## Community Service Contract

Community service is required for graduation from Carmel High School. In meeting this requirement please conform to the following guidelines:

1. Community Service work performed by students **must be for a non-profit organization,** such as a school, hospital, nursing home, community center or charitable organization. Note, not all work performed for a non-profit necessarily meets the CHS definition of community service. Please see the Community Service Coordinator or the Carmel High School Principal prior to participating in any activities that do not clearly uphold the principle and philosophy of **service** to the community.

2. Students are expected to follow the rules and regulations that govern conduct at Carmel High School while participating in community service work.

3. Student must provide their own transportation for community service projects.

4. Neither the Carmel Unified School District, its officers, employees, agents, nor the supervisor shall be responsible or in any way liable for the conduct of the student at any time when such student is not on school property.
