ARTICLE 13 TAXATION

SEC. 1. Unless otherwise provided by this Constitution or the laws of the United States:

(a) All property is taxable and shall be assessed at the same percentage of fair market value. When a value standard other than fair market value is prescribed by this Constitution or by statute authorized by this Constitution, the same percentage shall be applied to determine the assessed value. The value to which the percentage is applied, whether it be the fair market value or not, shall be known for property tax purposes as the full value.

(b) All property so assessed shall be taxed in proportion to its full value.

The tax on any interest in notes, debentures, shares of capital stock, bonds, solvent credits, deeds of trust, or mortgages shall not exceed four-tenths of one percent of full value, and the tax per dollar of full value shall not be higher on personal property than on real property in the same taxing jurisdiction.

CALIFORNIA CONSTITUTION
ARTICLE 13 TAXATION

SEC. 3. The following are exempt from property taxation:

(a) Property owned by the State.

(b) Property owned by a local government, except as otherwise provided in Section 11(a).

Forest trees or timber shall be considered mature at such time after 40 years from the time of planting or removal of the original timber when so declared by a majority vote of a board consisting of a representative from the State Board of Forestry, a representative from the State Board of Equalization, and the assessor of the county in which the trees are located.

The Legislature may supersede the foregoing provisions with an alternative system or systems of taxing or exempting forest trees or timber, including a taxation system not based on property valuation. Any alternative system or systems shall provide for exemption of unharvested immature trees, shall encourage the continued use of timberlands for the production of trees for timber products, and shall provide for restricting the use of timberland to the production of timber products and compatible uses with provisions for taxation of timberland based on the restrictions. Nothing in this paragraph shall be construed to exclude timberland from the provisions of Section 8 of this article.

(k) \$7,000 of the full value of a dwelling, as defined by the Legislature, when occupied by an owner as his principal residence, unless the dwelling is receiving another real property exemption. The Legislature may increase this exemption and may deny it if the owner received state or local aid to pay taxes either in whole or in part, and either directly or indirectly, on the dwelling.

No increase in this exemption above the amount of \$7,000 shall be effective for any fiscal year unless the Legislature increases the rate of state taxes in an amount sufficient to provide the subventions required by Section 25.

If the Legislature increases the homeowners' property tax exemption, it shall provide increases in benefits to qualified renters, as defined by law, comparable to the average increase in benefits to homeowners, as calculated by the Legislature.

(l) Vessels of more than 50 tons burden in this State and engaged in the transportation of freight or passengers.

(ii) in time of peace in a campaign or expedition for which a medal has been issued by Congress, or

An unmarried person who owns property valued at \$5,000 or more, or

a married person, who, together with the spouse, owns property valued at \$10,000 or more, is ineligible for this exemption.

If the claimant is married and does not own property eligible for the full amount of the exemption, property of the spouse shall be eligible for the unused balance of the exemption.

Either parent of a deceased veteran may claim this exemption.

An unmarried person who owns property valued at \$5,000 or more, or a married person, who, together with the spouse, owns property valued at \$10,000 or more, is ineligible for this exemption.

CALIFORNIA CONSTITUTION
ARTICLE 13 TAXATION

SEC. 11. (a) Lands owned by a local government that are outside its boundaries, including rights to use or divert water from surface or underground sources and any other interests in lands, are taxable if (1) they are located in Inyo or Mono County and (a) they were assessed for taxation to the local government in Inyo County as of the 1966 lien date, or in Mono County as of the 1967 lien date, whether or not the assessment was valid when made, or (b) they were acquired by the local government subsequent to that lien date and were assessed to a prior owner as of that lien date and each lien date thereafter, or (2) they are located outside Inyo or Mono County and were taxable when acquired by the local government. Improvements owned by a local government that are outside its boundaries are taxable if they were taxable when acquired or were constructed by the local government to replace improvements which were taxable when acquired.

