Assessment

MYP philosophy believes student grades should accurately reflect what they know

Behavioral vs. Academics

- Year long progression of learning
- **Summative** = 100% of the grade
- Frequent **Formatives** provides teacher and student with feedback re: learning (at least 2-3 learning experiences prior to summative)

FORMATIVE

INFORM teachers about how you are learning during teaching

- Are you “getting it” or missing something?
- DOES NOT count towards your actual grade
- Still very important, try your best!

SUMMATIVE

ASSESS how well you learned after teaching

- What did you learn?
- DOES count towards your class grades
- Big projects
- Can retake/re-do according to teacher’s rules
 - **Must have all formatives complete**
