Superintendent's Letter

Congratulations to the AIS community on another year of progress, with AIS students attaining high levels of academic achievement and demonstrating their talents in arts and athletics. We can all take pride in the achievement of our students, which are as much a result of the support of their teachers and parents as of their own effort and dedication.

2023-2024 also witnessed the launch of the AIS Alumni Association, intended to serve as a platform for our graduates to maintain close connections with their alma mater and with one another. As the Class of 2024 prepares to follow in the footsteps of the 33 cohorts of AIS graduates that preceded them, the Alumni Association will enable them to form direct relationships with hundreds of their fellow AIS alumni.

Building upon its proud past, the AIS community has a bright future to look forward to, with our planned relocation to our new campus in Uptown Cairo in August 2025. My thanks to all of you for your commitment and contributions to our school community!

Mr. Walid Abushakra
Chairman and Superintendent

Director's Message

As we turn the page on another year, I can't help but be filled with pride serving as your director. This school year has been a testament to your resilience, your creativity, and your sincere commitment to making the world a better place. You have all faced challenges head-on, embraced new opportunities, and left your mark on AIS and the lives of those around you.

To the graduating class of 2024: As you embark on this exciting new chapter, remember the words of Nelson Mandela: "Education is the most powerful weapon which you can use to change the world." The world needs your unique talents and perspectives.Take the knowledge you've gained, the friendships you've forged, and the experiences you've gathered here, and continue to use them to make the world a better place.

To all our students, returning and new: Push yourselves, explore your passions, and continue to lean into learning. AIS will always be your foundation, a place to flourish, and a launching pad to a great future.

Here's to a successful year behind us, and an even brighter one ahead!

With warmest regards,

Gerald Redd

IN REMEMBANCE OF AIS'S FLYING ANGEL NAYIERA MAHMOUD

In loving memory of our dear friend and classmate, Nayiera, we reflect on the beautiful qualities that made her special to us all. Nayiera's bravery wasn't just about facing tough situations; it was her everyday courage in facing challenges and the power of empathy that leaves an indelible mark on our community. Though she may no longer be with us, Nayiera's spirit lives on as a guiding light, reminding us to cherish each moment and approach the world with open hearts and minds; to strive to foster understanding and kindness in our interactions with others. We are forever grateful for the profound impact she has had on our lives.

Grade 4C

IN REMEMBANCE OF AIS'S FLYING ANGEL SARA LEKAS

In Memoriam of Dr. Sara Lekas

The AIS community profoundly mourns the loss of Dr.Sara Lekas, a remarkable leader and devoted advocate for education. Dr. Sara served AIS (American International School in Egypt) with unwavering dedication for nearly two decades. As a steadfast leader, she played a pivotal role in shaping the school's ethos and fostering an environment that empowered women in leadership. Her commitment to the institution extended beyond the professional realm, as she consistently demonstrated genuine care and support for her staff, parents, and, most importantly, her students. Sara's love for Egypt was evident in her tireless efforts to enhance the educational experience for all, leaving an indelible mark on the school and its community. Her sudden loss is deeply felt, and the void created by her absence will be profoundly mourned by all those who were fortunate enough to be touched by her warmth, guidance, and passion for education.

Dr. Sara is survived by her loving family to whom we wish peace and patience as they navigate their loss and extend gratitude for trusting us with her. Dr. Sara's legacy extends far beyond her immediate family. The indelible mark she left on countless students, teachers, and staff members will ensure that her memory lives on in the hearts and minds of the AIS community. Those fortunate enough to have crossed paths with Sara will carry with them not only the knowledge and guidance she imparted but also the warmth of her character and the genuine care she exhibited. Her impact on the school's culture will be perpetuated through the stories shared by those who experienced her leadership firsthand. The AIS family will forever remember Sara Lekas with deep fondness, cherishing the heartfelt stories that serve as a testament to the enduring influence of her dedication, compassion, and commitment to education.

Hello AIS Parents, Guardians, Teachers, and Students,

Good Day,

Thank you for such a wonderful time with you this academic year. Your continued partnership and the support you offer to all of the students in our care is noticed and appreciated. Looking back at all the learning that has taken place this year should bring a smile to our faces. Together we continue to meet the challenges our community and country faces all while striving to make the world a better place.