(b) Taxable land belonging to a local government and located in Inyo County shall be assessed in any year subsequent to 1968 at the place where it was assessed as of the 1966 lien date and in an amount derived by multiplying its 1966 assessed value by the ratio of the statewide per capita assessed value of land as of the last lien date prior to the current lien date to \$766, using civilian population only. Taxable land belonging to a local government and located in Mono County shall be assessed in any year subsequent to 1968 at the place where it was assessed as of the 1967 lien date and in an amount determined by the preceding formula except that the 1967 lien date, the 1967 assessed value, and the figure \$856 shall be used in the formula. Taxable land belonging to a local government and located outside of Inyo and Mono counties shall be assessed at the place where located and in an amount that does not exceed the lower of (1) its fair market value times the prevailing percentage of fair market value at which other lands are assessed and (2) a figure derived in the manner specified in this Section for land located in Mono County.

If land acquired by a local government after the lien date of the base year specified in this Section was assessed in the base year as part of a larger parcel, the assessed value of the part in the base year shall be that fraction of the assessed value of the larger parcel that the area of the part is of the area of the larger parcel.

If a local government divests itself of ownership of land without water rights and this land was assessed in Inyo County as of the 1966 lien date or in Mono County as of the 1967 lien date, the divestment shall not diminish the quantity of water rights assessable and taxable at the place where assessed as of that lien date.

(c) In the event the Legislature changes the prevailing percentage of fair market value at which land is assessed for taxation, there shall be used in the computations required by Section 11(b) of this Article, for the first year for which the new percentage is applicable, in lieu of the statewide per capita assessed value of land as of the last lien date prior to the current lien date, the statewide per capita assessed value of land on the prior lien date times the ratio of the new prevailing percentage of fair market value to the previous prevailing percentage.

(d) If, after March 1954, a taxable improvement is replaced while

owned by and in possession of a local government, the replacement improvement shall be assessed, as long as it is owned by a local government, as other improvements are except that the assessed value shall not exceed the product of (1) the percentage at which privately owned improvements are assessed times (2) the highest full value ever used for taxation of the improvement that has been replaced. For purposes of this calculation, the full value for any year prior to 1967 shall be conclusively presumed to be 4 times the assessed value in that year.

(e) No tax, charge, assessment, or levy of any character, other than those taxes authorized by Sections 11(a) to 11(d), inclusive, of this Article, shall be imposed upon one local government by another local government that is based or calculated upon the consumption or use of water outside the boundaries of the government imposing it.

(f) Any taxable interest of any character, other than a lease for agricultural purposes and an interest of a local government, in any land owned by a local government that is subject to taxation pursuant to Section 11(a) of this Article shall be taxed in the same manner as other taxable interests. The aggregate value of all the interests subject to taxation pursuant to Section 11(a), however, shall not exceed the value of all interests in the land less the taxable value of the interest of any local government ascertained as provided in Sections 11(a) to 11(e), inclusive, of this Article.

(g) Any assessment made pursuant to Sections 11(a) to 11(d), inclusive, of this Article shall be subject to review, equalization, and adjustment by the State Board of Equalization, but an adjustment shall conform to the provisions of these Sections.

CALIFORNIA CONSTITUTION
ARTICLE 13 TAXATION

County boards of supervisors shall fix the compensation for members of assessment appeals boards, furnish clerical and other assistance for those boards, adopt rules of notice and procedures for those boards as may be required to facilitate their work and to insure uniformity in the processing and decision of equalization petitions, and may provide for their discontinuance.

CALIFORNIA CONSTITUTION
ARTICLE 13 TAXATION

SEC. 25.5. (a) On or after November 3, 2004, the Legislature shall not enact a statute to do any of the following:

(1) (A) Except as otherwise provided in subparagraph (B), modify the manner in which ad valorem property tax revenues are allocated in accordance with subdivision (a) of Section 1 of Article XIII A so as to reduce for any fiscal year the percentage of the total amount of ad valorem property tax revenues in a county that is allocated among all of the local agencies in that county below the percentage of the total amount of those revenues that would be allocated among those agencies for the same fiscal year under the statutes in effect on November 3, 2004. For purposes of this subparagraph, "percentage" does not include any property tax revenues referenced in paragraph (2).

(B) In the 2009-10 fiscal year only, and except as otherwise provided in subparagraph (C), subparagraph (A) may be suspended for that fiscal year if all of the following conditions are met:

(i) The Governor issues a proclamation that declares that, due to a severe state fiscal hardship, the suspension of subparagraph (A) is necessary.

