Red Carpet...
The Best of 2006

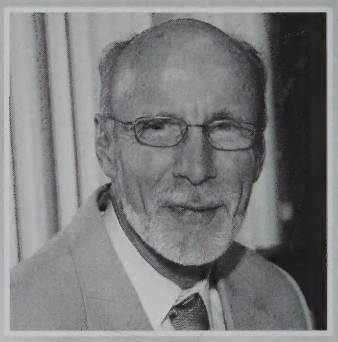

The seniors of 2006 are nothing less than classy. With all the glitz and glamour that the 2005-2006 school year has brought us - it has to come to a close but not without this last red carpet event. We may have entered this school as unkown freshman, continued our career as the sophomore and junior underdogs, but in the end it is all worth it because we became award-winning seniors. Before you walk out of the lobby for that last time, rememeber - you are the best of 2006!

A Message from Dr. Krueger...

The 2005-2006 school year has been a banner year for Medford High School. This is in part attributable to the dedication of a talented faculty, the hard work of parents, and the commitment of a community that cares about children. However, to have a great school year and a great school, one needs to have an exceptional student body, and that can't happen unless the student body is led by an outstanding senior class. Although there are many ways to describe this year's graduating class, I think it's appropriate to depict them as a group of young people who have personified the mission of this school in a variety of ways.

For instance, in the words of the Medford High School mission statement, members of this year's graduating class have worked hard to "reach their potential as learners." The Class of 2006 holds the record for the best MCAS scores ever, with more students earning scores in the higher proficiency levels than any other class at MHS. In addition, the Class of 2006 has matched the record-breaking Advanced Placement performance of the Class of 2005. And the Class of 2006 has earned a range of college acceptances wider than any other Medford High class in the past several years.

Of course, members of this year's graduating class have embodied other elements in our mission statement, elements like being "actively involved in the life of the school." As an illustration, the participation of our seniors has been, in part, responsible for the growth of the drama program, which now includes the fall play, the competition play, a night of one-act plays, and the annual musical comedy. Also, the athletic prowess of our seniors led their teams to round after round of tournament play in a variety of sports, including the volleyball team, which gained that distinction for the first time in the school's history. And the skill and determination of our senior athletes gave our hockey team their first trip to the Garden since 1986, their first trip to the Super 8 Tournament since 1993, and Medford High School's first undefeated hockey season in recorded history.

Not only have these students been actively involved in the life of the school, but they have showed "responsibility and good citizenship," characteristics that are also inextricably linked to our school's mission. As one case in point, this year's graduates have contributed to MHS teams' earning four Division I Sportsmanship Awards in the last two years. Furthermore, this year's graduates have been the best fans that I've observed in my eight years at MHS – with the loudest and most positive cheering sections of any school with whom we've competed. And this year's graduates have shown impeccable conduct in the classrooms and corridors of MHS and have been excellent role models for our underclassmen throughout the building.

Of all the qualities that comprise the mission of our school, perhaps one of the most important is promoting "respect for diversity," and no class has ever done more to achieve that goal than the Class of 2006. Members of this year's senior class have not only exhibited exceptional character in personally following the school rules that are aimed at fostering tolerance and respect, but, even more importantly, have also showed courage and leadership in making sure that others around them hold to the same high standards.

For all of these reasons and many more, I extend my most heartfelt congratulations and thanks to the Class of 2006!

Paul H. Krueger, Ed. D.
Headmaster

Dedications

Mr. Ross

It seems that Mr. Ross has taken on so many roles other that just the submaster of our class. In the past four years, Mr. Ross has become not only the submaster, but has taken on the roles of our teacher, our guidance counselor, and our friend.

It is with great pleasure that the Class of 2006 has dedicated our yearbook to Mr. Ross. Mr. Ross is someone that the seniors can rely on to always have a smile on his face. When tough times approached our class, Mr. Ross was always their with an optimistic view.

The door of Mr. Ross's office was always open; he is someone that all of his students feel comfortable talking to. Although at time high school frustrated us and we felt as though it was just about time to give up, Mr. Ross was there to push us forward and give us that small bit motivation that we needed.

As the seniors leave this school for the last time, we understand the gift we have received in Mr. Ross, he will always be a part of our high school memories and will be someone that seniors come back to visit after graduation.

