From: Deputy Superintendent, Operations

Topic: Race and ethnicity numbers for each 2023/24 school boundary process community proposals

Staff Follow-up: Please provide the numbers (not the percentages) of students by race and ethnicity for each community boundary proposal shared at the February 7, 2023, boundary workshop. **WS-020723-05 (J. Holness)**

Response: The following fourteen tables present the current numbers of students belonging to demographic subgroups (race, ethnicity, and English Language Learner [ELL], Exceptional Student Education [ESE], and Free or Reduced-Price Lunch [FRL] eligibility status) currently attending schools impacted by the proposals, the total net movement of students by subgroup in or out of each school, and the resulting population of each subgroup after implementation of the proposal. The net movement for Marjory Stoneman Douglas High School is shown as a negative number; all proposals move students out of the boundary of this school and into the boundary of a receiving school. Please note that Proposals 6 and 10 were retracted by their respective authors, and therefore, are not included here.
