- This report will be generated and distributed to teachers at each Nine Weeks
- This report will give teachers a chance to catch any errors on the student's grade prior to running the Report Cards
- Teachers will sign and verify the report if no changes are needed
- If corrections are required, they will need to submit a grade change request in Skyward for admin approval
- Remember, students and parents are able to view their grades in Family Access four days after the closing of a Nine Week grading period
