Rainier School District Network And Information Systems Use Agreement

As outlined in Rainier School District Board Policy No. 2022 regarding digital network usage, prohibited practices include, but are not limited to, the following:

- Sending or displaying offensive messages or pictures
- Using obscene language, including hate mail, cyber-bullying, harassment or discriminatory remarks
- Using network resources for illegal activity, including gaining unauthorized access to resources or entities
- Attempting to damage equipment or harm data on any network, including creating, uploading or propagating viruses or other malware
- Violating copyright and other intellectual property laws

When accessing the Rainier School District Network, please remember:

- Access is provided for educational/professional purposes only.
- No student or staff user should have any expectation of privacy when using the district's network.
- The district reserves the right to disclose any electronic message to law enforcement officials or third parties as appropriate. All documents are subject to the public records disclosure laws of the State of Washington.
- Account IDs and passwords are to be used by the account owner only. The account holder may be held responsible for all account activity.
- Students shall not provide personal information such as addresses or telephone numbers over the system or utilize social networking tools without explicit teacher permission and oversight.
- Use resources efficiently: only print as much (or as little) as is absolutely necessary for educational purposes.
- Treat district equipment (and the privilege of its use) with respect.
- If you need help or run into something unexpected, please ask for assistance.
- Don't forget to log off!
-

Rainier Middle School student email accounts:

- All student Electronic Mail (email) accounts are property of the Rainier School District. The user accepts all responsibility to understand these guidelines and the existing network use policy.
- The primary purpose of the Google Apps for Education service is for students to communicate with school staff and classmates, utilize resources related to school assignments, and collaborate with fellow students on school activities.
- Account user names and passwords can be provided to parents so those parents can monitor the account and communicate with teachers. If a parent wishes to take advantage of this, please contact the Rainier Middle School office.

- Use of Google Apps for Education services will align with the school's code of conduct and the code will be used as needed for discipline purposes. Communication through this service will exhibit common sense and civility. Students are responsible for messages sent from their accounts. Students should not share their passwords.
- Messages via the district email cannot cause disruption to the school environment or normal and acceptable school operations. Occasional and responsible personal use of the district's email is permitted, providing that this does not interfere with the performance of the electronic mail system or disrupt the operation of the schools.
- Students will report any unusual activities such as "spam" communications, obscene email, attempts by adults to lure them into dangerous behaviors, and the like to the school's technology contact for action. Students should not forward chain letters or jokes.
- Students will not identify their home telephone numbers or home addresses in any email correspondence.
- Electronic mail sent or received within the Rainier School District system is not confidential (see above).
- Administration reserves the right to retrieve the contents of user mailboxes for legitimate reasons, such as to find lost messages, to conduct internal investigations, to comply with investigations of wrongful acts or to recover from system failure.
- When issues arise, the school administration will deal directly with the student and/or parents/guardians. Improper use of the system will result in discipline and possible revocation of the student email account. Illegal activities on the system will be referred to law enforcement authorities for appropriate legal action. The account may be revoked if used inappropriately.
- Again, it is very important that students keep his/her username and password private and do not share either with other students. The assigned user name is graduation year followed by last name followed by first initial @rainier.wednet.edu (Example: 10.doe.j@rainier.wednet.edu). User names cannot be changed.
- Because Google Apps services are web based, students and parents can also access student e-mail accounts from home and public library computers.
- Any user who violates these guidelines may be denied network access, depending on the severity of the infraction. School, district and/or legal sanctions may be imposed over and above any revocation of network access.
- Any parent not wanting student access to the Internet must notify the office.

SECTION 4- ATTENDANCE

Excused Absences Include:

1. Temporary illness or injury
2. Mental health related absences
3. School related program, field trip, or athletic event under the supervision of the school.
4. Approved absence by school principal.
5. An absence due to student being in the custody of the court or other law enforcement agency.
6. Emergency, serious illness, or death in the family.
7. Medical and dental appointment or extended absence due to health. Documentation shall be provided to the school from a medical provider.
8. Inclement weather related absences.
9. Extenuating circumstances approved by a school administrator.
10. Participation in religious observations.
11. College visits or job shadows approved by a school administrator.
12. Any pre-arranged absence previously filed with the school (see below).

