

GILROY UNIFIED SCHOOL DISTRICT BOARD HANDBOOK

Governance Handbook

The Board of Education is entrusted by the community to uphold the Constitutions of California and the United States, to protect the public interest in schools, and to ensure that a high-quality education is provided to each student. School districts and county offices of education are governed by boards, not by individual trustees. While understanding their separate roles, the Board and Superintendent work together as a “governance team.” This team assumes collective responsibility for building unity and creating a positive organizational culture in order to govern effectively. To operate effectively, the Board and Superintendent must have a unity of purpose, an understanding of roles and responsibilities, governance standards and protocols.

The Busy Life of a GUSD Board Trustee

School board trustees are a diverse group united by a common goal: supporting students and improving their academic and social outcomes. A trustee is called to public service with the intention of making a difference in the lives of children and families in their community. They are responsible for the continuous improvement and effectiveness of educational programs, the district's fiscal health, and providing opportunities for student growth and achievement. Below is a description of the GUSD Trustee's commitment:

1. **There are typically two Board Meetings per month**, on the 2nd and 4th Thursdays with several months having only one meeting. The December meeting includes the Annual Organizational Meeting. Special Board Meetings may be scheduled as needed. Generally, Board meetings begin with closed session, at 5:30pm, and open session at 7:00pm and end by 9:30pm or later. Depending on the Trustee, Board meeting material can take anywhere from two to eight hours to review and prepare for the meeting.
2. **Trustee comments and comments regarding the Board Agenda are due** to the Executive Committee, composed of the Superintendent, the Board President, and the Board Vice President, by the Monday prior to a Board meeting. The Superintendent will make every effort to ensure questions are addressed in a timely manner before the meeting.
3. **Board Education Workshops** are scheduled regularly to enhance the Board's knowledge and ability to work as a successful governance team. For example, the Superintendent may ask legal counsel to meet with new Board Trustees to review the legal obligations of the Trustee. Other opportunities for learning and growth are offered by the California School Boards Association (CSBA).
4. **A Board Retreat** is scheduled at least once per year. This meeting has been traditionally scheduled in the month of January on a Saturday. The intent of this annual meeting is to review the District's Vision and Mission Statements, along with the Board's Goals. Along with these topics, the Board also engages in a professional learning of a topic that aligns with the District's and Board's goals.
5. **The CSBA Annual Education Conference** is held in the first week of December from Wednesday through Saturday. Trustees are strongly encouraged to attend in an effort to improve the understanding of the work of a trustee and build a cohesive working relationship with each other and the Superintendent.
6. **Community Events** that throughout Gilroy are also part of a Trustee's purview. Trustees are encouraged to attend local events to stay engaged with the community.

7. **School Activities** occur quite regularly at each of our schools. Trustees are encouraged to attend when possible.
8. **The Superintendent's Formal School Site Visits** occur twice a year, once in the Fall and once in the Spring, to each school in order to see student progress in the classrooms. Trustees are encouraged to attend.
9. **Pay and Benefits** currently include a \$400 per month stipend and the option to join the District's group health insurance plan at the same rate as employees.

Roles and Responsibilities

These roles and responsibilities represent core functions that are fundamental to a school system's accountability to the public. Authority is granted to the Board as a whole, not any Trustee individually. Therefore, Trustees fulfill these responsibilities by working together as a governance team with the Superintendent to make decisions that will best serve all the students in the community.

The role of Trustees is to stay focused on the big picture while fulfilling their responsibilities in a series of job areas. These five responsibilities are:

- To set the direction.
- To establish the structure.
- To provide support.
- To ensure accountability.
- To act as community leaders.

We carry out these responsibilities in each of the following job areas:

- Setting the District's Direction
- Student Learning and Achievement
- Finance
- Facilities
- Human Resources
- Policy
- Judicial Review
- Collective Bargaining
- Community Relations and Advocacy

The Superintendent assists the Board in carrying out its responsibilities in each of the job areas, and leads the staff toward the accomplishment of the agreed upon District vision, mission, and goals.

Board Governance Standards

Effective boards make a commitment to govern responsibly and effectively. Board Governance Standards are designed to guide the collective work of the Board in their responsibility to protect the public interest in schools and ensure that a high-quality education is provided to each student. The standards also provide a framework for Trustees and the Superintendent to work together as a governance team.

1. Trustees understand the distinction between the Board roles and District staff roles and delegate administrative functions to the Superintendent.
2. Trustees never discuss confidential personnel matters, confidential negotiation matters, or any matters discussed in closed session, with anyone, including members of the bargaining units, the public, or staff.
3. No Trustee will make, or appear to make a decision, which appropriately should be made by the entire Board. There are seven board members. "I am only one equal vote."
4. Each member of the team accepts responsibility for making the team successful.
5. Appointments are made by the Superintendent, in consultation with the Board. Personnel changes are to be recommended by the Superintendent. Board input will include only significant and relevant data – never the "pushing for" or "pushing out" of individuals.
6. Trustees are encouraged to be aware of their conversations involving the business of the District to ensure that their conversations outside of a noticed meeting, either directly or indirectly, involve less than a majority of the Board (Brown Act).
7. Loyalty to the entire team includes:
 - a. Reading board packets prior to meeting, bringing questions or concerns prior to the meeting
 - b. Attending meetings
 - c. Participating in the discussion of issues and listening patiently and respectfully
 - d. Being civil and striving to understand points of view
 - e. Respecting and acknowledging each individual's thoughts and opinions
 - f. Accepting and living with the action of the Board – prior disagreements are deemed closed after action is taken
8. The Board will conduct regular and timely evaluations of the Superintendent, based on the vision, goals, and performance of the district, and ensure that the Superintendent holds district personnel accountable.
9. The Board will periodically evaluate its own effectiveness.

Board Protocols

Protocols provide specific guidelines within which the Board will function. The following are agreed upon norms, procedures, and protocols required for the Board to work in a cohesive, consistent, and professional manner.

1. Discussions are conducted professionally, exhibiting attentive listening, mutual respect, politeness and calm, despite differences of opinion.
2. New issues or items raised during public comment at a school board meeting will be referred to the Superintendent, and the Superintendent will respond accordingly.
3. Questions and clarification of board agenda items are to be communicated to the Executive Committee by the Monday prior to the board meeting.
4. Any substantive complaint or concern communicated to a trustee by the community is to be referred to the Executive Committee, and the Superintendent shall provide a response to the entire Board in a timely manner.
5. Individual requests for reports, surveys, projects, or information will be directed to the Executive Committee and responses will be directed to the entire Board.
6. Rumor and innuendo information are not to be pursued except by and in the judgment of the Superintendent.
7. Trustees should not come between the Superintendent and District staff, as this may undermine the Superintendent's authority.
8. Any concern reported to the Superintendent by a Trustee is to receive the appropriate priority, with the disposition of the matter communicated to all of the Board.
9. With the exception of campaigning for office during election season, Trustees will not use the media as a personal forum. The Superintendent and the Board President are the District spokespersons for issues involving the media. The Superintendent may consult with Trustees to develop a public statement.
