Mr. Todaro lead the way in the demonstration instituting the "Drug Free Zone".

Below: Governor Michael Dukakis makes a point during the assembly in the Little Theatre. Supt. Murano and Headmaster Todaro (seated on right) listen to his message.

"A Night To Remember"

May 12th, 1989, rushing around, doing our nails, getting our hair done. As our dates were also running around getting their tux's and corsages for the girls.

Time finally came when couples arrived promptly at Carusso's Diplomat. Can you visualize it, royal blue, hot pink, white, black and gold. All those fabulous colors getting out of limo's or cars. Everyone was all dazzled up ready to get their pictures taken . . . friends and lovers posing for their pictures.

After pictures were taken, couples sat down for conversation and dinner. After dinner, the couples were shaking their stuff on the dance floor. In the middle of the night, our King and Queen, Domenic Giurleo and Stacey Roberts were crowned.

After long preparation, heavy expenses and loads of tension, everyone proclaimed the Class of 1990 Junior Prom a night to remember.

TOP-STACEY ROBERTS AND DOMENIC GIURLEO . . . . JR. PROM KING AND QUEEN. BOTTOM-PHYLLIS DESTEFANO, CHERYL ROSATTO, JULIE O'BRIEN, AND LORI MOLYNEAUX . . . FOUR FABULOUS GIRLS WAITING FOR FOUR FORTUNATE GUYS.

ERIN KELLEY AND DATE . . . "WOW! WE'RE MADE FOR EACH OTHER!"

CURTIS-TUFTS

The Curtis-Tufts will finish its ninth year with six graduates this year. A program designed to help those students who have not succeeded elsewhere, the CTAS provides a small, very structured, caring environment for forty youths.

The class of 1990 has met the same requirements of Medford High seniors. Goals for the graduates include college training programs and work. Led by Mr. Levy, the staff includes two counselors and six teachers who provide structure, caring and prep work for the real world following graduation.

Not shown in pictures is staff member, Dave Marria, and seniors: Scott Tropeane, Fred Torres and Bobbie Ellis.

FACULTY AND STAFF

Mr. Murano Shares A Distinction With Graduates.