As thoughts begin to wander towards holidays, travel and rest take a moment to think back on friends and experiences that are close to your heart. Know that as people move on to their next adventures there is no reason to say goodbye. Our world is a small place and increasingly connected. Instead try saying “see you.”

Know in confidence that AIS will be ready to receive you upon your return next academic year. Our work serving you never stops. All the best for your summer.

See you,

Brandon Rogers

We have had a phenomenal year this year! I am so proud of our growth and positive mindsets this year. We have so much to celebrate!

Our students had the opportunity to travel internationally to Poland, Switzerland, Spain, and Portugal for service-oriented trips and to explore other cultures, languages, and countries. They have come together positively, being present in class, and focused on their individual growth. We have been able to share student accomplishments in academics, uphold school expectations, and build relationships with one another.

As a school, we continued to focus on building positive relationships and learning how to communicate academically and socially effectively. Students had the opportunity to engage in well-rounded experiences and cross-curricular events, and building on positive experiences and exploring new areas have also been enjoyable.

As a close-knit international community, we continue to raise the bar to a level of excellence, think innovatively and creatively, and apply our kindness and empathy to strengthen our relationships and how we take care of one another.

I have enjoyed being part of this family-oriented environment and our middle school's evolution to greatness. I am incredibly proud of our students, and I hope everyone enjoys their summer break.

Much love and hugs,
Mrs. Kimnada Bobb

Dear AISE Students,
As we finish this academic year, I am filled with a sense of pride for all that we have accomplished as a HS community. From Gate 5 to the senior patio, The American International School of Egypt has been alive with your energy and enthusiasm, creating an environment that is much more than just a school—it's a community, a family.This year has been filled with wonderful experiences. From educational trips within the borders of Egypt to adventures abroad, we have embraced learning with an open-minded spirit and we have represented our school well. These trips have not only enhanced our academic curriculum but also fostered a sense of collaboration among us. Your academic, social, and athletic achievements have been remarkable. Each of you our students is unique and deserves to be celebrated. You all have worked diligently, showcasing your commitment to excellence in every endeavor. The success you've achieved is a reflection of your dedication and the supportive network of our staff and parents. As you look over the pages of this yearbook, I hope you do so with a sense of accomplishment and joy. The moments captured here are a testament to the wonderful life we share at AISE. They are a reminder of the laughter, the triumphs, and the shared experiences that have defined this year. Class of 2024 It's time to say goodbye, and I just want to tell you how awesome you all are. You're the biggest class to graduate from AIS yet! You've rocked it as students, and I'm super excited to see the great things you'll do next. I'm going to miss you all. Go out there and make us proud!
Warmest regards,

David King,

Never in a million years did I think I'd say these words, but here I am graduating. I still remember counting down the years, until senior year. Now, as I prepare to leave this school that has felt like my home since KG1, I can't believe that this day has come. It's hard to imagine not seeing my friends, who have become my second family, every day. To my parents, thank you for supporting me through every step. I couldn't be more grateful. To my amazing siblings,Tia and Zein, both still beginning their journeys, please matefdahonash. Graduation feels both exciting and like I'm a kid pretending to be a grown-up. AIS, I'll never forget you.

After moving from school to school, it is safe to say that I will cherish all the memories I have made here the most. I want to thank my mom, my support system, for being there for me through the toughest times, I wouldn't have made it this far without her. And to my dad who has been my motivation and inspiration to succeed, you make me work harder every day. And to my brothers, thank you for always making me laugh and being there for me at the end of the day. I can't forget my girls who have been with me every step of the way, I love you all! A bumpy 4 years to say the least! As much as I dreaded coming here at times, the people at school made it worthwhile. I've made connections that I'm sure will last a lifetime. Yet, this is a very bittersweet moment. I'm excited to start this new chapter and learn about life beyond these walls but I still feel like I'm 10 years old. I don't know how time has flown by so fast and am still in denial that I'm finally off to college. I couldn't have survived this without my best friends and family who have been by my side through all the breakdowns and celebrations.

Still in denial that I'm saying goodbye to a place that has been my second home for the past five years, the reality of parting ways with the incredible people who have been a constant presence in my daily life feels surreal.
