**\*Note:** The 2020–21 determinations of Long-Term English Learners (LTEL) and At-Risk of becoming LTEL (AR-LTEL) reflect a significant one-year increase in LTEL and AR-LTEL counts from the previous year. These increases stem from the lack of CAASPP-ELA and ELPAC data available in the 2019–20 academic year, due to the Covid-19 pandemic, which are required for making LTEL and AR-LTEL determinations. Specifically, Education Code Sections 313.1(a)(1)(2) and 313(b)(1)(2) state that students for which the required testing data are not available shall not be excluded from LTEL or AR-LTEL determinations.

**\*Note:** The “EL Total” column in this report displays the summed total of the disaggregated English Learner (EL) data in the four columns under the “English Learners” heading. The “Total (Ever-EL)” column displays the summed total of the data in the “RFEP” column plus the data in the four columns under the “English Learners” heading OR the data in the “EL Total” column, but not both. To view the data in this report as percentages, including “At-Risk” and “LTEL” percentages, select “Percents” from the View Data As menu option located above the report. The percent values displayed in this report are calculated as a percent of the “Total (Ever-EL)” which fully and more accurately considers what happens to all EL students over time, including those who are Reclassified Fluent English Proficient (RFEP).

<a href="#">State</a>	21.9%	10.1%	17.1%	1.1%	50.2%	49.8%	2,115,915

**\*Note:** The 2020–21 determinations of Long-Term English Learners (LTEL) and At-Risk of becoming LTEL (AR-LTEL) reflect a significant one-year increase in LTEL and AR-LTEL counts from the previous year. These increases stem from the lack of CAASPP-ELA and ELPAC data available in the 2019–20 academic year, due to the Covid-19 pandemic, which are required for making LTEL and AR-LTEL determinations. Specifically, Education Code Sections 313.1(a)(1)(2) and 313(b)(1)(2) state that students for which the required testing data are not available shall not be excluded from LTEL or AR-LTEL determinations.

**\*Note:** The “EL Total” column in this report displays the summed total of the disaggregated English Learner (EL) data in the four columns under the “English Learners” heading. The “Total (Ever-EL)” column displays the summed total of the data in the “RFEP” column plus the data in the four columns under the “English Learners” heading OR the data in the “EL Total” column, but not both. To view the data in this report as percentages, including “At-Risk” and “LTEL” percentages, select “Percents” from the View Data As menu option located above the report. The percent values displayed in this report are calculated as a percent of the “Total (Ever-EL)” which fully and more accurately considers what happens to all EL students over time, including those who are Reclassified Fluent English Proficient (RFEP).
