6a. Offer information to families at least once per semester that encourages them to teach their children about health, nutrition and agriculture education and assists them in planning nutritious meals for their families.

6b. Offer information to families at least once per quarter that encourages them to teach their children about health, nutrition, and agriculture education and assists them in planning nutritious meals for their families.

6c. Offer information to families at least once per month that encourages them to teach their children about health, nutrition, and agriculture education and assists them in planning nutritious meals for their families.

Physical Activity

General Guidelines

1a. All students in grades K-12 have the opportunity to participate in moderate to vigorous physical activity at least 2 times per week during the entire school year.

1b. All students in grades K-12 have the opportunity to participate in moderate to vigorous physical activity 3 or more times per week during the entire school year.

1c. All students in grades K-12 have the opportunity to participate in moderate to vigorous physical activity every day during the entire school year.

2a. District prohibits the use of physical activity as a punishment. District prohibit withholding physical activity, including recess and physical education, as punishment.

2b. District encourages extra physical activity time as an option for classroom rewards

2c. District uses extra physical activity time as a classroom reward.

Throughout the day

1a. Elementary school students have at least 15 minutes a day of supervised recess (not including time spent getting to and from the playground), preferably outdoors. Supervisory staff encourage moderate to vigorous physical activity.

1b. Elementary school students have two supervised recess periods per day (not including time spent getting to and from the playground), totaling at least 20 minutes. Supervisory staff encourage moderate to vigorous physical activity.

1c. Elementary school students have two supervised recess periods per day, totaling at least 30 minutes (not including time spent getting to and from the playground), with one being offered in the morning. Supervisory staff encourage moderate to vigorous physical activity.

2a. School policy outlines guidance on conditions regulating indoor and outdoor recess during extreme weather conditions.

2b. Each school provides equipment, instruction and supervision for active indoor recess.

2c. Students that participate in indoor recess are provided moderate to vigorous physical activity opportunities.

3a. Structured physical activity opportunities, in addition to physical education and recess (where applicable), are encouraged for all students.

4a. Professional development on integrating physical activity into core/non-core subjects is provided to licensed physical education teachers, school nurses, and building administrators.

4b. Professional development on integrating physical activity into core/non-core subjects is provided to most staff.

Physical Education

1a. Physical education is taught by teachers licensed by the Kansas State Department of Education.

1b. Physical education teachers are licensed and participate in physical education and/or physical activity specific professional development every 2 years.

1c. Physical education teachers are licensed and have advanced certification and/or education.

2a. The physical education curriculum is sequential and consistent with Kansas State Board of Education approved physical education teaching standards for pre-kindergarten through grade 12.

2b. Physical Education teaches basic motor skills, enhances knowledge of concepts related to movement needed to achieve and maintain health for lifetime physical activity.

2c. District offers lifetime sports and fitness classes/opportunities.

3a. Elementary students receive 90-119 minutes of physical education per week, which includes at least 50% of the minutes engaged in moderate to vigorous physical activity.

3b. Elementary students receive 120-149 minutes of physical education per week, which includes at least 50% of the minutes engaged in moderate to vigorous physical activity.

3c. Elementary students receive 150+ minutes of physical education per week, which includes at least 50% of the minutes engaged in moderate to vigorous physical activity.

5A. High school students are provided structured physical education in at least 1 course required for graduation.

5B. Additional opportunities for physical education as an elective are offered.

5C. High school students are provided structured physical education in at least 2 courses required for graduation.

6a. Physical education curriculum encourages a multi-dimensional fitness assessment.

6b. Physical education curriculum includes fitness assessment of at least 50% of all students enrolled in physical education and student fitness reports are available to parents.

6c. Physical education curriculum includes fitness assessment of at least 90% of all students enrolled in physical education and student fitness reports are available to parents.

Before and After School

1a. Extracurricular physical activity programs, such as a physical activity club or intramural programs, are offered.

1b. Extracurricular physical activity programs, such as a physical activity club or intramural programs, are offered, with input from students, and meet the needs, interest and abilities of a diverse student body.

1c. Extracurricular physical activity programs, such as physical activity club or intramural programs, are offered through partnership with community organizations and resources.

2a. An Assessment on walking and/or biking to school has been completed to determine safety and feasibility.

Family and Community

1a. Community members are provided access to the district's outdoor physical activity facilities.

1b. Community members are provided access to the district's indoor and outdoor physical activity facilities at specified hours.

1c. Community members are encouraged to access the district's indoor and outdoor physical activity facilities at specified hours.

2a. Offer information via multiple channels at least once per semester to all families that encourages them to teach their children about physical activity, and assists them in planning physical activity for their families.

2b. Offer information via multiple channels and provide opportunities for physical activity at least once per quarter to all families that encourages them to teach their children about physical activity, and assists them in planning physical activity for their families.

General Guidelines

1A. Annual staff wellness activities and/or professional development opportunities related to nutrition, physical activity, mental health, and abstaining from tobacco and e-cigarettes are provided to encourage school staff to serve as healthy role models. Staff wellness activities and training may also include additional components of the Whole School, Whole Community, Whole Child Model.