Mrs. Adams

Without a doubt, the seniors of 2006 are grateful to have Mrs. Adams as their secretary. Throughout this past four years she has worked hard to make the seniors feel at home. With all the hard work Mrs. Adams has to do everyday for us, she manages to take the time to be there for all her students.

Mrs. Adams's office was a second home to most the seniors this year. Mrs. Adams was understanding and a great listener for the class of 2006.

When you walk into Mrs. Adams's office you feel a sense of warmth, and she always knew exactly what to say.

The seniors of 2006 realize how lucky they are to have such a caring and thoughtful woman as their secretary.

SENIORS

Chris Garrity and Andrew Donnelly are excited to be leaving school.

As we look back at the past four years of high school, the seniors can find a sense of Hollywood in everything that has happened. From award-winning academics, to the black tie affairs of prom, and of course to the everyday drama of high school itself, the seniors have become so close throughout the past four years. Although many of us didn't know what to expect as we entered the doors of MHS as freshmen, we leave knowing the memories and time we shared are more than we asked for.

Christina Bateman and Morgan Chase cool off with some coffee.

Student Life

Every school year, the students of Medford High School have their ups and downs. Some days the last thing we want to do is roll out of bed and head off to school, while other days we wake up eager to see our friends and teachers. Yet between all the rainy days, tests, and stress that is often associated with school, we've had our spirit days, dances, and after school activities, which remind us that when you graduate from highschool, you not only leave with an education, but with memories that you will keep forever.

Homecoming Week

Homecoming Week: Every year students prepare the Mustang Football Team for their Thanksgiving game by focusing the week of Thanksgiving on school spirit and the team. A CHAMPION:

By Brian Ford

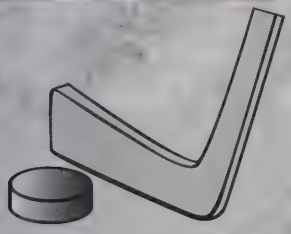

A Champion isn't someone that always comes first,
A Champion isn't someone that is the best,
A Champion isn't someone that tells us how good he or she is,
A Champion isn't someone that has to be a champion.

A Champion is someone that has the heart to come in first,
A Champion is someone that tries his or her hardest to become the best,
A Champion is someone that shows, not tells, how good he or she is,
A Champion is someone who is already a champion, because he or she has already accomplished their goals.

A Champion is someone that strives to become better, stronger, faster, harder to beat.

Yes, alot of you can say you are a winner,
BUT ARE YOU A CHAMPION?

Faculty

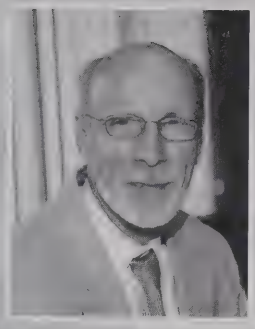

Faculty at Medford High School work hard to help their students learn. They show us that we have some place to go when we need help. Over the course of our high school careers students learn Dr. Krueger, Mr. Ross, Ms. Trainor, Mr. Mascoll and Mr. Polcari are not the enemy. Although they may seem strict, unreasonable and maybe even out to get us, they always have our best interests at heart. And sometimes when the mood is right they will let loose and have a laugh. The faculty at MHS help students grow into young adults. Thank you for that.

I can't believe it's all over

The secret of life is enjoying the passing of time. We're seniors and that is what makes us feel so special. The day that we have been waiting for has finally come. We knew it must come to and end.

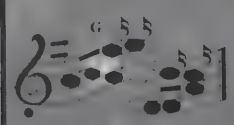

"Some people come into our lives and quickly go, and some stay for a while and leave foot prints on our hearts and we are never ever the same"

"It was the best of times, it was the worst of times" and it was wonderful. Now it's the time to move on, I believe things we learn in school will help us build ourselves in the future. We still have a lot to learn. The class of 2006, the best class ever will face each new day with a smile and hope we are already a success. It's been a great three years. This part of life is over and a new part will begin, I'll never forget the teachers and friends that I met here at MHS, Thanks for making high school the best time of my life. Keep it real everybody. I'm sure when we next meet we will have accomplish our goals. " Others may doubt what you say but they will believe what you do" It's been a great three years A, C, D, E, F, J, R, S, V, W, K = good friends forever, I'll miss you all but I'm happy that we're finally moving on. We did it! It's all over now, good luck everyone!