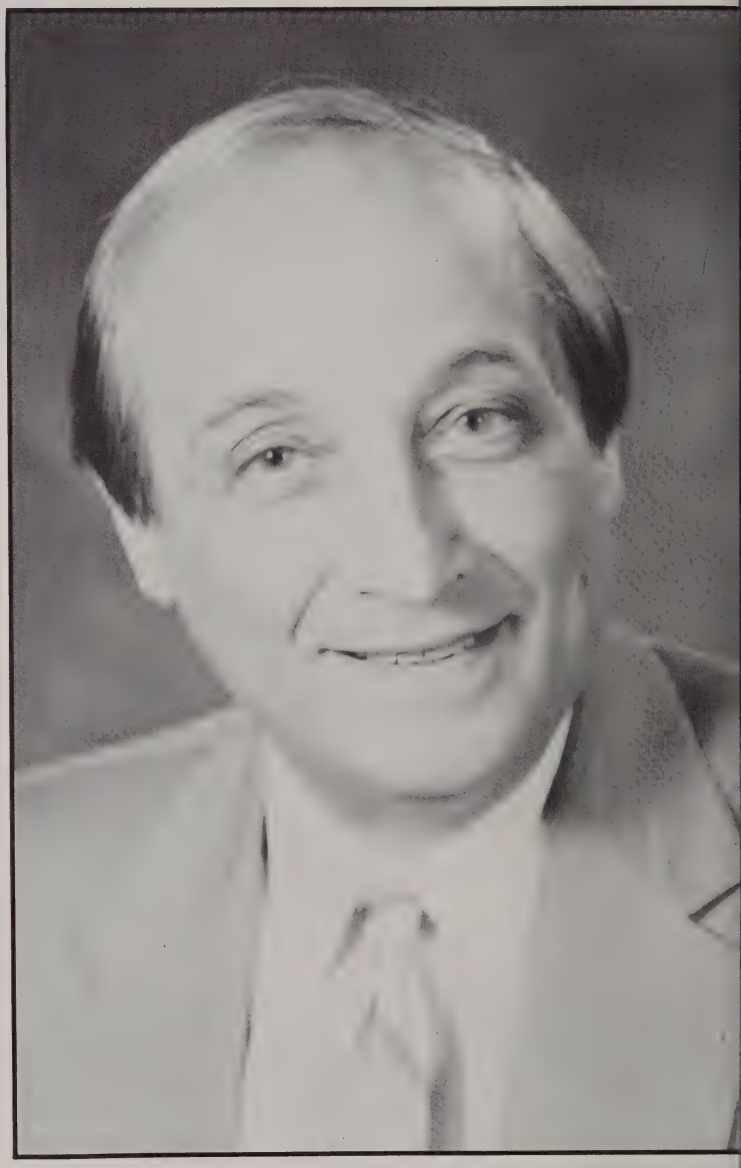

It is a pleasure to extend my sincere congratulations to each and every one of you. You have accomplished a significant goal in your lives. I share a distinction with your class. You have completed your role as students in the Medford Public Schools and I have completed my term as Superintendent. As you and I move toward our respective destinations, I know that we both share many mixed emotions in facing the uncertainties ahead.

I hope that as you approach the challenges and expectations in the outside community, you will continue to search for improved solutions to problems. I assure you that there are may hills to be climbed in order to overcome some of our pressing world issues. You cannot begin to attempt to solve all the problems of the world, but with positive attitudes and feelings of respect for yourselves and others, you are heading in the right direction.

Your education in the Medford Public Schools has attempted to prepare you for reality. Handle this with confidence. Use the worthwhile skills wisely and you will benefit. Welcome new ideas and become receptive to future challenges and friendships. Overcome your weaknesses and capitalize on your inner strengths. It takes courage to declare your thoughts, but goals cannot be reached without becoming masters of your own minds.

Your youth and energy are needed for strong leadership. We want to look toward you for understanding and sensitivity. May your generation help lead all of us to a brighter and more secure place for our community.

Graduates, my wish is that in undertaking your future responsibilities, you attain a portion of the satisfaction which I have found. Remember that happiness comes from within. Money and material possessions do not alone bring inner peace or true pleasure. Helping each other, standing for what you believe, and daring to give your time and effort to make the community better, is the real meaning of happiness.

Mr. Raymond S. Murano
Superintendent, Medford Public School.

After 40 years of proudly serving the Medford Public Schools, I wish to thank everyone for the support, cooperation, and friendship which allowed me to enjoy the fulfillment that I shall always cherish with fond memories.

CONGRATULATIONS, CLASS OF 1990. MAY ALL YOUR DREAMS BE FULFILLED.

Headmaster Todaro Urges Graduates To Carve Out A Future For Themselves

The members of the Class of 1990 ve demonstrated motivation, desire, d sensitivity throughout their four ars of matriculation. As a result of e aforementioned, I feel assured at each member has realized a well- unded quality education.

Life is made up of a series of goals id objectives, some fully realized, hile others provide learning periences. Many of the experiences, hether successful or unsuccessful, ill lead to new paths. These paths ill enrich your lives because they ill bring new ideas and a breath of esh air to help nourish your decision aking any final commitment that ay effect your cherished and most esired goals.

Your future is like a raw piece of arble carved from a quarry. You rst decide what you want to do with and then start to chisel out each bjective until your goal has been lly realized. Michel Angelo erceived his fine works of art with leas and then worked diligently to lfill his ultimate goal through edication and a strong work ethic.

I trust that the Class of 1990 will stablish a genuine love of life, which ill help to nurture a future of eaningful progress both personal nd professional. Love of life also ngenders a wholesome attitude which eads to positive thinking and the lfillment of goals.

May the Class of 1990 be blessed ith unbridled health and happiness.

In closing, I should like to leave he Class with a quote from Jean Rousseau-Emile . . . "Where is the nan who owes nothing to the land in vhich he lives? Whatever that land nay be, he owes to it the most recious thing possessed by man, the norality of his actions and the love f virtue."

IN MEMORY

ANGEL TORRES
JULY 16, 1946-JULY 2, 1989

The students and faculty will look at the years to come and will remember a special person who inspired them the most. For many of us. that one person will be Angel Torres.

Because of his positive attitude towards the students and faculty, he has left a admiring mark in our hearts. His devotion to the multicultural program and being a physical education teacher has earned him the respect and admiration of every individual. As a friend and a teacher, Mr. Torres was a caring and kind man, who never complained and did for his students, friends, and faculty, when he didn't have to. Those who knew Mr. Torres, knew he was a very special man.

The death of a special friend, teacher, can only leave us the memories of special and precious times we were able to spend with him "Mr. Angel Torres" . . . as a friend, teacher, and father . . . a part of you will always remain in the hearts of the "Blue and White" family.

