DOE Guidelines - in response to PL. 90-201, the Indiana Department of Education (IDOE) has developed the following Attendance Guidelines that will be followed by Greensburg Schools.

Pursuant to 11.C. 20-33-2-3.2, "attend" means to be physically present: (1) in a school; or (2) at another location where the school's educational program in which a person is enrolled is being conducted; during regular school hours on a day in which the educational program in which the person is enrolled is being offered.

*Please report the student's name, the child's teacher, the parent calling, and the reason for being absent. We will contact you A.S.A.P. if you do not call to report your child's absence. We will call your home, your place of employment, or your emergency numbers to verify the absence with an adult. When necessary, a home visit will be made to check on the welfare of the child.

ATTENDANCE LIMITS

If a student accumulates TEN unexcused absences from school during the school year, the student and parent will be referred to the Attendance Officer for appropriate action. Absences due to disciplinary suspension will NOT count toward the TEN day limit.

Cooperation between home and school is essential. Let us work together to ensure your child attends a regular school schedule for continued educational success.

PERFECT ATTENDANCE will be recognized for students who are in attendance from 8:10 A.M. — 2:50 P.M. every day.

The Corporation prohibits criminal organization activity and similar destructive or illegal group behavior on Corporation property, on buses owned by the Corporation or used to transport Corporation students, and at school-sponsored functions. The Corporation prohibits reprisal or retaliation against individuals who report criminal organization activity and similar destructive or illegal group behavior or who are victims, witnesses, bystanders, or others with reliable information about an act of criminal organization activity and similar destructive or illegal group behavior. The following definitions apply to this policy:

A. "Criminal organization", as used in this policy, means a formal or informal group with at least three (3) members that specifically:

(1) either:

- (a) promotes, sponsors, or assists in;
- (b) participates in, or
- (c) has as one of its goals; or

(2) requires as a condition of membership or continued membership the commission of a felony or an act that would be a felony if committed by an adult or the offense of battery (IC 35-42-2-1).

B. "Criminal organization activity," as used in this policy, means to:

1. actively participate in a criminal organization;

Greensburg Elementary School

c. wishes to withdraw from a criminal organization: when engaged in by a student who attends a Corporation school.

All Corporation employees shall report any incidence of suspected criminal organization activity, to the principal and the school safety specialist. As well, students and parents, who choose to do so, may report an incident of criminal organization activity to the principal. The principal and the school safety specialist may take appropriate action to maintain a safe and secure school environment, including providing appropriate intervention services.

A Corporation employee who in good faith reports an incident of suspected criminal organization activity in compliance with the procedures of this policy and any Corporation employee, parent or student who in good faith participates in any judicial or other proceeding resulting from the report or relating to the subject matter of the report is immune from any civil or criminal liability for damages arising from his/her actions.

Each school principal or designee shall conduct a thorough and complete investigation of each report of suspected criminal organization activity and each report of reprisal or retaliation. The principal or designee shall initiate the investigation promptly but no later than two (2) instructional days of the report of the alleged incident. The principal may appoint additional staff and the principal or designee may request the assistance of law enforcement to assist in the investigation for the safety of the administration, Corporation staff, or students. The investigation shall be completed and written findings prepared by the principal or designee as soon as possible, but no later than five (5) instructional days from the date of the report of the alleged incident.

The principal or designee shall submit the report to the Superintendent within ten (10) instructional days of completing the investigation. The Superintendent shall report the results of each investigation to the Board on a quarterly basis during its scheduled Board meetings.

The Superintendent is authorized to issue guidelines to define the range of ways in which Corporation staff and the principal or designee shall respond once an incident of criminal organization activity is confirmed, according to the parameters described in the Corporation's code of student conduct. The Board recognizes that some acts of criminal organization activity may be isolated incidents requiring that the school officials respond appropriately to the individuals committing the acts while other acts may be so serious or involve individuals outside the school that they require a response by local law enforcement officials.

