iVamos!
Let's Learn Spanish
For Schools

Vamos for Schools Ltd

www.vamosforschools.co.uk | russell.collins@vamoslanguageteaching.co.uk

When we opened our first Spanish course in July 2011 none of us imagined what Vamos would go on to achieve. We have since taught Spanish to more than 17,000 students and when asked what makes us different from other language schools, I always believe we have a unique formula, at the heart of which are our teachers.

We combine academic rigor with fun and enjoyment and remarkably at the time, lockdown showed us we could achieve the same experience online. That's why we set out to create a cost-effective solution for schools who are not teaching Spanish and a range of support options for schools who do. We were therefore tremendously proud to announce in June '24 when LRN awarded us the status International GCSE Delivery Centre and together with their collaboration we look forward to supporting schools around the world.