New to MHS this year is the daycare center. Teachers pay a small amount to have their children cared for each school day. Many MHS students go down to the daycare center on free or assigned periods to help watch the children.

Students, along with the advisors Ann and Kristie, take the children outside to the fenced in playground and let them play in the sandbox, ride on a tricycle, or just enjoy the sunshine. Back in the classroom students and the children sing songs, paint, or sit and read a story. While at daycare the children have a chance to learn a new color, sing a new song or make a new friend.

Swimming

This year's swim team faced difficult "waters". Coach Barbara Goud and Assistant Coach Richard Cheney guided the team led by Senior Co-captains Erin Kelly and Tony Santino. The team improved with each meet. Freshman members offer promise for future seasons. The high point of the season was a victory against Salem, with Erin Kelly and Tony Santino winning two events. Dennis Penachio and Rachel Tardelli also earned victories. This season's perseverance will pay dividends in future seasons.

Boy's Basketball

Pride and talent triggered this year's Mustang Hoopsters. Not just playing for themselves, but for the whole city when they filled the cooper cages on Tuesday and Friday nights. Displaying much talent and skill, they left many of their opponents in awe. Under the supervision of the first year coach Tom Ryser this team knew that patience and hard work were essential for a winning season. Fortunately everything fell into place. Taking first place in the Stoneham Christmas Tournment was just a beginning. Look out GBL, here comes Medford !!! Leading the 89-90 Mustangs was senior co-captain, Michael Bates, a player whose ability was so smooth and incredible that many contenders felt fear and anxiety when faced by the 5'10" powderhouse. Other co-captain, Sean Simmons was a big threat on the defensive end. Averaging 14 rebounds a game, Simmons, without a doubt, gave his opponent something to look out for. The

roster would not be complete without "Mr. 3-pointer" senior Anthony Bennet. Bennet has pulled the team together in many difficult situations. Exercising their unbelievable talent, these boys brought back a whole new sense of pride to the MHS Basketball Program .

Girls' Basketball

This year's girls' basketball team displayed much speed, agility and talent. Having to learn new plays and follow the lead of first year coach, John Chiesa, was tough but, accomplished. With so much skill and potential, who could our lady mustangs? Although the record book might not show it, this team was a big threat in their league this year. many games were right down to last minute situations. For example Medford's 39-38 loss to Arlington and North Quincy 41-39. No one is likely to forget Revere's win over Medford, 54-52, in double overtime at ....or was it after, the buzzer. More competitive thorughout the season than in the recent past , Th Lady Hoopsters beat Somerville, Girl's Catholic, Quincy, Malden, and toof first place for the second consecutive year in the Pope John Christmas Tourney. These girls showed that they could play some "serious hoop".

Also with only two seniors on the young roster, this could be seen as a rebuilding year. Senior co-captain Maria Iozza Lead the GBL in Scoring and was a vital force on the team . Other senior co-captain Nadina Talukdar's fervor and determination was the inspirational backbone of the team. Playing with much athletic ability and sprotsmanship, both captains had an excellent season as did the entire team. The first building block has been firmly placed on its foundation.

Indoor Track

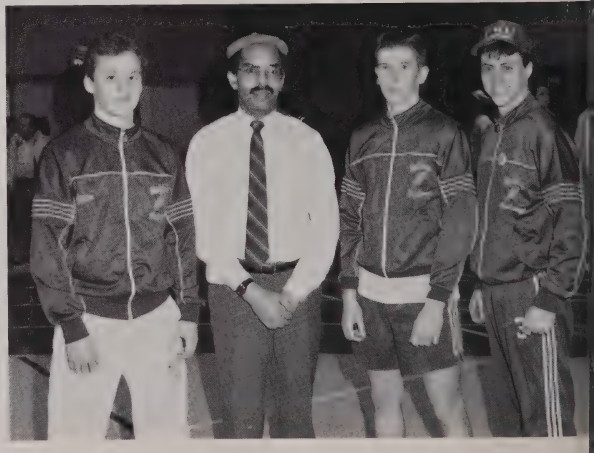

After a successful season, the boy's track team was a strong contender for the Greater Boston League Title. Lack of depth and a string of bad luck got in the way, and the team ended up with a 6-3 record with non-league wins over Winthrop, Bishop Fenwick, and Norwell and GBL wins over Arlington, Malden, and Everett.