Greensburg Elementary School

Appropriate consequences and remedial action will be imposed when students are found to have engaged in criminal organization activity, criminal organization intimidation, or criminal organization recruitment on Corporation property, while riding on Corporation buses or buses used to transport Corporation students, and at school-sponsored events or when they are found to have engaged in retaliatory conduct towards a Corporation employee or student who reported an incident of criminal organization activity, according to the severity of the offense and considering both the developmental age of the student offender and the student's history of inappropriate behavior, per the code of student conduct. Consequences and appropriate remedial action for a student who engages in criminal organization activity may range from positive behavioral interventions up to and including suspension or expulsion. Incidents that result in the expulsion of a student(s) or alternative school placement of a student(s) will be referred to the local law enforcement officials for further investigation. The principal shall proceed in accordance with the code of student conduct, as appropriate, based on the investigation findings and the Superintendent's guidelines. As appropriate, the principal may provide intervention and/or relevant support services (i.e., refer to counseling, establish training programs to reduce criminal organization activity and enhance school climate, enlist parent cooperation and involvement or take other appropriate action). The principal shall inform the parents of all students involved in alleged incidents as provided below, and, as appropriate, may discuss the availability of counseling and other intervention services.

The principal shall provide the parents of the students who are parties to any investigation with information about the investigation, in accordance with Federal and State laws and regulations. This information includes the nature of the investigation, whether the Corporation found evidence of criminal organization activity, and whether consequences were imposed or services provided to address the activity. This information is to be provided immediately upon completion of the investigation and issuance of written findings by the principal or designee.

Each school principal or designee shall record the number of investigations of criminal organization activity disposed of internally and the number of cases referred to local law enforcement (disaggregated by race, ethnicity, age, and gender) and report this information to the Superintendent before May 30ⁿ of each year.

The Superintendent shall submit a written report to the Indiana Department of Education, on forms developed by the Department, before June 2 of each year outlining the activities undertaken as part of the Corporation's compliance with IC 20-26-18. This report shall include the number of investigations of criminal organization activity disposed of internally and the number of cases referred to local law enforcement for the entire Corporation in the past year, disaggregated by race, ethnicity, age, and gender.

In its efforts to address criminal organization activity, the Board establishes the following educational programs:

A. An evidence-based educational criminal organization awareness program for students, Corporation employees and parents; and

B. A Corporation employee development program to provide training to Corporation employees in the implementation of this policy.

The Superintendent shall provide information about the supports and services available for students who are "at risk" for and/or suspected of participating in criminal organization activity and their families, including:

- criminal organization awareness education for students, parents, faculty/personnel, law enforcement, and community stakeholders that, at a minimum, shows potential for effectiveness based on research, revised and updated regularly to reflect current trends in criminal organization and criminal organization-like activity;

DRESS CODE REQUIREMENTS

The way one dresses has an effect on behavior and quality of school work, and that is a reflection upon GCS. Students should dress and groom themselves in keeping with a sense of appropriateness, cleanliness, decency, pride and safety. Following is the GCS dress code:

1. Dress should reflect personal pride. Clothing worn by students should be in good taste. Clothing should not be revealing, disruptive to the educational process, distracting or be lewd/ suggestive.
2. Dress should reflect respect for others. Clothing that advertises tobacco, alcohol and/or drugs, clothing that is lurid, vulgar, profane or sexually suggestive or clothing that is demeaning to race, religion or sex is not permitted. If there is a question as to whether or not you should wear it - DON'T!
3. Dress should reflect a sense of what is socially proper. Sunglasses, hats, caps, or hoods, etc. are not to be worn during the school day unless it is a designated spirit day.

Greensburg Elementary School

4. A student who wears inappropriate clothing to school will be sent to the office and will be addressed by an administrator before the student returns to class.

DRUG-FREE SCHOOL PLAN

The use of any mood-altering substance (such as alcohol, amphetamines such as that found in some diet and caffeine pills, etc.) that results in negative effects on behavior in the learning environment is prohibited. Greensburg Community Schools have made a commitment to drug and substance abuse education and to offer a supportive environment that encourages healthy lifestyles. Through our efforts to know our students, and to work cooperatively with community resources, we will continue to have a school environment that is safe, drug free, and that provides a resource for students who may have a substance abuse problem.

