Plan Summary 2024-27

General Information

A description of the Charter School and its students.

Santa Ynez Valley Charter School was founded in 2000 as an independent public school of choice serving families in the Santa Ynez Valley and surrounding regions. The school mission is to provide a nurturing, supportive and collaborative educational environment, a challenging curriculum, character development and a solid preparation for High School.

SYVCS is a not-for-profit corporation governed by a Board of Directors. Our sponsoring district is the College School District, Santa Ynez. Enrollment in 2023-24 was 170 students in Transitional Kindergarten through 8th grade, of whom 25% are Hispanic, 65% are white, 1% are African American, 1% are Asian and 8% are Two or More Races. 22% are socio-economically disadvantaged, 10% are students with disabilities, 3% are English Learners.

The school provides a comprehensive curriculum and support services for all its students and also participates in athletics and community service activities. The school prides itself on a collaborative ethos, progressive educational outlook and high levels of parent participation.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard and local data.

In 23-24 we saw an increase in enrollment, high student retention and a low turnover of staff, giving the school good stability. We have moved away from the interruptions of the pandemic and have returned to a normal and predictable school environment. Academically we are making ground on bringing students up to meeting or exceeding standards, in particular in English Language Arts, although Math continues to be an area of growth for us. We have achieved stability and continuity with our teaching staff and have put in practical steps to align learning vertically from grade to grade. This year we also continued to develop the Dragon Habits of Heart and Mind, which are a set of learner outcomes for our Dragons. Our students are getting to know them

and beginning to demonstrate them in practical ways. An area of growth for the school is in increasing average daily attendance and reducing chronic absenteeism.

In the area of resource management, we have attained three consecutive years of surplus budget, a trend we plan to continue as we grow and thrive. In 2023 we were able to offer our dedicated teachers and support staff a pay raise that they deserve. For the third year in a row, we achieved a 95% participation rate from our families in the Annual Appeal.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

Educational Partner(s)	Process for Engagement
Teachers	The LCAP was shared with representatives of the SYVCS Teacher Association and input/feedback was provided.
Administrators	The Administration is comprised of the Executive Director, who compiled the LCAP.
Parents and Students	The LCAP was shared with representatives of the SYVCS Parent Teacher Student Organization and input/feedback was provided. A parent meeting was announced to all parents and held on May 10, 2024 to go over the elements of the LCAP and receive input/feedback.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

SYVCS has made efforts to solicit stakeholder feedback before finalizing the LCAP. These include surveys completed by parents and students. The draft LCAP was also shared with our Teachers' Association and representatives of the Parent Teacher Student Organization prior to being presented to the Board in May 2023. A parent meeting for all families was held on May 12, 2023 and the LCAP was presented with discussion and opportunity for feedback. LCAP goals are mainly derived from strategic planning initiatives at the Board level. Our Board of Directors are parents, former parents and alumni of the school, with two teacher members. The Director, under the guidance of the Board, has initiated a robust stakeholder process and the engagement of the school community was considered before finalizing the LCAP.

PTSO and parent feedback indicates a need to improve communication to stakeholders for purposes of parent engagement and participation in events and volunteer opportunities. Embedded in this goal is the desire to have more community events on campus and to enhance the profile of the students and school in areas such as visual and performing arts and showcasing talent. Board and parent feedback has been instrumental in creating the goal of enhancing the overall school environment and experience for children, of providing a rigorous curriculum and extracurricular program, and of increasing enrollment and retention of students. The Board of Directors has established a Strategic Plan that informs many of the elements of the LPAC. The plan is endorsed by the Teachers' Association and the PTSO.
