

GCCS Canvas Parents App Instructions

The Canvas Parents App is the **BEST** way to keep track of your students' grades and missing assignments. You will be able to see current grades as well as previous quarter grades.

- ☐ To get started, please download the Canvas Parents App from the App store and create an account.

***Please note, you will need your student to help you with creating the account.**

Your student will go to their Canvas account settings, and will click “**Pair with Observer**”. You will then add that “pairing code” to your account to complete the set-up process. **If you have multiple students at GCCS, you will need each student to request a pairing code for you to enter into your parent account.

- ☐ Here is a helpful video that walks you through the process:
<https://youtu.be/t-5sWZODhY8>
- ☐ Once you have access to your account, you will be able to view all of your students' courses and their current grades. You may click on the course to see which assignments are submitted, missing or late.
- ☐ The calendar option can be viewed by clicking on the icon at the bottom of your screen. This will allow you to view assignments that are due for the day or week, and if your student has submitted them.
- ☐ Please contact Mrs. Little in the High school office at elittle@grovecitychristian.org with any additional questions.