This year's squad was led by Senior Captains Dana Tardelli, Robert White, and Jason Tiner. Tardelli dominated the distance events, going undefeated in the one and two mile. White finished the season with the league's best performance in the hurdles and high jump, and Tiner was one of the premiere sprinters in the GBL.

Other seniors were; Al Jackson, one of the league's best sprinters; Gary Conner, who high jumped and sprinted; Edward O'Brien, a hurdler; Swedish exchange student Simon Athlin ran middle distance events; Brian Forde, who changed from long to middle distance at different points.These seniors formed a solid core for the Mustangs. The team was rounded out by juniors, Anthony Onorart, Stephen Hare, Derek Kelly, sophomores Josh Smith Danny Sciortino, Arthur Lynch, Eric Hess, John McInnes, Matt Puopolo, Chris DiFranco, Robert Pattorelli, and Shawn Morrissey, and freshman Robert Wall Tan Alam, and Jackie Murphy.

Indoor Track

This year's girl's track team had a competitive season. Finishing third in the GBL is not an easy task, But you could always count on the Mustangs to make themselves known. The team was lead by Senior Co-captains Melissa Leahy and Kelly Mitchell. Having a very young Team, Coach Mascoll worked the girl's hard, Hoping to strenghten them for furute seasons. Hockey

Medford Hockey

Hard work and the desire to play kept this years Hockey team alive.

Losing many seniors from last year made it tough season to build on. Altough some of last years starting lineup did return much of the emphasis was towards training new underclassmen to play major roles for the team. Despite preseason predictions, our I cemen beat the odds in many predicaments. Spearheaded by offensive threats Jarred Morey, Chris D'Addio

Richie Thompson, Mike Shea these young men proved that they should never be underestimated. Much of this teams credit goes to four year player, goalie Mike Fernandez, one of the finest in the league. This year's team brought a lot of respect to Medford as many fans will agree to. Thanks for keeping that Mustang spirit alive.

The MHS golf team, led by even year veteran coach Butch ewett, is on its way to the state ournament following numerous riumphs throughout the season. slow start, which looked to revent such a tournament birth as not enough to discourage his determined team.

Some of the team's most mpressive and consistent layers have been the ocaptains, senior Mike Bates nd junior Mike Shea. Their umerous wins have been the ey to a Medford victory on nany afternoon. Other seniors n the team were Greg Carr, Shawn Murphy, and Tim Napier. All three had lisappointing seasons. After a ine performance the previous ear. Carr's play was sub-par. One of the few bright spots in Murphy's year was a comeback rom behind and win against Saugus. Napier supplied our one point with a tie, in one natch against Stoneham. The eam is rounded out by juniors David Elliot, Chris Glionna, and Matthew Stagliano; sophomore Brian Horne; and freshman Steve Shea.

The state tournament, to take place in the spring, will be a ough challenge for the young squad. Coach Jewett remains optimistic knowing that ntelligent and consistent play will produce good results.

MEDFORD MUSTANGS

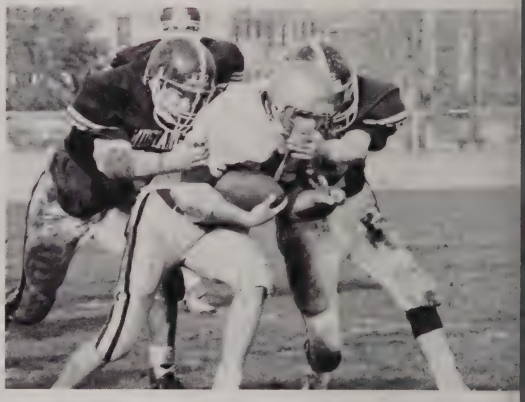

The 1990 Medford High School, Mustang Football team featured 18 seniors and resulted in a 2-7-1 overall record. Tri-Captains Jimmy Murtorana, Sean O'Brein, Anthony Tanglia led the gridders coached by Mr. "Bud" Kelley. He was also assisted by Mr. Harry Marchetti, Mr. Mark Smith, Mr. Joseph Giordano and William Quinlan.

The ten game season was marked with some tough loses, but with some tremendous victories. Throughout the season the team has showed tremendous work effort even if they didn't win. The tri-captains, seniors and the other players have showed the competitive Mustang spirit that is a high standard for the Medford High School football team.

To prove that, in the one hundred and second Thanksgiving Day game the Mustangs defeated Malden. Medford Mustangs twelve and the Malden Tornado's eight.

