

HAWORTH SCHOOL DISTRICT

BOE GOALS 2024-2025

DISTRICT GOAL 1: The district will seek to improve Math, ELA, and Science performance in ALL grades through individualized instruction, increased instructional engagement, and the utilization of data to inform instructional programming.

DISTRICT GOAL 2: To foster a school environment that prioritizes the mental health and well-being of the school community. Thereby, enhancing student engagement, academic achievement, social-emotional development, and overall school community performance.

DISTRICT GOAL 3: Ensure efficient referendum project management, supervision, and communication strategies that will minimize disruption to school operations and maintain a conducive learning environment for all students and staff.

DISTRICT GOAL 4: The district will work to create specific guidance/support for the use of Artificial Intelligence to enrich learning experiences, promote student and staff well-being, and achieve learning goals. This includes the creation of a school task force and district policy, providing professional development for staff members, and offering learning opportunities for parents and stakeholders.

DISTRICT GOAL 5: The district will monitor all programs to promote practices that align towards our definition of academic rigor and physical wellness.
