Old business-none

New business – Roberts rules of order will be used in SHAC meetings. We have a quorum today. Aileen learned about SHAC regarding meeting agenda and how it drives what we discuss. If we discuss it, it has to be on agenda. But we don't have to discuss all that's on agenda. In discussion of new SHAC laws regarding the inability to get Zoom to record,

Christy recommend we do an auditory recording in place of zoom recording.

Meeting began an auditory recording at 12:15 to replace Zoom technical difficulties.

New requirements for Human Sexuality

Review SHAC board policy – school board policies will be connected to the new SHAC Law

Update on legislation –

Christy explained the Opt In option that has replaced what used to be Opt Out

Program Review by SHAC, Parent review two night option, board review and adoption

Aim for success presented program review-

Currently 7-8 graders are receiving Baylor Scott & White's program

Wendy made motion to incorporate wording for 5 grade parents in a note communicating to parents that the AIM for Success program be offered for 6 graders as well.

Christy Seconds Wendy's motion to have a note communicating to parents that the program will be offered to them in 6 grade

All in attendance are in favor of the note with this communication - this was passed.

Mandy Stephens in wellness committee reports – Food director for the district

Wellness committee is assessment of wellness policy as a whole. Policy assessment (required every other year) has dug in and gotten a little deeper with local policy. Committee set up (Kim Sarah, Mandy) onsite audit just completed (Kim Jannings will lead the committee) Committee should meet this month hopefully.

Teacher wellness initiative – started by Dr. Hicks – has had three meetings regarding this – specifically regarding stress felt by teachers and district staff. Committee divided into sub committees to create initiatives around taking care of yourself.

Gail asked if as the SHAC we need to be involved in this? Aileen said no.

Mental health initiative program called – Teen Mental Health what parents need to know was presented February 9. 2022 and has been recorded for parents to view at a later date if they were not able to be in attendance. Communication went out to parents of Middle/High School parents.

Aileen's hope from this is that maybe this mental health program is a start for a regular programming around mental health issues to be held for parents to be together and talk w each other about common issues.

Clayton ask to go back to school board policy. Regarding a written report as a SHAC to be presented to the board. To be done once a year and done by Aileen last year – Clayton is asking if the report would be created by SHAC and reviewed and approved by the SHAC before being submitted.

Suggestion was made to put this on agenda for next meeting.

Aileen made motion to adjourn at 12: 55pm

Meeting adjouned 12:55pm