GIRL SOCCER - NOT TO BE UNDERESTIMATED!

Tough! That's one word that fits perfectly to describe this years girl's soccer team. Their determination and willingness gave them one of their best season's yet. Missing the tournament by just one game, this year's team gave it their all. Having a solid defense was just one of the factors which made this season great. The big Medford "D" was lead by goalie Cathleen Finn and Tricaptain Nancy Greenwood. Making sure that things went right on offense, as well as defense, were captains Rayanne Conway and Stacey Roberts. Both captains had an excellent season. Also pulling the offense together was junior powerhouse, Lisa Skoog.

Surprisingly this year's team was made up of many talented underclassmen. Leading scorer for the team was freshman Debbie Gately. Also returning for this season was Erica Peterson who had an excellent year.

Hard work really paid off for these girls and they have a lot to be proud of.

The 1989 season for the boys soccer team was one that will be remembere for years to come. Having a team of fire and determination, this year's squa gave other G.B.L. contenders something to look out for. Overcoming some tough battles with teams such as Arlington, Brockton, and Peabody, the tea showed us that they had what it took to be a tournament berth team. Swedi exchange student, Simon Athlin, lead the team in points with 15 goals and assists. Not far behind was junior Vitto Caggiano with 11 goals and 2 assist Other players such as Johnny Scarpelli and Brendan Fitzgerald gave the tea an unbeatable offense.

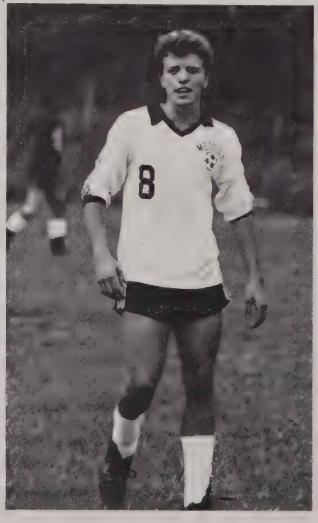

Having such a great offense was not the only factor in this teams success. Defense, yeah! You Know-don't let the best go in our net-thats it! Well the opponents tried and fell short many times when facing junior Manny Paoluc the G.B.L.'s best goalie. Also holding the defense together was senior tri-captain Maurizio Cannella. "Canella had an excellent season," commented first year varsity coach Skip Marotta. Many players contributed greatly, but one that really stuck out was senior tri-captain David Bertolaccini being injured from last season he could not play, you could say he was an inspiration for his team mates. Other seniors on the team were goalie Dino Brogna, Adam Puopolo, Mike Schena, Don Richards, and Dom Guerleo.

This team gave their all and has again captured another G.B.L. championship title, this year being underfeated until their 1-0 loss to Wakefield in a second round tournament game.

FOOTBALL CHEERLEADERS

On Sunday, November 26, 1989, the Medford High School Football Cheerleaders competed and came in first place in NECCA's state cheering championship. The competition was divided into five categories which were Jr. High, Jr. Varsity, and three varsity divisions. Varsity division 3 consisted of squads who had never competed before; division 2 consisted of squads who had come in 1-4 or won other competitions and division 1 consisted of squads who had placed in division 2.

The cheerleaders were judged on Projection, Fundamental Skills, Group Techniques, and Overall Appearance. These categories were then broken down into nineteen separate categories. The total number of points which were able to be received was 300 and Medford received 238 points. Over forty squads competed from schools across Massachusetts and many trophies were given out.

This is a first time victory for Medford and it did not come easily. The girls spent numerous hours, with two choreographers, learning and perfecting their routine.

A giant Congratulations goes out to the squad from everyone at MHS and MVTHS.

The 1989 boys cross country season was much more than a rebuilding year for coach Lou Reggerio. When the boys year began there was only one experienced cross country runner and twelve new faces. And when it ended the team surprisingly held on to a solid second place finish in the G.B.L.

The team's only alumni, Senior Captain Dana Tardelli, ended his high school career by capturing the undefeated G.B.L. championship. After dominating the league, he placed extremely well in the large meets and qualified for the All-State Championships as an individual.