A student shall not use or consume, have in his or her possession, buy, sell or give away any controlled substance.

For policy regarding medication prescribed by a physician. See Health Services Policy.

DRUG SEARCH

Greensburg Community High School conducts drug searches when it is deemed necessary. These searches may include areas inside the building, in the parking lot, on any school property or at school sponsored events. Should these searches reveal the presence of any controlled substance, paraphernalia or other illegal items, parents/guardians and authorities will be notified and the student(s) involved will be subject to penalties as outlined in the handbook and to prosecution as determined by law. In addition, the school, in conjunction with local law enforcement agencies, conducts random drug searches and any student(s) found in violation of handbook rules or public law will be penalized accordingly.

EMERGENCY PROCEDURES

Procedures are available in each building classroom as per State Guidelines.

ONLINE ENROLLMENT OF NEW STUDENTS

To enroll a new student in the

Greensburg Community School Corporation a parent/guardian must provide the following documentation: Immunization Records, Proof of Residency, Birth Certificate, Custody Papers, and at least two (2) Emergency Telephone Numbers.

GCS enrollment policy stipulates that any student living in the Greensburg Community School District who is under the age of 18 should be enrolled for classes prior to the first day of school. Any student who transfers from another school district should make arrangements to enroll for classes immediately upon moving into the Greensburg school district.

Any student who is expelled from a public or nonpublic school in Indiana or from a school in a state other than Indiana (or who withdraws to avoid expulsion) may not enroll in GCS during the actual or proposed expulsion period.

Tobacco/Alcohol Policy — The use or possession of any tobacco/alcohol products by parents and/or chaperones on school property or on/and during any field trip where Greensburg Community Schools' students are present is PROHIBITED.

FREE/REDUCED LUNCH AND TEXTBOOK ASSISTANCE

89-87=B+	86-83=B	82-80=B-
79-77=C+	76-73=C	72-70=C-
69-67=D+	66-63=D	62-60=D-
59 and below=F		

S-Satisfactory and U-Unsatisfactory may be used for Special Education per the I.E.P. and for students with English as a second language.

THE HATCH ACT

Students are prohibited from bringing firearms to school buildings or property. The penalty for disregarding this is expulsion for a minimum of one year. Modification of the expulsion penalty with respect to the violation of bringing a firearm to school is subject to consideration only by the hearing examiner, the Superintendent, or the school board in compliance with the Indiana Code requirements for student expulsion.

HEAD LICE GUIDELINES: Any child identified with active head lice infestation will be sent home. Parents will be contacted by phone and/or letter to notify them, and treatment for the child will be required before returning to school. Treatment guides and health information about lice will be sent home with the

Greensburg Elementary School

child. Medicated shampoo will be available through school or through the Department of Health for those not able to afford it. Parents must contact the school for this to be arranged. If the school is providing the medication, parents must come to the school to pick it up. Medication will not be sent home with the child. All others will be allowed to stay in the classroom, but will be discouraged from head to head contact with other children. The student's siblings will be checked for head lice. The school will continue to encourage daily home head checks/treatments until the child is clear of all signs of head lice. The child will continue to be checked by the school nurse until he/she is clear of any signs of head lice. A note from the school will be sent home with all children in the affected classroom suggesting that parents check their child's head for lice. Periodic education about lice diagnosis, treatment, and prevention may be given to the school families during the school year.

Rationale for change in Lice Guidelines: When a case of lice is identified, the person has likely had the lice for a month or more by the time it is found.

Lice do not cause disease or illness. Lice are mainly a nuisance. Lice do not fly or jump; they crawl. Most times lice are spread from one person to another by head to head contact. Lice can rarely be spread by shared hats, combs, or brushes. Healthy lice do not leave their food source (a scalp) unless another warm scalp is present. Adult lice survive for less than one day away from their food source. An egg (nit) cannot hatch at temperatures less than the body temperature of the scalp. "No nit" policies have been found to cause children to miss valuable school time. Classroom head lice screening programs have not been shown to be effective in reducing lice incidence in schools and they are not cost-effective. (Based on guidelines from the American Academy of Pediatrics and the National Association of School Nurses)

HEALTH SERVICES POLICY

Greensburg Elementary School maintains a clinic facility in case of student illness or injury. The school nurse has office hours in this clinic every school day.

