Information Item: Principal's Update

The council discussed the possible use of SGC funds for safety. The question had come up that classroom doors remain locked during the day. Ms. Jones confirmed this is the expectation. Ms. Hartman brought up the concern that substitutes don't always have keys. Ms. Jones will look into this. She has a safety team meeting scheduled next week. Officer Morton will be in attendance and will suggest any safety items the school can purchase. There are also two front desk secretaries currently. We are getting a different name badge system. The badges will scan. This will help with tracking who is in the buildings.

Discussion Item: Debrief Fall Cross Council Meeting/Council Initiatives

Thought exchange for Creek View only. This would provide an opportunity for the staff to share concerns.

Discuss Item: Review SGC Website for Compliance

We will check the website for compliance.

Discussion Item: Review 2024 Council Self-Assessment and Create Initiatives

Our initiatives focus on safety this year.

Discussion Item: Approve Strategic Plan

We will revisit this.

Discussion Item: Charter Dollar Expenditure Proposals

We spent $18,000 charter dollars previously on Ms. Hope to be in the building more days. We will determine how much money we would need for Ms. Hope. Ms. Jones presented two ideas. One would be dry erase small groups tables. The other was a portable second screen. Ms. Jones will send a survey to get feedback from all teachers.

Discussion Item: November Meeting Agenda

Mr. Stanforth will finalize the agenda.