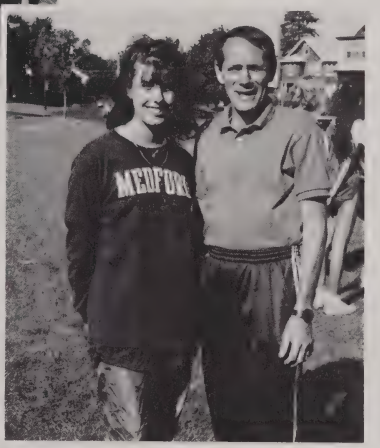

Following the pace was the powerful 2-3 punch of Danny Sciortino and Josh Smith. Both sophomores were selected as G.B.L. All-Stars.

Senior Brian Forde and junior Dereck Kelley led the Medford pack consisting of three freshman, Kevin Sweeney, Jackie Murphy, and Joseph Buldiwi. Other contributors were junior Joseph Hannigan, freshman Robert Walls, John Cullinone, Tan Almir, and John Iaccupucci.

The Girls Cross Country team was also a surprise. Senior Cocaptain Maria Iozza, junior Cocaptain Marsha Cullinane, and freshman Serenity MacDonald were selected as G.B.L. All-Stars and led the team to its second place finish in the G.B.L. Other runners were junior Celine Toomey, Sophomores Denise Penachio, Michelle Christler, Alice Reynolds and freshman Rachel Tardelli.

Football Cheerleaders

Marguerite Lovell and Lorna Bedell led this years football and basketball cheerleaders through an exciting season. At every game they were there to cheer their teams on.

During the summer months, they practiced for many hours and also attended summer camp. There they spent the whole day learning new cheers to use to thrill the crowds.

Aside from the effort they put in at the games, the cheerleaders also perform at the Thanksgiving Day pep-ralley. This years routine was amixed cheer-dance style. These sixteen girls had a very exciting year cheering the school's football and basketball teams on.

Soccer Cheerleaders

This years soccer and hockey cheerleaders led their teams to victory. Always showing spirit, they were there when the players needed them. The long season was filled with exitement.

These thirteen cheerleaders spent many hours at practice not only during the school year, but over the summer as well. This practice time was spent perfecting cheers and learning exciting new stunts.

The support of these girls has been greatly appreciated and the two teems they cheered for were very lucky to have such dedication throughout the seasons.

Good Times At Medford High

This Could Be The Start Of Something . . . Activating

THIS COULD BE
The Start of Something...

Medford High School prides itself again this year in offering a diverse collection of clubs and organizations covering many areas of interest. From music to law, from academic oriented clubs like the Science Team to the Mustang News. There is something for everyone. A combination of dedicated advisors, energenic kids and school support has resulted in a successful group of co-curricular activities.

The Blue & White

April of 1989, a group of Medford High School Juniors met to begin the process that would result in the publication of the 1990 Blue & White. Few had any experience in "yearbook ing", but each had ideas talents and the desire to do whatever it took to produce a quality publication. As the Spring bloomed, our theme 'This could be the Start of Something... began to take shape. Numerous meetings were held. Those who hung in were given assignments. Candidates for editorial positions were interviewed.

In June, the editors were selected, seven of the editors attended a "crash course in yearbook publishing" in July held at Bryant College in Rhode Island. Each editor chose or was given an area to target in on. Basic skills were taught. Meetings were held to outline the book's structure.

The rest is history, a visual history of the Class of 1990. The graduating class will always have this book and the memories locked within. They will have them because the 1990 Blue & White Yearbook staff made it happen.

The Medford High Community is sincerely proud of their accomplishments.

Michelle Rastellini

Assigned to the Faculty Section with Amita, Michelle worked with faculty and staff to insure an accurate and attractive presentation. In spite of the tough moments, she kept her focus and kept The faculty on the right track. Evidently her focus on faculty must have left a mark, because she is planning on a career in education.

Carlene Campbell

Carlene's responsibilities cut across all areas of the book. Her contributions included research for our collage page, and coordinating promotions for yearbook sales. With her immediate sights set on college, Carlene's performance as an editor prove that future success is not far away.

Kim DiGiantommaso

Kim shared the Advertising end of the yearbook. In addition to doing the layout of all the ad pages, Kim and Maria coordinated a sales staff, they were responsible for several thousand dollars of advertising income to help defray the publications cost of The Blue & White '90. College is in Kim's future with her choosing a career in nursing.

Amita Dudwala

Amita, always with a smile, teamed up with Michelle to tackle the Faculty section of the book. Despite the workload of photo appointments, checking and double checking, she always seemed to enjoy her role. With dreams of being a doctor, Amita plans to attend a four year premed college in preparation for medical school.