The clinic is to be used for legitimate illness or injury and the procedures are as follows:

1. A student must obtain a pass from his/her classroom teacher unless extenuating circumstances exist.
2. A student who becomes ill or injured must check in through the main office secretaries. Elementary students report to the school nurse.
3. If a student has an injury to or around the head/neck area, the student will be sent to the school nurse to be assessed and the parent will be contacted.
4. Repeated use of the clinic facilities will be monitored.
5. The office secretaries are the point of check out for injured or ill students who are leaving school. Parents/Guardians will be notified in situations where the student must leave the school grounds.
6. A student must register all prescription-and non-prescription medications with the school nurse. If the following guidelines are not met, medication will not be given at school:
 - a. Written instructions by the physician must be on file and the parent/guardian must send a daily permission slip requesting the medication be given, the amount to be given, and the time to be given.
 - b. All medications prescribed must be kept in the original container with pharmacy label, name and address of patient, the name and strength or sizes of the drug or device, the amount to be dispensed, adequate directions for the proper use of the drug or device by the patient and the name of the practitioner. The druggist will usually provide an identical container when requested to do so.
 - c. If a prescribed medication is to be given for longer than 2 weeks, a special medication form is required and must be completed by both physician and parent. This form is

Greensburg Elementary School

available at school. The medication must be kept in its original container with the same information listed previously. The form and the container must be updated if changes are made in the medication and must be renewed yearly.

- d. There will be no standing order for medications (i.e. aspirin, Tylenol, cough syrup, antacid, inhalants, etc.) to be brought to school and kept there to be given as needed without proper authorization from the physician and parent and following instructions previously listed.
- e. Over-the-counter medication must be sent in the original container which is labeled with the student's name and accompanied each day with a permission note from the parent/guardian including the name of the medication, the amount to be given, and time to be given.
- f. A written order of a practitioner is for off-the-shelf medication when it is not advisable for children (i.e. adult strength aspirin, certain cold elixirs, etc.).

Pertinent health/special needs information which may affect a student in the school environment will be shared with appropriate staff.

HOMEWORK

Homework is an important tool in the educational process. Homework reinforces what is taught in the classroom during the school day. Parents need to stress the importance of completing homework daily. Parents can help by encouraging students to read at home daily for 20 minutes. Homework is the responsibility of the child. This helps develop an important lifelong skill.

Homework Parent Tips:

1. Listen to your child practice reading.
2. Help your child study math facts at home.
3. Check your child's work for completeness and accuracy.
4. Check your child's book bag daily for important papers and teacher notes.
5. Classroom and School newsletters are available to parents digitally unless a paper copy is requested.

IMMUNIZATIONS

Whenever a student enrolls in any Greensburg Community School, the parents must furnish a written statement of the student's immunizations, accompanied by a physician's certificate or other documentation of immunization records. This requirement applies to all students unless such documents are already on file with the school corporation.

This requirement may be enforced by suspension or expulsion from school.

LOST and FOUND

Lost and found items are located outside the cafeteria. Parents are encouraged to have names in personal items and to report losses as soon as possible. Students are discouraged from bringing valuable items or money to school.

NON-SCHOOL OFFICIALS

A law enforcement officer, Child Protection Services, or other public or private professional service agencies may confer with a student on school premises.

Personal Communication Device (PCD)

Greensburg Community Schools (GCS) recognizes the potential benefits and challenges associated with personal communication devices (PCDs) in the learning environment. This policy aims to create a focused and productive learning environment while acknowledging the educational value of PCDs when used appropriately. It adheres to Indiana law (IC 20-26-5-40.7) that restricts student use of PCDs during instructional time. NOTE: While students should only use school-issued equipment (e.g. laptops, tablets) during approved times and for approved purposes, this policy pertains to personal, non-school devices in relation to Indiana law (IC 20-26-5-40.7).