(ii) The Legislature enacts an urgency statute, pursuant to a bill passed in each house of the Legislature by rollcall vote entered in the journal, two-thirds of the membership concurring, that contains a suspension of subparagraph (A) for that fiscal year and does not contain any other provision.

(iii) No later than the effective date of the statute described in clause (ii), a statute is enacted that provides for the full repayment to local agencies of the total amount of revenue losses, including interest as provided by law, resulting from the modification of ad valorem property tax revenue allocations to local agencies. This full repayment shall be made not later than the end of the third fiscal year immediately following the fiscal year to which the modification applies.

(C) A suspension of subparagraph (A) shall not result in a total ad valorem property tax revenue loss to all local agencies within a county that exceeds 8 percent of the total amount of ad valorem property tax revenues that were allocated among all local agencies within that county for the fiscal year immediately preceding the fiscal year for which subparagraph (A) is suspended.

(2) (A) Except as otherwise provided in subparagraphs (B) and (C), restrict the authority of a city, county, or city and county to impose a tax rate under, or change the method of distributing revenues derived under, the Bradley-Burns Uniform Local Sales and Use Tax Law set forth in Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code, as that law read on November 3, 2004. The restriction imposed by this subparagraph also applies to the entitlement of a city, county, or city and county to the change in tax rate resulting from the end of the revenue exchange period, as defined in Section 7203.1 of the Revenue and Taxation Code as that section read on November 3, 2004.

(B) The Legislature may change by statute the method of distributing the revenues derived under a use tax imposed pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law to allow the State to participate in an interstate compact or to comply with federal law.

(C) The Legislature may authorize by statute two or more specifically identified local agencies within a county, with the approval of the governing body of each of those agencies, to enter

into a contract to exchange allocations of ad valorem property tax revenues for revenues derived from a tax rate imposed under the Bradley-Burns Uniform Local Sales and Use Tax Law. The exchange under this subparagraph of revenues derived from a tax rate imposed under that law shall not require voter approval for the continued imposition of any portion of an existing tax rate from which those revenues are derived.

(3) Except as otherwise provided in subparagraph (C) of paragraph (2), change for any fiscal year the pro rata shares in which ad valorem property tax revenues are allocated among local agencies in a county other than pursuant to a bill passed in each house of the Legislature by rollcall vote entered in the journal, two-thirds of the membership concurring. The Legislature shall not change the pro rata shares of ad valorem property tax pursuant to this paragraph, nor change the allocation of the revenues described in Section 15 of Article XI, to reimburse a local government when the Legislature or any state agency mandates a new program or higher level of service on that local government.

(4) Extend beyond the revenue exchange period, as defined in Section 7203.1 of the Revenue and Taxation Code as that section read on November 3, 2004, the suspension of the authority, set forth in that section on that date, of a city, county, or city and county to impose a sales and use tax rate under the Bradley-Burns Uniform Local Sales and Use Tax Law.

(5) Reduce, during any period in which the rate authority suspension described in paragraph (4) is operative, the payments to a city, county, or city and county that are required by Section 97.68 of the Revenue and Taxation Code, as that section read on November 3, 2004.

(6) Restrict the authority of a local entity to impose a transactions and use tax rate in accordance with the Transactions and Use Tax Law (Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code), or change the method for distributing revenues derived under a transaction and use tax rate imposed under that law, as it read on November 3, 2004.

(7) Require a community redevelopment agency (A) to pay, remit, loan, or otherwise transfer, directly or indirectly, taxes on ad valorem real property and tangible personal property allocated to the agency pursuant to Section 16 of Article XVI to or for the benefit of the State, any agency of the State, or any jurisdiction; or (B) to use, restrict, or assign a particular purpose for such taxes for the benefit of the State, any agency of the State, or any jurisdiction, other than (i) for making payments to affected taxing agencies pursuant to Sections 33607.5 and 33607.7 of the Health and Safety Code or similar statutes requiring such payments, as those statutes read on January 1, 2008, or (ii) for the purpose of increasing, improving, and preserving the supply of low and moderate income housing available at affordable housing cost.