Marie Cardarelli

Marie teamed up with Kim to head a successful Advertising Department. The siginificant amount of money raised through the community's support through advertising surpassed the goal set and helped defray the publication cost of this year's book. Initial contacts, coordination os sales staff, bookkeeping and billing kept Kim flying most of the year. Her positive attitude and dedication made her a prominent part of this year's book. A future in business is Marie's plan.

Cindy Cafarelli

Cindy had the unenviable task of the opening section of the book, our "leadoff hitter's" performance was big league material. The first deadline is sometimes the toughest, but her can-do approach served her and the 1990 Blue & White well. Her pleasant nature and creative efforts to establish the theme of the book, proved that "This could be the Start of Something....successful for Cindy.

Kathy Marquis

As a Managing Editor of the 1990 Blue & White, Kathy proved to be the "Glue that held us together". Right when a deadline was about to go by, Kathy finished it. Right when something was lost, Kathy found it. Layout was her speciality. Her layouts Included: faculty, academics all candids, Senior Superlatives (a new feature in '90) and organizations. But over and above these, Kathy worked in the background of nearly the entire book. Doing far more than could be expected or requested, she dedicated a tremendous amount of her time and talent. With a law career in her future, if she continues to apply the same attitudes and performance, she will make a positive and permanent mark in the field of law or whatever field is fortunate enough to have her.

Kathy Marquis **Michelle Silva**

Michelle Silva

Early in the Fall, Michelle was appointed as one of two Managing Editors. Her abilities were targetted to the business side of the book. All correspondence, record keeping, project planning and yearbook sales coordination were just a part of her many contributions. The positions of managing editor were new this year, But Michelle seemed at home with major responsibilities, no job was too large or difficult. After the challenges she faced this year, her college goals will probably be a breeze.

THE B.L.U.E & W.H.I.T.E

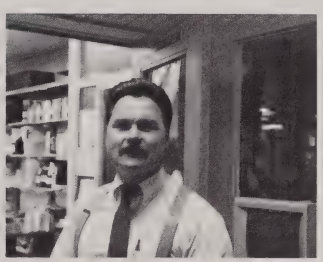

Kim Shedd

Kim was one of our two "links" to the Vocational School. In addition to designing the Voke Section with Diane, She continually kept communications clear and effective. With a speciality of electricity, Kim is fully prepared to "power her way" into whatever her future holds.

Diane Quadros

Diane, our second liason to the Voke, specialized in drafting. Working with Kim on the Voke section and throughout the year on keeping the "lines of communication" regarding photos, sales and the million other details. Always happy and willing to help, she and Kim were a great team.

Mr. Earley
Yearbook Advisor

With extreme patience and dedication, Mr. Earley has been the power behind the team. From handing out orders to helping with a crisis, he has been there to take care of everything. Along with his regular job, Mr. Earley has put together a fantastic book for the class of 1990. He has been a great friend to all of us and we are going to miss him, but we know that next year will bring him many more adventures...

Acknowledgment

In addition to those who appear on this page and those in the group picture in the organization photo, several people contributed directly or supported our efforts by cooperating to their fullest. We list these individuals as a way of saying THANK-YOU

Back Row(L-R): Mr. Selvitella (Faculty Advisor), Chuck D'Antonio(Editorial Editor), Lisa Marino (News Editor), Kelly McCarthy(Art Editor), Kenneth Younquist (Campus News) Front Row(L-R): Maria Costa (Business Manager), Amy Roth (Exchange Editor), Melanie Silva (Senior Editor), Lynda Crowley (Photo Editor)

Since the beginning of September, The Mustang News has again been busy at work. Our first edition provided coverage on the Stuart case along with coverage of other pressing issues. Since its creation in 1962, The NEWS has covered many legitimate news stories affecting teenagers and the school and community. It has featured such indepth topics as: suicide, AIDS, the homeless, drug abuse, teenage drinking, and back in the 60's there was the fire at old MHS. The NEWS has gone out in the streets as well as into the professional world in order to maintain our reputation of being one of the better high school papers in the United States. Deadlines had to be met and the annual paste-ups were held, an especially memorable one is when we ordered a 27" pizza. The Christmas party was its usual success with plenty to eat and mighty Malcom watching over us as our mascot.

The Graduating Class Of
Medford Vocational Technical High School

THIS COULD BE
The Start of Something...

