

Introduction: LEA: Fontana Unified School District Contact Leslie Boozer, Ed.D., J.D., Superintendent, [leslie.boozer@fUSD.net](mailto:leslie.boozer@fUSD.net), 909-357-7600 LCAP Year: 2015- 2016

### *Local Control and Accountability Plan and Annual Update Template*

*The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.*

*For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.*

*Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.*

*The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.*

*For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.*

### **State Priorities**

*The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.*

#### **A. Conditions of Learning:**

**Basic:** *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

**Implementation of State Standards:** *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

**Course access:** pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

**Expelled pupils (for county offices of education only):** coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

**Foster youth (for county offices of education only):** coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

**B. Pupil Outcomes:**

**Pupil achievement:** performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

**Other pupil outcomes:** pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

**C. Engagement:**

**Parental involvement:** efforts to seek parent input in decision making at the district and each school site, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

**Pupil engagement:** school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

**School climate:** pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

**Section 1: Stakeholder Engagement**

*Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.*

**Instructions:** Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

**Guiding Questions:**

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?

7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p>An LCAP Leadership working group came together to review the 2014-2015 LCAP goals as the review process began. Realizing the 28 goals of the previous LCAP were often repetitive and more action oriented instead of goal oriented, the working group consolidated the 28 LCAP goals into 7 new LCAP goals, which also fall under the 3 new cornerstones of success from the Transforming Together strategic framework. The 7 new goals were then presented to the community for feedback.</p> <p>The District Cabinet worked to ensure stakeholders were kept abreast of both the development of the State budget/LCFF and the progress made at the state level of the LCAP statutory language. LCFF and LCAP presentations have been and continue to be regular agenda items at School Board meetings, site leadership meetings, and various parent advisory meetings. District and site leaders consistently gathered and discussed the changing policy and statewide implementation of LCFF and Cabinet members visited each school site to discuss the new funding plan with staff members. FUSD has held a number of meetings to gather input from the community. FUSD has a long and successful history of collaboratively involving stakeholders in the planning, implementation and evaluation of educational programs and services for students and families. Parents, students, staff, local businesses, and non-profit organizations are all valued as integral partners in the delivery of high quality educational services for students.</p> <p>Relying upon a bevy of professional networks, District leaders sought and shared current information to remain prepared and flexible for policy changes. With regular and ongoing support from the San Bernardino County Superintendent of Schools, FUSD's LCAP process remains aligned with newly-adopted State education policy. This also ensured the organized dissemination of key information, allowing for the identification and clarification of potential concerns or questions.