

## ***What is a School-Parent Compact?***

A School-Parent Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

---

### ***Jointly Developed***

The School-Family Compact is jointly developed with parents, students, and staff.

Teachers proposed academic and learning strategies, parents expounded on teacher strategies to make them more effective, while student input expressed how these strategies would help support their learning.

While School-Family Compacts are updated annually, parents, students, teachers, and staff input are welcomed throughout the school year and through Title I Surveys.
