

From: Deputy Superintendent, Operations

Topic: Marjory Stoneman Douglas High School boundary change.

Staff Follow-up: 1. How does looking at a regional approach delay the rebounding process? How will this effect the safety at MSD? Please have Mr. Alberti opine.

2. Please provide a detail timeline of all communication given to all of the Coral Springs and Parkland Commissioners in this reboundary process.

3. How many potential students could be zoned to MSD with the new construction in Coral Springs if this reboundary process is halted?"
TN 023-099 L. Alhadeff

Response: 1. As it stands now, MSD is 400+ over its enrollment and the projections indicate that this school will be at 500+ for the next five years (Mrs. Jill Young, Director of Demographics & Enrollment Planning). Considering the size of this campus, being over-enrolled can be a safety factor for the school, given the impact of the additional students on campus. The additional students have an impact on the traffic, student management, threat assessments, discipline, and the student-to-officer ratio.

2. From January 12, 2022, to March 6, 2023, the City of Parkland was contacted 19 times and the City of Coral Springs was contacted 16 times.

- **January 12, 2022:** Demographic & Enrollment Planning presentation to the **City of Parkland** on enrollment and capacity, factors impacting enrollment, strategies for enrollment management, residential certificates of occupancy, school concurrency level of service, process for the verification of residency, community boundary proposal collaboration for the 2023/24 school year.
- **April 25, 2022:** Demographic & Enrollment Planning presentation to the **City of Coral Springs** on the draft 2023/24 boundary process timeline, historic and projected residential developments, enrollment & capacity for the northwest quadrant.
- **August 8, 2022:** Email to the **City of Parkland** concerning the timing for the establishment of a school boundary process.

From: Deputy Superintendent, Operations

- **August 17, 2022:** Email to the **City of Parkland** concerning the timing of events in the school boundary process per School Board Policy 5000.
- **September 6, 2022:** Email to the **City of Parkland** concerning when Demographic staff will be publishing enrollment by Traffic Analysis Zones for the Coral Springs and Parkland area within the Marjory Stoneman Douglas High School attendance area.
- **September 9, 2022:** First email with attached letter notifying the **City of Coral Springs and the City of Parkland** elected officials of public boundary meeting announcements, boundary process timeline, boundary process website, September and January Board boundary workshop and public hearings requesting their assistance with notifying their constituents to participate in the school boundary process.
- **September 9, 2022:** Email to the **City of Parkland** elected officials on the boundary process and frequently asked questions.

- **September 22, 2022:** Email to the **City of Parkland** concerning the frequently asked question of the historic practice of high school grade phase-ins.
- **September 22, 2022:** Email to the **City of Parkland** concerning the Citizens Concerned about our Children (CCC) agreement and the Board Diversity definition found in Board policy 1.5.
- **September 30, 2022:** Second email with attached letter notifying the **City of Coral Springs and the City of Parkland** elected officials of public boundary meeting announcements, boundary process timeline, boundary process website, September and January Board boundary workshop and public hearings requesting their assistance with notifying their constituents to participate in the school boundary process.
- **October 1, 2022:** Email to the **City of Coral Springs** requesting the opportunity to listen to residents at the October 3rd and November 3rd community boundary meetings.
- **October 3, 2022:** Elected officials from the **City of Coral Springs and the City of Parkland** attended the first community school boundary meeting and addressed the community.
- **October 11, 2022:** Email to the **City of Parkland** on the school boundary process website when posting of community boundary proposals would begin.
- **October 28, 2022:** Email to the **City of Coral Springs** acknowledgement of the April 25, 2022 demographic meeting and request to rezone the Cornerstone units (North and South) from Marjory Stoneman Douglas High School to Coral Springs High School.
- **November 3, 2022:** Elected officials from the **City of Coral Springs and the City of Parkland** attended the second community school boundary meeting and addressed the community.

From: Deputy Superintendent, Operations

- **November 3, 2022:** Email copy to the *City of Coral Springs* concerning Monarch High School enrollment and capacity, community proposals corrected for accuracy, transportation cost of the proposals considering ESE students, and Marjory Stoneman Douglas High School lunch periods.
- **November 7, 2022:** Email to the *City of Coral Springs* concerning Demographic staff being biased in Marjory Stoneman Douglas High School rezoning process.
- **January 21, 2023:** Email to the *City of Coral Springs* concerning the January Board boundary workshop being moved from January to February 7, 2023.
- **February 6, 2023:** Email to the *City of Coral Springs and the City of Parkland* notifying them of the time schedule for the February 7, 2023 Board boundary workshop.
- **February 21, 2023:** Email to the *City of Parkland* explaining where community proposal C-10 could be located within the February 7, 2023 Board boundary workshop slides.
- **February 23, 2023:** Email to the *City of Coral Springs* stating staff was in receipt of the February 21, 2023 email sent to the City of Coral Springs elected officials.
- **February 28, 2023:** Email to the *City of Coral Spring* and the *City of Parkland* concerning proposal C-4 demographics and rental housing.
- **February 28, 2023:** Email to the *City of Coral Springs* and the *City of Parkland* concerning diversity for C-4.
- **February 28, 2023:** Emailed letter to the *City of Coral Springs and the City of Parkland* notifying them of the first and second school boundary public hearings for the recommended boundary change to provide enrollment relief for Marjory Stoneman Douglas High School.
- **March 6, 2023:** Email to the *City of Parkland* on how many high schools are not meeting the school concurrency level of service and the 1200 building at Marjory Stoneman Douglas High School in the online Planning Tool for Enrollment & Capacity.
- **March 6, 2023:** Email and telephone call with the *City of Parkland* regarding number of students who are currently zoned for Marjory Stoneman Douglas High School but attend either Coral Springs High or Coral Glades High School.

3. Demographic staff cannot estimate the number of students who may move into new housing units of a type which may, but do not typically, attract families with children. For example, the Modera at Cornerstone multifamily housing development is anticipated to have units available for move-in this spring. With some units having up to three bedrooms, and no overall age restriction on the community, this project may attract families with students specifically seeking to attend Marjory Stoneman Douglas High School, or it may not attract any students at all. Educating Today's Students to
Succeed in Tomorrow's World

From: Deputy Superintendent, Operations

monitors enrollment from the TERMS student database and will be able to detect students registering from addresses within this development almost in real time. Should students move into new residential developments located in the City of Coral Springs within the Marjory Stoneman Douglas High School attendance zone, enrollment at Marjory Stoneman Douglas High School will continue to increase.
