Mission: At Quail Glen Elementary, we provide a well-rounded education and supportive learning environment where students can explore their creativity, collaborate, invent, take intellectual risks, and have fun using the principles of science, technology, engineering, art, and mathematics. We are committed to creating educational opportunities that broaden student experiences and prepare them for future school and career needs, as well as developing responsible contributing members of our global society.

About Us

Award-winning Quail Glen Elementary School, home of the Patriots, opened in 1996. It's highly accomplished; veteran staff works together to create a safe and orderly learning environment for all students.

Quail Glen works hard to address any learning gaps students may experience with their rigorous curriculum. To help ensure student academic success, their team has implemented a dedicated intervention time to help close knowledge gaps or extend lessons beyond grade-level standards and understanding, meeting students where they are in their current learning needs.

Principal Colleen Devine is committed to providing world-class education and is passionate about ensuring high levels of learning and opportunity for all Quail Glen students. She believes that educating the whole child and challenging students with a thought-provoking, hands-on curriculum equips them with social-emotional support and tools to achieve academic and life-long success.
