

POST-GRADUATE (PG) PROGRAM

MCI's Post-Graduate Year Program offers students the following benefits:

- Take advantage of extensive academic opportunities including 12 on-campus Advanced Placement (AP) courses, College Preparatory courses, Concurrent Enrollment courses through Universities, and our SAT preparation program
- Identify academic passions and make a plan towards higher education or career goals with guidance from our experienced College and Career Counseling Office
- Improve social and organizational skills by getting involved in extracurricular activities
- Gain valuable leadership and experience through available community service and internships/apprenticeships with local businesses and organizations
- Further develop athletic or artistic talents through participation in MCI's award winning programs
- Continue overall personal growth by building independence and self-confidence while preparing for the many exciting challenges after graduation