Director's Message

LAWERENCE VOLPE

Director
Medford Vocational
Technical High School

The class of 1990 has demonstrated the commitment, the motivation, the spirit, and the talent to lead us into a new decade. What will th 21st century bring in ten short years? That is a question without an answer, due to the dizzying pace of technology, innovation and chance. What a sure of, however, is that the class of 1990 is prepared to meet the challenges that are presente by this fast moving world. You have committed yourself to excellence. You have stayed on the course, and you have reached your first milestone The knowledge you have acquired and the ability to apply that knowledge are the tools you will use to chart the course for the rest of your life. These tools will serve you in good times and bad, in you personal and career activities, in social interaction and civic activities.

Your education at Medford High School has given you a broad base from which to launch the next phase of your life. This base is a solid foundation because of the investment you made in your education during your matriculation at Medford High School. Life will not always deal you a good hand, but I am fully confident that yo have the ability to meet the challenges and weath the storm. For in adversity there must be strength Your strength will come from the foundation you have laid. In the good times, remember there are many in a situation much less fortunate than your The homeless, the poor, the starving, the sick are the responsibility of each of us. We must use our talents and resources to make this a better world for everyone. No person is an island.

Set your goals high. Reach your maximum potential, continue the commitment you have exhibited in your four years at Medford High School. Self actualization will bring you great happiness and peace in your soul. In doing so you will be a positive role model to those around you and thus a source of strength to them. Your goals will give your life direction. They will allow you t capture the rewards you seek. Those who lead the lives without direction wander aimlessly in the darkness. Worthwhile goals, hard work, and integrity will lead to a life of happiness and fulfillment. This task should not be taken lightly and as you graduate should be foremost in your thoughts.

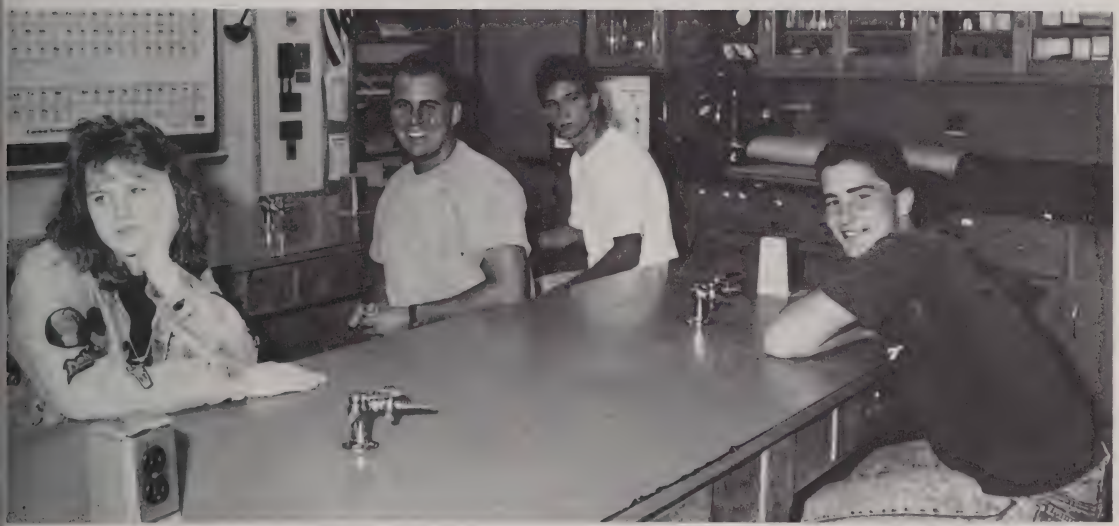

In closing, I would like to congratulate you on job well done. Medford High School is a better place because of you. I wish you health, happiness and success. Good Luck.

Eric Ingram tells Steve Glines "just fake the smile."

Kim Shed . . . . "Isn't this the face of a vokie?"

Sheri O'Brien . . . "These guys are ridiculous!"

"Oh, Please, let me make it through this day."

Grateful

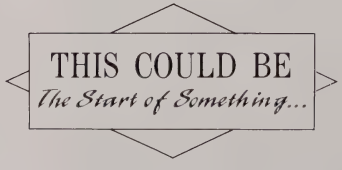

Ms. Mary Carr

Mr. Jay Griffin

The Yearbook Staff and the class of 1990 would like to give th opportunity to thank our class advisors Mr. Griffin and Ms. Carr for the help they have given us for our class functions throughout the past four years. If it wasn't for them we do not know what we would have done without them. Thanks for everything Mr. Griffi and Ms. Carr.
