**TECHNICAL
THEATER
PATHWAY**

THEATER

This is the pathway for you if you...

- + Love to act, sing and dance
- + Want to direct and produce productions
- + Enjoy being part of the creative process
- + Like to build, paint or sew
- + Have a great imagination
- + Are interested in lighting concepts

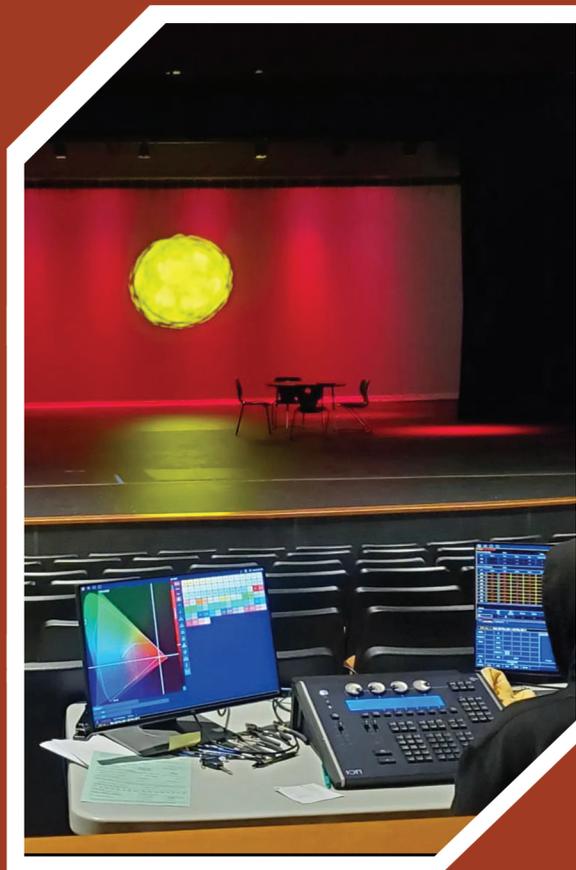

“

Theater

will give you the confidence to speak and perform in front of people. You will learn to work in a team and collaborate with like-minded people. It will give you the opportunity to be creative and imaginative.

”

WHERE THE MAGIC HAPPENS...
AND CAREERS BEGIN!

COURSE SEQUENCE

INTRO TO THEATER

Students will be introduced to the skills and knowledge necessary to pursue an acting career. They will learn the history of theater, write and perform monologues, dialogues and one act scenes.

TECHNICAL THEATER

Students will learn technical theater fundamentals such as design, safety, tool handling, properties, sound, scenic construction and lighting to prepare students to participate not only on technical crews at the high school productions but collegiate and professional theaters.

DIRECTING FOR THEATER

Students will write, direct and perform in their own black box show. They will specialize in particular theatrical roles and produce a mini-play festival. Students will have opportunities to work on monologues and scene work. The class will also divide into companies to produce full-length plays in our Spring Theater Festival.