</p> <p>Comprehensive communication strategies were employed using multiple communicative modalities including auto-dialer calls, site/District websites, and newly-developed social media links (Facebook, Twitter) to reach out to parents to ensure they were fully aware of dates, times, and locations of LCAP meetings. FUSD sought diverse, rich perspectives of Stakeholder input to ensure the involvement and representation of subgroups within the District. FUSD's internal structure regularly calls for the involvement of the public, including meetings of the Board, as well as Stakeholder meetings consisting of: Site Council meetings, Parent Teacher Association meetings, and service organizations such as Kiwanis, Exchange Club, and Rotary Club meetings, Special Education Advisory Council, Superintendent's Advisory Council, Site Administrators, District Office Departments, Faith-Based Leaders and all Collective Bargaining Units. This allowed stakeholders to identify opportunities for improvement in relation to the eight state priorities of the LCAP. FUSD district officials ensured that all committee meetings had a representation of stakeholders from the priority groups of English Learners, Foster Youth, and Low Socio-Economic during all LCAP meetings, in particular the district's Parent Advisory Committees (PAC).</p> <p><b>Parent Engagement Meetings (DAC/DELAC/SAC)</b>            January 15, 2015 – SAC/DAC LCAP presentation and prioritization activity            February 23, 2015 – SAC/DAC/DELAC LCAP presentation, feedback review</p>	<p>Through the involvement process, analysis of quantitative and qualitative data and input of stakeholder groups, the LCAP goals and actions were developed. Recommendations were filtered through the lens of greatest impact on student outcomes using current data to establish baselines and identify areas of strength and growth. This allowed the goals and plans to be consolidated into one plan in order to streamline the goals and actions for the school district. This will allow the school district and school to intently focus on creating strong instructional programs.</p> <p>Data included:</p> <ul style="list-style-type: none"> <li>• Demographics, enrollment, ethnic distribution of students</li> <li>• Teacher assignment, credentialing &amp; facilities</li> <li>• Instructional materials/adoption dates, blended learning programs</li> <li>• Implementation of Common Core including professional development, materials, coaching, planning, assessment</li> <li>• Broad course of study including electives</li> <li>• Intervention programs</li> <li>• Early Assessment Program, SAT, ACT</li> <li>• Number of CTE/ROP sections</li> <li>• API, AYP</li> <li>• "A-G" completion rates</li> <li>• CELDT</li> <li>• Reclassification rates of English Learners</li> <li>• Enrollment in Advanced Placement and results on AP tests</li> <li>• CAHSEE passing rates</li> <li>• Parent Involvement, committees, survey results</li> <li>• Attendance, suspension, expulsion rates</li> <li>• Graduation &amp; dropout rates</li> <li>• CAHSEE, graduation &amp; dropouts by Foster Youth, EL and low SES</li> <li>• School Climate and Connectedness: Healthy Kids Survey</li> </ul> <p>Areas of strength (e.g., attendance, reclassification rates, graduation rates, increased student proficiency in MAP scores), stakeholders identified systems in place that should be sustained.</p> <p>Areas of growth (e.g., decreasing dropout rates, improving college acceptance rates, increasing rigor of academic programs/instruction), stakeholders recommended taking action steps and agreed with consolidating the goals and plans to streamline the process.</p>

