Two quotes that sum up my path to this position:

" Consider it pure joy my brothers and sister when you face trails of many kinds because the testing of your faith goes on to produce perseverance and perseverance must finish its race so that you may be complete and lacking nothing. When you can be happy in the midst of hardship then you see the true potential of the mind".

"I wish you success significant to your needs.

I wish you failure to temper that success,

I wish you joy in all your days.

I wish you sadness so that you may better measure joy.

WRITTEN BY I wish you gladness to overbalance the grief. LUKDAR

I wish you humor and a twinkly in your eye.

I wish you glory and strength to bear the burdens.

I wish you sunshine on your path and storms to season your glory".
