

# Pre-K Learning Compact

## Together is better!

Dear Parent/Family,

Congratulations! You just made a very important decision to enroll your child in our Pre-K program. Your commitment to our program will pave the way to make your child both socially & academically successful in Kindergarten. We appreciate the role you have played as your child's first teacher. We welcome your partnership as neither home nor school can teach your child alone. Our learning compact is an agreement between school and home to explain how we will work as a team to make sure your child has a successful Pre-K year.

### Parent/Family: I/We will...

- Commit to my child attending school regularly and on time.
- Check my child's binder/folder for daily communication.
- Attend Pre-K activities.
- Keep all contact information current.

### Child: I/We will...

- Take ownership of my learning.
- Be kind with my words.
- Participate in classroom activities.
- Read with someone daily.
- Have fun learning!

### School: We will...

- Provide high-quality instruction.
- Communicate with families.
- Assist your family with skills to help your child at home.
- Partner with your family to provide the best education.
- Provide a safe learning environment.