FUSD worked to engage as many stakeholders as possible and had multiple meetings with community members, stakeholders and had school site administrators conduct multiple LCAP meetings with parents, classified staff, and certificated staff. The recurring themes throughout all stakeholder meetings were:

- Professional development, materials and collaboration/planning time for CCSS implementation
- Expanded course offerings, especially supporting visual and performing arts
- Support for classroom technology
- Increased opportunity for College and Career readiness through alternative learning programs, Linked Learning programs
- School safety
- Mental health resources
- Parent outreach and workshops
- College awareness workshops for students and parents
- District-wide Code of Conduct program

Although not every suggestion could be included in the LCAP due to funding limitations, the Writing Committee engaged in an extensive process of prioritizing stakeholder input. As a result, the priorities bulleted above are all addressed in the FUSD LCAP.

<p><b>Annual Update:</b>  As Fontana Unified School District embarked upon its first year of implementation of the LCAP, the realization for a need to update the vision, values and strategic framework evolved. FUSD is committed to continuous improvement. District stakeholders at every level realize how vital it is to build, through teamwork, a vision and strategic framework to guide Fontana schools in the years ahead. In our shared vision, FUSD is a community united to ensure that every student is prepared for success in college, career and life.</p> <p>This vision, along with our <i>Transforming Together</i> Strategic Framework, grew out of thousands of hours of dialogue with students, teachers, classified staff, administrators, parents, elected officials, local organizations and community members. These diverse stakeholders provided comprehensive insight and feedback that coalesced into a roadmap for Fontana Unified.</p> <p>It is crucial that FUSD have a roadmap to define what success means for our district and make sure our goals are aligned with the new state and national standards. In order to ensure an inclusive and systematic approach to devising that roadmap, the district embarked on <i>Transforming Together</i>. The <i>Transforming Together</i> process emphasized community-wide collaboration and entailed five steps: initial visioning; synthesizing themes; stakeholder selection of goals; the building of a framework; and adoption of the framework by the Board of Education. The framework centers on the following cornerstones of success:</p> <ul style="list-style-type: none"> <li>• <b>Every Student Successful:</b> <i>Schools demonstrate a relentless focus on preparing students for success in college, career and life.</i></li> <li>• <b>Engaging Schools:</b> <i>Schools have the high-quality resources, leaders and teachers to provide the comprehensive learning environment required for a world-class education.</i></li> <li>• <b>Empowered Communities:</b> <i>Schools cultivate healthy environments and meaningful partnerships with families and communities to support student achievement in and out of school.</i></li> </ul>	<p><b>Annual Update:</b>  Throughout the Annual Review process, it was apparent that previously established programs and supports need continued time to grow. There are other additional programs and support structures that are needed in order to continue to see growth within FUSD's students.</p> <p>These focus areas, which also reflect the state's priority areas, included which are evident in the 15/16 LCAP after the Annual Review/Update are:</p> <ul style="list-style-type: none"> <li>• <b>Professional Development:</b> When our educators receive proper training that includes engaging and DOK strategies within their content areas, all students, including at risk students, are more likely to succeed. Staff needs to be highly qualified and trained, and instructional strategies and innovative tools are seen within first instruction.</li> <li>• <b>Parent Involvement:</b> Parents need access to schools in order to increase support. The district needs to work on eliminating barriers and training parents to access and support their child's education.</li> <li>• <b>Safety:</b> Maintaining campus environments that allow students to feel secure and focus on their education.</li> <li>• <b>College and Career Readiness:</b> Preparing students for the world after high school is critical to their long-term engagement in school and success over time. Implement a program that would encourage college and career readiness through our High Schools and then to the feeder schools.</li> <li>• <b>Student Engagement through Linked Programs:</b> The implementation of programs to engage and meet the needs of our students is paramount to creating and maintaining student engagement, and access and</li> </ul>

<p>FUSD worked to fill all positions within the LCAP, as well as general programs, with the most highly qualified staff. Not all positions were able to be filled due to limited availability of staff for hard to hire positions such as Math and Science. In order to not disrupt the instruction of classroom instruction to students, some positions were not filled and will be filled over the summer as to not disrupt the learning environment.</p>	<p>involvement are often the connection that academics do not provide for all students.</p> <ul style="list-style-type: none"> <li>• <b>Intervention Services At-Risk Students:</b> At risk students need more intensive programs and attention by highly trained and compassionate educators to ensure that they stay in school and succeed academically. Many students within the district, especially families of at risk students, struggle with accessing the educational environment and need additional assistance and support to do so, therefore it is imperative this be addressed in upcoming years.</li> <li>• <b>Intervention Programs and Support:</b> One-on-one and targeted intervention for students at risk of not achieving grade level standards allows students who may otherwise fail become successful.</li> </ul>

**Section 2: Goals, Actions, Expenditures, and Progress Indicators**

**Instructions:**

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

**Goal:** Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the school site level. The LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or school site.

**Related State and/or Local Priorities:** Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

**Identified Need:** Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

**Schools:** Identify the school sites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

**Applicable Pupil Subgroups:** Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

**Expected Annual Measurable Outcomes:** For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and at the school site level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d) (5) (B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

**Actions/Services:** For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

**Scope of Service:** Describe the scope of each action/service by identifying the school sites covered. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, school-wide, countywide, or charter wide.

**Pupils to be served within identified scope of service:** For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to "ALL."

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupil subgroup(s) as defined in Education Code section 52052.

**Budgeted Expenditures:** For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

**Guiding Questions:**

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?

- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

<b>Identified Need :</b>	1. Increase the percentage of English Learners who make progress on the California English Language Development Test (CELDT). 2. Increase the English Learner reclassification rate. 3. Increase the number of students who study a Foreign Language. 4. Increase communication with parents and other stakeholders.
--------------------------	---

<b>Goal Applies to:</b>	Schools: All	Applicable Pupil Subgroups: English Learners
-------------------------	--------------	--

**LCAP Year 1: 2015 - 2016**

<b>Expected Annual Measurable Outcomes:</b>	1. Annually districtwide the number of English Learners demonstrating at least one level growth toward English Language proficiency on the CELDT will increase by 1.5%. a. <b>Required State/Federal Metric: CELDT</b> 2. Annually each school site will increase their English Learner reclassification rate by 2% or more. a. <b>Federal/State/Local Metric: CELDT</b> 3. 15% or more of high school students will enroll in world language courses. a. <b>Required State Metric: Course Enrollment</b> 4. 95% of relevant district data, as determined by stakeholder input, will be posted on the district website in English and Spanish. a. <b>Local Metric: Stakeholder Surveys and feedback</b>

<b>Identified Need :</b>	1. Positive Behavioral Interventions and Supports (PBIS) is a universal, school-wide prevention strategy that is currently implemented to reduce disruptive behavior problems through the application of behavioral, social learning, and organizational behavioral principles. PBIS aims to alter school environments by creating improved systems and procedures that promote positive change in student behavior by targeting staff behaviors. 2. In order for the full implementation of PBIS to occur there needs to be full range of support from proper training to social emotional assistance for students, staff and parents as well as opportunities for students to be able to have an alternative to the traditional school setting to receive their education: <ol style="list-style-type: none"> <li>a. PBIS Planning/Piloting and Implementation</li> <li>b. PBIS Coach PD</li> <li>c. PBIS resources</li> <li>d. Parent/Student Communication on PBIS</li> <li>e. ### Annual Update

**Annual Update Instructions:** For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

**Guiding Questions:**

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Expected Annual Measurable Outcomes:	District will review intervention materials for all grades and will make progress toward the adoption of intervention instructional materials for all grades to ensure full alignment to the Common Core State Standards. 2.5% growth for proficiency and above targets for ELA and Mathematics is the current district goal.	Actual Annual Measurable Outcomes:  Reading/ELA - The Parent and Child Interactive Literacy Activities (PCILA) was implemented at Pre-K with TK-K to follow in 2015-16. 1st-2nd will implement in 2016-17. In house research shows this benefits both parent and child literacy. For grades 3-12, Sys44/Read 180 was implemented. The Scholastic Reading Inventory (SRI) measured student Lexile levels to determine growth in reading comprehension. The mean performance growth for all participating students was 143 points. Of those students, EL students averaged 139 points growth and 18% moved 1 or more proficiency bands, and Special Ed students averaged 105 points growth and 10% moved 1 or more proficiency bands.  Math - Three middle schools implemented Do the Math/Fast Math and Math 180. Four high schools implemented ALEKs. End of program data is not available at this time.

**Section 3: Use of Supplemental and Concentration Grant funds and Proportionality**

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	<u>\$64,200,080</u>
<p>Fontana Unified School District will receive approximately \$354,278,613 in Local Control Funding Formula funds including \$64.2 million in Supplemental Local Control Funding Formula Funds in 2015-16. This amount of supplemental funds is projected to change to approximately \$33.3 million in 2016/2017 with \$42.5 million in 2017/2018. These funds are calculated based on the number of English learners, students identified as low income, and foster youth. These funds are calculated based on Base Grant, Grade Span Adjustment and our unduplicated counts (86.48%) of English Learners, low income students, and foster youth.</p> <p>The District will also offer services and programs that are aligned with LCAP goals that serve all students such as: college and career support, International Baccalaureate, AVID, Visual and Performing Arts programs, Positive Behavior Intervention Support (PBIS), staff development on Common Core State Standards, and access to increased technological resources. School-wide implementation of these practices will not only have an impact on the learning environment and the school climate, but will provide access to resources that targeted subgroups would not have otherwise. Increased targeted services, support, and access will have a greater positive impact on the targeted subgroups.</p> <p>The District recognizes that while these funds are generated in order to serve the focus students, some services may, should the need arise, be utilized by students outside the focus subgroups. While the vast majority of students served will be focus students (over eighty percent), there will be other students who benefit from the services. FUSD, by providing many of the services identified without limitation to subgroup, will serve all students, especially focus students. The full list of expenditures is aligned with the goals of the FUSD Local Control and Accountability Plan and addresses the needs of our District's English Learners, low Income students, and foster youth.</p>	