Definitions

- **Personal Communication Device (PCD):** This includes but is not limited to cell phones, smartphones, tablets, laptops, gaming devices, and any other electronic devices with communication capabilities.

Policy Statement

The use of PCDs by students during instructional time is prohibited within Greensburg Community Schools. Instructional time includes all classroom-based learning activities, from the start of the designated class period to the end. PCD's are not to be used during the school day. They should be turned off and kept in their backpack.

Exceptions

- **Teacher Permission for Educational Purposes:** Teachers can permit students to use PCDs for specific learning activities that align with the curriculum.

RULES OF CONDUCT

SUBSTITUTE TEACHERS

Greensburg Elementary School

Our schools are fortunate in having capable people to help us whenever regular teachers are ill or are attending conferences. A substitute teacher is an important visitor whose impressions of our schools will be carried into the community. Let us be certain that these are good impressions by being polite, helpful and considerate as you would be to your regular teacher.

AUTHORITY OF ADULT SCHOOL EMPLOYEES

All of the adult employees of the Greensburg Community Schools have certain responsibilities to the schools and in order to carry out these responsibilities they have certain authority granted to them. Included in this authority is the authority to correct students when the need arises. If any student is corrected by an adult employee, whether the employee is faculty, clerical, cafeteria, or custodial, the student is expected to accept such correction as though the principal were giving such correction.

RULES OF STUDENT TRAVEL TO AND FROM SCHOOL

It is not the purpose of the school to dictate the path or mode of travel a student chooses in getting to or from school. However, the following rules are designed to aid in the safe and educational functioning of our school for all students. In an effort to reduce student involvement in fighting, school truancy, school tardiness, illegal use, possession, or sale of alcohol, non-prescription drugs, tobacco products and fireworks by students under 18 years of age, the school system will enforce a policy which requires students to come directly to school or go directly home without stopping to loiter along their chosen path. Penalties for violating this policy will be addressed by the school discipline plan and/or administrator's discretion.

SAFETY

GES strives to provide a safe learning environment. Therefore, safety is of utmost importance. Our students participate in many safety drills throughout the school year. GCS has three resource officers available to our students.

SECLUSION/RESTRAINT

As a part of the emergency procedures in place in our schools, no student will be restrained and/or placed in seclusion by school staff unless the student's behavior poses an imminent risk of injury to him/herself or others. However, significant violations of the law including assaults on students and staff will be reported to the police. As soon as possible after any such use of restraint and/or seclusion, the parents or guardian will be informed when any of these actions have occurred and will be provided with a detailed account of the incident including the circumstances that led to the use of restraint and or seclusion. The school nurse will also follow-up with these students to make sure no injury has occurred.

SEVERE PENALTY POLICY

A severe penalty is recognized as a discipline measure that is used to correct or alter the disruptive behavior of a student. For severe penalties there will be parent/guardian contact. Students that are expelled or suspended from school shall not be on Greensburg Community School Corporation property or attend any school function during the time of this penalty without administrative authorization. Failure to comply will result in the student being charged with trespass. The following is a list of actions that may or may not invoke severe penalties. These actions include but are not limited to:

1. Controlled substances - No student shall knowingly possess, use or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage or intoxicant of any kind. No student shall knowingly possess anything that is used for consumption, delivery, processing, or storage of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, intoxicant of any kind, electronic cigarette, vaporizer, vapor pen, mod box, or any item that closely resembles or is represented to be any of the foregoing items. Sexual harassment involves any form of harassment with sexual overtones.

The policy of Greensburg Community Schools is preventive in nature and is intended to provide an environment that is free of sexual or any type of harassment. This commitment applies to all School Corporation operations, programs, and activities. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against harassment based on sex, race, color, national origin, religion, disability, or any other unlawful basis, and encourages those within the School Corporation community as well as third parties who feel aggrieved to seek assistance to rectify the problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.
