

WE ARE CREW, NOT PASSENGERS

2025-2026 APPLICATIONS NOW OPEN

Friday, November 1, 2024

Our Mission

We strive to support the whole child and develop socially responsible leaders who aspire to create a better world.

Apply Today!

The 2025-2026 applications are open! The deadline to submit applications is **March 1, 2025**. The Public Lottery will be held virtually on **Monday, March 10th at 10:00 AM**. A link will be **shared at a later date**.

Tuition Free

Elgin Math and Science Academy is a Public Charter School. We are a tuition-free public school, and we receive our funding in the same way that public schools receive their funding. We do have a required **one-time fee of \$250.00** due every year, which covers registration, workbooks, curriculum, and one field trip. For families that qualify for **Free** it is \$65.00, and for families that qualify for **Reduced**, it is \$125.00.

Transportation

Yes, we bus all 90 square miles of the U-46 attendance area. We try to keep our bus route times under an hour at the longest, but because we bus a large distance, sometimes bus routes are lengthy. Bus routes are completed about 1-2 weeks before the first day of school and delivered to parents shortly after.
