

**THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA
OFFICE OF THE SUPERINTENDENT**

**ROBERT W. RUNCIE
SUPERINTENDENT OF SCHOOLS**

February 12, 2016

SIGNATURES ON FILE

TO: School Board Members

FROM: Maurice L. Woods
Chief Strategy & Operations Officer

VIA: Robert W. Runcie
Superintendent of Schools

SUBJECT: **FLORIDA SCHOOL GRADES, 2014-15**

At its January 6, 2016 meeting, the Florida Board of Education voted to approve new criteria for assigning school and district grades as part of Florida's School Accountability submitted by Commissioner Stewart. The new criteria are intended to **simplify and refocus the school grade formula on student outcomes** in alignment with the 2015 Florida Statutes, specifically F.S. 1008.22. The 2015 school grades were released on February 12, 2016.

Review of the 2015 school grades revealed the following:

- Among the five largest Florida school districts, **Broward was the only district to maintain the proportion of "A" grades** despite the change in standardized assessments and school grade criteria.
- Among the **traditional schools**, the number and percent of **"A" grades increased** from 63 (30 percent) to 69 (33 percent).
- One school, **Tropical Elementary**, increased by two letter grades to obtain an "A" in 2015.
- Despite the change in assessment and the new school grade criteria, nearly **two-thirds (125, 61 percent) of Broward's traditional schools maintained their grade** from the prior year.
- Overall, **Broward earned a grade of "B"** the same as in 2014, and an improvement from the "C" earned in 2013.

The school grade formula continues to rely on student performance on statewide assessments in English Language Arts (ELA), mathematics, science in addition to End-of-Course Examinations in Algebra 1, Geometry, Algebra 2, Biology, Civics, and US History. Because of the transition from the Florida Comprehensive Assessment Test 2.0 (FCAT 2.0) to the Florida Standards Assessment (FSA) in 2015, learning gains components, including **learning gains** for the lowest quartile for ELA and mathematics were **not included** as part of the 2015 school grades computation.

FLORIDA SCHOOL GRADES, 2014-15

February 12, 2016

Page 2

An acceleration component is included at the middle school level while graduation rates and college and career acceleration are included at the high school level. In addition, the new grade model incorporates the following changes for all school levels:

- Elimination of bonus factors or weighing that may raise a school grade
- Elimination of adjustments that may lower a school grade
- School must test a minimum of 95 percent of students
- Schools grades are computed using available components, there is no substitution of district averages for missing components
- All school grades components reported as percentages with a maximum of 100%, the percentages are averaged across components to compute the total grade (see Table 1).

Table 1. *School Grade Scale, 2015 and Beyond*

	A	B	C	D	F
Percentage	$\geq 62\%$	54% to 61%	41% to 53%	32% to 40%	$\leq 31\%$

While learning gains are not included in the formula for the 2015 school grades, they will be included from 2016, and thereafter. The learning gain requirements have become more rigorous and are discussed in depth elsewhere. Briefly, learning gains will be achieved if the following criteria are met:

- Students at level 5 remain at level 5
- Students at any level 1 to 4 increase by one or more levels
- Students in level 3 or level 4 and remain in the same level must have a higher scale score than in the prior year in the same subject
- Students in level 1 and level 2 must move into the next higher section - level 1 is split into 3 sections (low, mid, high) and level 2 into 2 sections (low, high). For example, a student in low level 1 must move to mid-level 1 to register as a learning gain.

Additional details on computation of school grades are available at: <http://schoolgrades.fldoe.org/>

Overall, school grades distributions for the five largest Florida school districts and the state overall, is displayed in Table 2.

Table 2. *School Grade Distributions for the Five Largest School Districts in Florida, 2013-14 and 2014-15*