Pre-arranged absences:

Prearranged absences include such things as interviews with college admissions officials, interviews with employers, job shadows, special family activities, and extenuating circumstances. Students must complete the pre-arranged absence form prior to the absence for this process. See the main office for more information.

To excuse an absence:

- A guardian must call the attendance office at 360-446-2206 on the day of the absence.
- Failure to call and excuse the absence will result in an unexcused absence.
- At the time of the call the parent must state the reason for the absence.
- Please contact the attendance office regarding all absences including those that are unexcused or pre-arranged.

Make-up work for absenteeism:

See 'homework' in section 1. It is vital that students attend school to achieve the maximum amount of academic growth. It is highly recommended that students who are absent submit classwork and homework to their teachers in advance, on the original due date, or immediately upon return from any absence when possible. This helps ensure that the student is prepared to learn new material.

Truancy will result in a zero on all classwork and homework during the truancy period unless otherwise arranged with the classroom teacher.

Possible interventions for chronic absenteeism and truancy:

- Attendance letters or phone calls
- Parent meetings with school administration
- Mandatory meeting with school administrators or counselor
- Community Re-Engagement Board
- Family court involvement
- Additional assessment requirements such as WARNS.
- A truancy court petition filed with Thurston County Courts
- The possibility of delayed academic progression or graduation

SECTION 5- HARRASSMENT, INTIMIDATION AND BULLYING [HIB]

Prohibition of Harassment, Intimidation, and Bullying (Policy 3207 & 3207P)

Schools are meant to be safe and inclusive environments where all students are protected from Harassment, Intimidation, and Bullying (HIB), including in the classroom, on the school bus, in school sports, and during other school activities. This section defines HIB, explains what to do when you see or experience it, and our school's process for responding to it.

What is HIB?

HIB is any intentional electronic, written, verbal, or physical act of a student that:

- Physically harms another student or damages their property;
- Has the effect of greatly interfering with another student's education; or,
- Is so severe, persistent, or significant that it creates an intimidating or threatening education environment for other students.

HIB generally involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated. HIB is not allowed, by law, in our schools.

How can I make a report or complaint about HIB?

Talk to any school staff member (consider starting with whoever you are most comfortable with!). You may use our district's reporting form to share concerns about HIB but reports about HIB can be made in writing or verbally. Your report can be made anonymously, if you are uncomfortable revealing your identity, or confidentially if you prefer it not be shared with other students involved with the report. No disciplinary action will be taken against another student based **solely** on an anonymous or confidential report.

For more detailed information about HIB, including district policies, procedures, and contact information, please visit District Policies and Procedures. Additional resources and contact information are available at RSD Additional Resources and Information.

Nondiscrimination (Policy 3210 & 3210P) Sexual Harassment (Policy 3205 & 3205P)

Rainier School District does not discriminate in any programs or activities on the basis of sex, race, creed, religion, color, national origin, age, veteran or military status, sexual orientation, gender expression or identity, disability, or the use of a trained dog guide or service animal and provides equal access to the Boy Scouts and other designated youth groups. Lack of English language proficiency will not be a barrier to admission and participation in career and technical education programs.

Rainier School District will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational programs.

Discrimination can happen when someone is treated differently or unfairly because they are part of a **protected class**, including their race, color, national origin, sex, gender identity, gender expression, sexual orientation, religion, creed, disability, use of a service animal, or veteran or military status.

What is discriminatory harassment?

Discriminatory harassment can include teasing and name-calling; graphic and written statements; or other conduct that may be physically threatening, harmful, or humiliating. Discriminatory harassment happens when the conduct is based on a student's protected class and is serious enough to create a **hostile environment**. A hostile environment is created when conduct is so severe, pervasive, or persistent that it limits a student's ability to participate in, or benefit from, the school's services, activities, or opportunities.