(b) For purposes of this section, the following definitions apply:

(1) "Ad valorem property tax revenues" means all revenues derived from the tax collected by a county under subdivision (a) of Section 1 of Article XIII A, regardless of any of this revenue being otherwise classified by statute.

(2) "Local agency" has the same meaning as specified in Section 95 of the Revenue and Taxation Code as that section read on November 3, 2004.

(b) An annual tax is hereby imposed on each insurer doing business in this State on the base, at the rates, and subject to the deductions from the tax hereinafter specified.

(c) In the case of an insurer not transacting title insurance in this State, the "basis of the annual tax" is, in respect to each year, the amount of gross premiums, less return premiums, received in such year by such insurer upon its business done in this State, other than premiums received for reinsurance and for ocean marine insurance.

In the case of an insurer transacting title insurance in this State, the "basis of the annual tax" is, in respect to each year, all income upon business done in this State, except:

ARTICLE 13 TAXATION

SEC. 35. (a) The people of the State of California find and declare all of the following:

(1) Public safety services are critically important to the security and well-being of the State's citizens and to the growth and revitalization of the State's economic base.

(2) The protection of the public safety is the first responsibility of local government and local officials have an obligation to give priority to the provision of adequate public safety services.

(3) In order to assist local government in maintaining a sufficient level of public safety services, the proceeds of the tax enacted pursuant to this section shall be designated exclusively for public safety.

(b) In addition to any sales and use taxes imposed by the Legislature, the following sales and use taxes are hereby imposed:

(1) For the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers at the rate of 1/2 percent of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in this State on and after January 1, 1994.

(2) An excise tax is hereby imposed on the storage, use, or other consumption in this State of tangible personal property purchased from any retailer on and after January 1, 1994, for storage, use, or other consumption in this State at the rate of 1/2 percent of the

CALIFORNIA CONSTITUTION
ARTICLE 13 TAXATION

SEC. 36. (a) For purposes of this section:

(1) "Public Safety Services" includes the following:

(A) Employing and training public safety officials, including law enforcement personnel, attorneys assigned to criminal proceedings, and court security staff.

(B) Managing local jails and providing housing, treatment, and services for, and supervision of, juvenile and adult offenders.

(C) Preventing child abuse, neglect, or exploitation; providing services to children and youth who are abused, neglected, or exploited, or who are at risk of abuse, neglect, or exploitation, and the families of those children; providing adoption services; and providing adult protective services.

(D) Providing mental health services to children and adults to reduce failure in school, harm to self or others, homelessness, and preventable incarceration or institutionalization.

(E) Preventing, treating, and providing recovery services for substance abuse.

(2) "2011 Realignment Legislation" means legislation enacted on or before September 30, 2012, to implement the state budget plan, that is entitled 2011 Realignment and provides for the assignment of Public Safety Services responsibilities to local agencies, including related reporting responsibilities. The legislation shall provide local agencies with maximum flexibility and control over the design, administration, and delivery of Public Safety Services consistent with federal law and funding requirements, as determined by the Legislature. However, 2011 Realignment Legislation shall include no new programs assigned to local agencies after January 1, 2012, except

for the early periodic screening, diagnosis, and treatment (EPSDT) program and mental health managed care.

(b) (1) Except as provided in subdivision (d), commencing in the 2011-12 fiscal year and continuing thereafter, the following amounts shall be deposited into the Local Revenue Fund 2011, as established by Section 30025 of the Government Code, as follows:

(A) All revenues, less refunds, derived from the taxes described in Sections 6051.15 and 6201.15 of the Revenue and Taxation Code, as those sections read on July 1, 2011.

(B) All revenues, less refunds, derived from the vehicle license fees described in Section 11005 of the Revenue and Taxation Code, as that section read on July 1, 2011.

(2) On and after July 1, 2011, the revenues deposited pursuant to paragraph (1) shall not be considered General Fund revenues or proceeds of taxes for purposes of Section 8 of Article XVI of the California Constitution.

(c) (1) Funds deposited in the Local Revenue Fund 2011 are continuously appropriated exclusively to fund the provision of Public Safety Services by local agencies. Pending full implementation of the 2011 Realignment Legislation, funds may also be used to reimburse the State for program costs incurred in providing Public Safety Services on behalf of local agencies. The methodology for allocating funds shall be as specified in the 2011 Realignment Legislation.

