About Us

Creekview Ranch, home of the Raptors, opened in 2008. Our staff collectively and diligently works to promote positive self-esteem, self-motivation, acceptance of differences, and a sense of responsibility in their students. Visitors to Creekview Ranch will see our personal standards in action by observing the positive interaction between adults and students, focusing on academics, students' well-being socially and emotionally, student engagement, family engagement, and programs encouraging student achievement and involvement in our educational community. Creekview Ranch School is also a PBIS school where all staff and students strive always to follow "The Raptor Way" (Show Respect, Make Good Decisions, and Solve Problems).

Principal Christina Stamford is a highly accomplished professional who is passionate about leading with compassion and humility and collaboratively supporting students, families, and staff in reaching their goals. With over 25 years of educational experience, Ms. Stamford's diverse background includes teaching at both the elementary and middle school levels, serving as a resource specialist, and earning a multitude of certifications in the leadership, special, and general educational realms.
