Frank Babinec, City Manager

City of Coral Springs

9500 West Sample Road, Coral Spring, Florida 33065

Dear Frank Babinec, City Manager:

On September 6, 2022, the School Board of Broward County approved an abbreviated boundary process specifically to address overcrowding at Marjory Stoneman Douglas High School. The process will focus solely on enrollment reduction solutions for this school, and will seek to solicit community engagement in the drafting and vetting of boundary change proposals. During this process, there are multiple opportunities for your constituents to provide input on proposed changes before the final School Board vote to determine all school usage and attendance areas for the 2023/24 school year.

On Monday, October 3, 2022 at Coral Springs Middle School located at 10300 W Wiles Road, Coral Springs, FL 33076 from 6:30 p.m. to 8:30 p.m. there will be an initial school boundary public kickoff meeting to explain the background and factors driving overcrowding, present the boundary process timeline, and make community members aware of the opportunity to work with staff to create viable proposals to provide enrollment relief for Marjory Stoneman Douglas High School.

On Thursday, November 3, 2022 at Coral Springs Middle School located at 10300 W Wiles Road, Coral Springs, FL 33076 from 6:30 p.m. to 8:30 p.m. there will be a second school boundary public meeting, where all proposals for potential changes to the Marjory Stoneman Douglas High School attendance area that were created while collaborating with community members will be presented. Members of the public will have the opportunity to sign up to speak and comment on, or ask questions about, any of the proposed changes.

In January 2023, the School Board will discuss all of the proposed changes. This meeting is also open to the public and community members may sign up to speak. Following this workshop in January, I will issue a memorandum with my final recommendations for school usage and attendance areas for the 2023/24 school year.

The culmination of the boundary process will be School Board School Boundaries Public Hearings held in February and March, respectively, where the School Board will vote to approve and then adopt all school usage and attendance areas for 2023/24. These hearings are the final opportunity for members of the public to provide their input on any proposed changes.

We invite you and your constituents to engage in the 2023/24 school boundary process and we ask for the assistance of our elected public officials to ensure that their constituents are informed. We welcome ideas and input from all community members, working together for the purpose of creating the highest standards of public school education for our children.

All information on this process will be shared from the Demographics & Enrollment Planning Department Web site: <https://www.browardschools.com/boundaryprocess>. For further information, contact Jill Young, Director, Demographics & Enrollment Planning Department at (754) 321-2565.

Sincerely,

Vickie L. Cartwright, Ph.D.
Superintendent of Schools
