

J.R. IRVIN PARENT INVOLVEMENT POLICY 2024-2025

Irvin Elementary School believes that parental involvement is a vital step in creating and maintaining a positive learning environment in order to help our students reach their maximum learning potential. This home/school connection will help each student to develop into a well-rounded, responsible, and productive member of society. This partnership will assist the student in extending the learning environment beyond the school, into the home, thus improving social and academic achievement.
