October Updates

Employee of The Month

This month's employee of the month is **Rodney Bustos**, who has been with the district for 8 years. He has been the man to call now that the rain has come. Multiple roof leaks have been repaired this month and we'd like to acknowledge the difficulty of this workload during this slippery, wet weather.

Annual Ben Lujan Maintenance Award

Our maintenance team recently attended a conference. We were awarded The Annual Ben Lujan Maintenance Award, which recognizes NM Public school maintenance and operations staff and teams for their performance and dedication. We are very proud of this accomplishment for our LAPS District!

Recent Projects

- Boiler Startups
- HVAC troubleshooting
- PSAT Testing Setups
- Dead Tree Cleanup

Cold Mornings, Warm Afternoons

Our HVAC Dept. has been tackling temps this tricky season. Getting things to stay at a steady degree is always a dilemma this time of year. We appreciate the staff being patient!

Work Order Report

Please take a look at our reports that show the preventative maintenance and work order completion from this past month! They can be found on our LAPS website under the About Tab: Departments > Facilities