(2) The county treasurer, city and county treasurer, or other appropriate official shall create a County Local Revenue Fund 2011 within the treasury of each county or city and county. The money in each County Local Revenue Fund 2011 shall be exclusively used to fund the provision of Public Safety Services by local agencies as specified by the 2011 Realignment Legislation.

(3) Notwithstanding Section 6 of Article XIII B, or any other constitutional provision, a mandate of a new program or higher level of service on a local agency imposed by the 2011 Realignment Legislation, or by any regulation adopted or any executive order or administrative directive issued to implement that legislation, shall not constitute a mandate requiring the State to provide a subvention of funds within the meaning of that section. Any requirement that a local agency comply with Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code, with respect to performing its Public Safety Services responsibilities, or any other matter, shall not be a reimbursable mandate under Section 6 of Article XIII B.

(4) (A) Legislation enacted after September 30, 2012, that has an overall effect of increasing the costs already borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation shall apply to local agencies only to the extent that the State provides annual funding for the cost increase. Local agencies shall not be obligated to provide programs or levels of service required by legislation, described in this subparagraph, above the level for which funding has been provided.

(B) Regulations, executive orders, or administrative directives, implemented after October 9, 2011, that are not necessary to implement the 2011 Realignment Legislation, and that have an overall effect of increasing the costs already borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation, shall apply to local agencies only to the extent that the State provides annual funding for the cost increase. Local agencies shall not be obligated to provide programs or levels of

service pursuant to new regulations, executive orders, or administrative directives, described in this subparagraph, above the level for which funding has been provided.

(C) Any new program or higher level of service provided by local agencies, as described in subparagraphs (A) and (B), above the level for which funding has been provided, shall not require a subvention of funds by the State nor otherwise be subject to Section 6 of Article XIII B. This paragraph shall not apply to legislation currently exempt from subvention under paragraph (2) of subdivision (a) of Section 6 of Article XIII B as that paragraph read on January 2, 2011.

(D) The State shall not submit to the federal government any plans or waivers, or amendments to those plans or waivers, that have an overall effect of increasing the cost borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation, except to the extent that the plans, waivers, or amendments are required by federal law, or the State provides annual funding for the cost increase.

(E) The State shall not be required to provide a subvention of funds pursuant to this paragraph for a mandate that is imposed by the State at the request of a local agency or to comply with federal law. State funds required by this paragraph shall be from a source other than those described in subdivisions (b) and (d), ad valorem property taxes, or the Social Services Subaccount of the Sales Tax Account of the Local Revenue Fund.

(5) (A) For programs described in subparagraphs (C) to (E), inclusive, of paragraph (1) of subdivision (a) and included in the 2011 Realignment Legislation, if there are subsequent changes in federal statutes or regulations that alter the conditions under which federal matching funds as described in the 2011 Realignment Legislation are obtained, and have the overall effect of increasing the costs incurred by a local agency, the State shall annually provide at least 50 percent of the nonfederal share of those costs as determined by the State.

(B) When the State is a party to any complaint brought in a federal judicial or administrative proceeding that involves one or more of the programs described in subparagraphs (C) to (E), inclusive, of paragraph (1) of subdivision (a) and included in the 2011 Realignment Legislation, and there is a settlement or judicial or administrative order that imposes a cost in the form of a monetary penalty or has the overall effect of increasing the costs already borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation, the State shall annually provide at least 50 percent of the nonfederal share of those costs as determined by the State. Payment by the State is not required if the State determines that the settlement or order relates to one or more local agencies failing to perform a ministerial duty, failing to perform a legal obligation in good faith, or acting in a negligent or reckless manner.

(C) The state funds provided in this paragraph shall be from funding sources other than those described in subdivisions (b) and (d), ad valorem property taxes, or the Social Services Subaccount of the Sales Tax Account of the Local Revenue Fund.

(6) If the State or a local agency fails to perform a duty or obligation under this section or under the 2011 Realignment Legislation, an appropriate party may seek judicial relief. These proceedings shall have priority over all other civil matters.