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

22.31	%
<p>Fontana Unified School District's minimum proportionality percentage for students in the target group is 22.31%. This percentage is projected to change to 10.38 % in 2016/2017 and 13.41% in 2017/2018. As is demonstrated in section 3, programs and services have been allocated district-wide to target students in the focus groups. Currently, percentages of eligible students exceed</p>	

55% at all school sites with a District average exceeding 84%. Proportionally, schools with higher concentrations of low income, EL, Foster Youth, and students with disabilities will be receiving additional services and resources.

Nearly 85% of Fontana students can be classified as English Learner, low income, and/or foster youth. To address the unique needs of targeted student subgroups as well as improve the overall educational program for low performing students, FUSD will increase and improve programs and supports such as:

- Bilingual Aides (Spanish) will be increased to provide support for English Learners and their families at every site;
- Spanish, Arabic and Vietnamese Translators will be available to provide support district-wide to English Learners and their families. Services have increased by the addition of 9 additional translators
- Translators will be increased in the areas of site support, Special Services, Student Services, and district-wide support;
- EL Site Monitors will be supported through LCFF funding to maintain the additional services currently offered to our English Learners
- Increased services will continue through additional Teachers-on-Assignment including:
  - TOAs English Learners
  - TOAs English Learners/World Languages
  - TOAs English Learners/Dual Immersion
  - TOAs Math Intervention
  - TOAs CCSS Instructional Coaching (12)
  - TOAs Linked Learning
- Visual and Performing Arts will be increased to provide opportunities to target students. Additional services will increase services to low-income students by providing musical instruments in cases where families cannot afford instruments.
- Additional Instrumental Music Teachers at Elementary will increase services to all students including low income students who may have had less of an opportunity to receive music instruction outside of school due to cost limitations
- Instructional Support Teachers – Intervention:
  - One full-time teacher at every Elementary School (29)
  - Two full-time teachers at every Middle School (14)
  - One full-time teacher at every High School (7)
- Increased access to and use of assessments:
- Measures of Academic Progress (MAP)
- PSAT for all 10th graders
- ACT Aspire
- Additional counseling services will be increased for at-risk and foster youth by adding an at-risk counselor.

The District will also offer services and programs that are aligned with LCAP goals that serve all students such as: positive behavior intervention and support, college and career support, International Baccalaureate, AVID, Visual and Performing Arts programs, and access to increased technological resources. School-wide implementation of these practices will not only have an impact on the learning environment and the school climate, but will provide access to resources that targeted subgroups would not have otherwise. Increased targeted services, support, and access will have a greater positive impact on the targeted subgroups.

The District recognizes that while these funds are generated in order to serve the focus students, some services may, should the need arise, be utilized by students outside the focus subgroups. While the vast majority of students served will be focus students (over eighty percent), there will be other students who benefit from the services. FUSD, by providing many of the services identified without limitation to subgroup, will serve all students, especially focus students. The full list of expenditures is aligned with the goals of the FUSD Local Control and Accountability Plan and addresses the needs of our District's English Learners, low Income students, and foster youth.

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
  - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
  - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
  - (3) Divide (1) by (2).
- (b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.
- (c) "High school dropout rate" shall be calculated as follows:
  - (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
  - (2) The total number of cohort members.
  - (3) Divide (1) by (2).
- (d) "High school graduation rate" shall be calculated as follows:
  - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
  - (2) The total number of cohort members.
  - (3) Divide (1) by (2).
- (e) "Suspension rate" shall be calculated as follows:
  - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
  - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
  - (3) Divide (1) by (2).
- (f) "Expulsion rate" shall be calculated as follows:
  - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
  - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
  - (3) Divide (1) by (2).
