

ICS London Homework Timetables

Years 7-9 (MYP)

Home learning is designed to be purposeful and is connected to units of study. It may be short-term or project-based and provides a good opportunity for parents to engage with their child's learning. It may be an explicit task, or review or extension of classroom-based learning.

Students in Year 7, 8, 9 will have approximately one hour of homework per night. However, students are individuals and the amount of time it takes to complete a learning task may vary based on effective use of class time, reading speed, prior knowledge, and efficient focus during class. Home learning, including the due date, should be clearly communicated to students prior to ending the lesson. In Year 7, teachers provide guidance in class to help students record their home learning expectations in their ATL diaries.

Students in Year 7, 8, 9 will have approximately one hour of homework per night. This time should be spent on the following:

- 20 minutes of reading
- 20 minutes of maths and/or science
- 20 minutes of art/music, foreign language, or integrated humanities

Year 10 & 11 - iGCSE

Year 10 & 11 students should be completing 90 minutes of homework per night - as a guide it is recommended that homework be set and due on the days outlined below with an 90 minutes per week for English, Maths, Science and 45 minutes for other subjects. This will be reviewed and updated where necessary if, for example, there is coursework due.

Year 10

Monday	Tuesday	Wednesday	Thursday	Friday
Science	Maths	Business or Geography	English	Science
Global Perspectives	French or Spanish	Art, PE or Photography	Maths	English

Year 11

Monday	Tuesday	Wednesday	Thursday	Friday
Science	French or Spanish	Science	English	Global Citizenship or EAL
Maths	Art or Photography	English	Maths	Business Studies or Geography

Year 12 & 13 - IB Diploma

Year 12 & 13 students should be completing homework based on the requirements of the course. Having an internal assessment calendar allows teachers to spread out significant pieces of work throughout the year. Students should be spending 2-3 hours per night on homework and self study.