(7) The funds deposited into a County Local Revenue Fund 2011 shall be spent in a manner designed to maintain the State's eligibility for federal matching funds, and to ensure compliance by the State with applicable federal standards governing the State's provision of Public Safety Services.

(8) The funds deposited into a County Local Revenue Fund 2011 shall not be used by local agencies to supplant other funding for Public Safety Services.

(d) If the taxes described in subdivision (b) are reduced or cease to be operative, the State shall annually provide moneys to the Local Revenue Fund 2011 in an amount equal to or greater than the aggregate amount that otherwise would have been provided by the taxes described in subdivision (b). The method for determining that amount shall be described in the 2011 Realignment Legislation, and the State shall be obligated to provide that amount for so long as the local agencies are required to perform the Public Safety Services responsibilities assigned by the 2011 Realignment Legislation. If the State fails to annually appropriate that amount, the Controller shall transfer that amount from the General Fund in pro rata monthly shares to the Local Revenue Fund 2011. Thereafter, the Controller shall disburse these amounts to local agencies in the manner directed by the 2011 Realignment Legislation. The state obligations under this subdivision shall have a lower priority claim to General Fund money than the first priority for money to be set apart under Section 8 of Article XVI and the second priority to pay voter-approved debts and liabilities described in Section 1 of Article XVI.

(e) (1) To ensure that public education is not harmed in the process of providing critical protection to local Public Safety Services, the Education Protection Account is hereby created in the General Fund to receive and disburse the revenues derived from the incremental increases in taxes imposed by this section, as specified in subdivision (f).

(2) (A) Before June 30, 2013, and before June 30 of each year from 2014 to 2018, inclusive, the Director of Finance shall estimate the total amount of additional revenues, less refunds, that will be derived from the incremental increases in tax rates made in subdivision (f) that will be available for transfer into the Education Protection Account during the next fiscal year. The Director of Finance shall make the same estimate by January 10, 2013, for additional revenues, less refunds, that will be received by the end of the 2012-13 fiscal year.

(B) During the last 10 days of the quarter of each of the first three quarters of each fiscal year from 2013-14 to 2018-19, inclusive, the Controller shall transfer into the Education Protection Account one-fourth of the total amount estimated pursuant to subparagraph (A) for that fiscal year, except as this amount may be adjusted pursuant to subparagraph (D).

(C) In each of the fiscal years from 2012-13 to 2020-21, inclusive, the Director of Finance shall calculate an adjustment to the Education Protection Account, as specified by subparagraph (D), by adding together the following amounts, as applicable:

(i) In the last quarter of each fiscal year from 2012-13 to 2018-19, inclusive, the Director of Finance shall recalculate the estimate made for the fiscal year pursuant to subparagraph (A), and shall subtract from this updated estimate the amounts previously transferred to the Education Protection Account for that fiscal year.

(ii) In June 2015 and in every June from 2016 to 2021, inclusive,

the Director of Finance shall make a final determination of the amount of additional revenues, less refunds, derived from the incremental increases in tax rates made in subdivision (f) for the fiscal year ending two years prior. The amount of the updated estimate calculated in clause (i) for the fiscal year ending two years prior shall be subtracted from the amount of this final determination.

(D) If the sum determined pursuant to subparagraph (C) is positive, the Controller shall transfer an amount equal to that sum into the Education Protection Account within 10 days preceding the end of the fiscal year. If that amount is negative, the Controller shall suspend or reduce subsequent quarterly transfers, if any, to the Education Protection Account until the total reduction equals the negative amount herein described. For purposes of any calculation made pursuant to clause (i) of subparagraph (C), the amount of a quarterly transfer shall not be modified to reflect any suspension or reduction made pursuant to this subparagraph.

(3) All moneys in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools, and community college districts as set forth in this paragraph.

