

Frasch Elementary

Spanish Immersion Program

Kindergarten Testing Information

- All prospective students are required to complete a screening assessment prior to admission.
- Dates for the screening assessment are chosen during the advertised dates for registration. All students who register by the current deadline will be tested.
- Testing does not guarantee acceptance. Scores are ranked highest to lowest and will reflect the total number of correct responses. Students earning the 30 highest scores will be offered a roster spot into our Spanish Immersion Program.
- All testing will take place at Frasch Elementary School. No exceptions.
- If a student is unable to test on the assigned testing date the school must be notified no later than one hour prior to the test.
- The test includes (but is not limited to) vocabulary, word analysis, listening, language, math, writing of name, writing select letters of the alphabet, writing numerals, and writing to show number sense.
- Testing takes place in a small group. Students must be able to leave the waiting area and accompany the test administrator independently. Please prepare your child to be able to do this.
- A waiting list will be created based on the ranking of test scores. If any of the 30 students decline the offered position a phone call will be made to offer the position to students on the waiting list according to ranking.
- Detailed information and specific questions regarding the assessment cannot be discussed due to test security procedures.
- Students that are accepted into our program will receive a phone call in May offering the position. Once officially accepted a letter that contains a school supply list, World Languages contract and a dress code policy. New family orientation is held in August.
- Please contact our office at 337-217-4550 with any changes in contact information or other questions you may have.
- There will be no makeup/retest opportunities if it is necessary to remove a student from the testing room.
