Delay the Smartphone, Take the Pledge- We would like parents/guardians to be more knowledgeable about the use of smartphones by children. We encourage parents/guardians to learn about the *Wait Until 8th* pledge which empowers parents/guardians to rally together to delay giving children a smartphone until at least the end of 8th grade. For more information and to learn how to get involved, please see the attached flyer and [resource guide](#).

You can make a difference. You can say yes to waiting.

TAKE THE PLEDGE

By signing the pledge at waituntil8th.org, you promise not to give your child a smartphone until at least the end of 8th grade as long as at least 10 families total from your child's grade and school take the pledge.

Scan here to take the pledge today!

Wait Until 8th started with a few parents in Texas and a simple idea. If they rallied together, they could reverse the power of peer pressure as smartphone ownership invaded their elementary schools.

Brooke Shannon led the charge to start a nationwide campaign asking parents to wait until their kids finished 8th grade to grant smartphone privileges, citing concerns over social and relational impairment, as well as addiction, distraction, depression, and exposure to mature content.