(A) Eleven percent of the moneys appropriated pursuant to this paragraph shall be allocated quarterly by the Board of Governors of the California Community Colleges to community college districts to provide general purpose funding to community college districts in proportion to the amounts determined pursuant to Section 84750.5 of the Education Code, as that code section read upon voter approval of this section. The allocations calculated pursuant to this subparagraph shall be offset by the amounts specified in subdivisions (a), (c), and (d) of Section 84751 of the Education Code, as that section read upon voter approval of this section, that are in excess of the amounts calculated pursuant to Section 84750.5 of the Education Code, as that section read upon voter approval of this section, provided that no community college district shall receive less than one hundred dollars (\$100) per full time equivalent student.

(B) Eighty-nine percent of the moneys appropriated pursuant to this paragraph shall be allocated quarterly by the Superintendent of Public Instruction to provide general purpose funding to school districts, county offices of education, and state general-purpose funding to charter schools in proportion to the revenue limits calculated pursuant to Sections 2558 and 42238 of the Education Code and the amounts calculated pursuant to Section 47633 of the Education Code for county offices of education, school districts, and charter schools, respectively, as those sections read upon voter approval of this section. The amounts so calculated shall be offset by the amounts specified in subdivision (c) of Section 2558 of, paragraphs (1) through (7) of subdivision (h) of Section 42238 of, and Section 47635 of, the Education Code for county offices of education, school districts, and charter schools, respectively, as those sections read upon voter approval of this section, that are in excess of the amounts calculated pursuant to Sections 2558, 42238, and 47633 of the Education Code for county offices of education, school districts, and charter schools, respectively, as those sections read upon voter approval of this section, provided that no school district, county office of education, or charter school shall receive less than two hundred dollars (\$200) per unit of average daily attendance.

(4) This subdivision is self-executing and requires no legislative action to take effect. Distribution of the moneys in the Education Protection Account by the Board of Governors of the California Community Colleges and the Superintendent of Public Instruction shall not be delayed or otherwise affected by failure of the Legislature and Governor to enact an annual budget bill pursuant to Section 12 of Article IV, by invocation of paragraph (h) of Section 8 of Article XVI, or by any other action or failure to act by the Legislature or Governor.

(5) Notwithstanding any other provision of law, the moneys deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government.

(6) A community college district, county office of education, school district, or charter school shall have sole authority to determine how the moneys received from the Education Protection Account are spent in the school or schools within its jurisdiction, provided, however, that the appropriate governing board or body shall make these spending determinations in open session of a public meeting of the governing board or body and shall not use any of the funds from the Education Protection Account for salaries or benefits of administrators or any other administrative costs. Each community college district, county office of education, school district, and charter school shall annually publish on its Internet Web site an accounting of how much money was received from the Education Protection Account and how that money was spent.

(7) The annual independent financial and compliance audit required of community college districts, county offices of education, school districts, and charter schools shall, in addition to all other requirements of law, ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by this section. Expenses incurred by those entities to comply with the additional audit requirement of this section may be paid with funding from the Education Protection Account, and shall not be considered administrative costs for purposes of this section.

(8) Revenues, less refunds, derived pursuant to subdivision (f) for deposit in the Education Protection Account pursuant to this section shall be deemed "General Fund revenues," "General Fund proceeds of taxes," and "moneys to be applied by the State for the support of school districts and community college districts" for purposes of Section 8 of Article XVI.

(f) (1) (A) In addition to the taxes imposed by Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code, for the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers at the rate of 1/4 percent of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in this State on and after January 1, 2013, and before January 1, 2017.

(B) In addition to the taxes imposed by Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code, an excise tax is hereby imposed on the storage, use, or other consumption in this State of tangible personal property purchased from any retailer on and after January 1, 2013, and before January 1, 2017, for storage, use, or other consumption in this state at the rate of 1/4 percent of the sales price of the property.

(C) The Sales and Use Tax Law, including any amendments enacted on

or after the effective date of this section, shall apply to the taxes imposed pursuant to this paragraph.

(D) This paragraph shall become inoperative on January 1, 2017.

(D) This paragraph shall become inoperative on December 1, 2019.

(3) For any taxable year beginning on or after January 1, 2012, and before January 1, 2019, with respect to the tax imposed pursuant to Section 17041 of the Revenue and Taxation Code, the income tax bracket and the rate of 9.3 percent set forth in paragraph (1) of subdivision (c) of Section 17041 of the Revenue and Taxation Code shall be modified by each of the following:
