

8th Grade Plan for College and Career Readiness Conferences

Your school counseling team would love to invite 8th grade students and their parents to come to an 8th Grade Plan for College and Career Readiness “Individual” Conference. This is a great time to talk about your student’s growing knowledge about their future dreams and learn about opportunities through high school and beyond.

Conference appointments begin November 4th and run through January. If you have not selected a time by January, we will assign your student a time that month to make sure every student has an opportunity to meet before selecting their courses for high school.

Conferences will be in person at Hillside Middle School with your child’s school counselor. Zoom meetings are also available for convenience. Conferences will last approximately 40 minutes.

Please schedule a conference through Calendly as per your student’s last name.

STUDENTS LAST NAMES A-L

Conference with **Elizabeth Neff-Mikolash**

To schedule an appointment go to this website:
