2024-2025 Nevada School Climate/ Social Emotional Learning Survey Parent Opt Out Form

American Institutes for Research (AIR) administers the Nevada School Climate/Social Emotional Learning (NV-SCSEL) survey on behalf of the Nevada Department of Education (NDE) to students in grades 5-12 across the state.

The goal of the NV-SCSEL survey is to better understand student learning conditions, social and emotional competencies, and factors affecting school climate in Nevada. To reach this goal, topics addressing students' perceptions of engagement and safety as well as items associated with social and emotional competence are measured.

The Douglas County School District will be conducting the NV-SCSEL survey this fall. The survey window will open November 4 and close December 6, 2024.

If you **DO NOT** want your child to participate in the NV-SCSEL survey, please return this "opt out" form to your child's school before the survey date. Your school and survey administration window/date are below:
