

"Your Pathway to Asthma Control" PACNJ approved Plan available at www.pacnj.org

## Asthma Treatment Plan Patient/Parent Instructions

The **PACNJ Asthma Treatment Plan** is designed to help everyone understand the steps necessary for the individual patient to achieve the goal of controlled asthma.

#### **1.** Patients/Parents/Guardians: Before taking this form to your Health Care Provider:

Complete the top left section with:

- Patient's name
- · Patient's date of birth

- Parent/Guardian's name & phone number
- An Emergency Contact person's name & phone number
- Patient's doctor's name & phone number

#### 2. Your Health Care Provider will:

Complete the following areas:

- The effective date of this plan
- The medicine information for the Healthy, Caution and Emergency sections
- Your Health Care Provider will check the box next to the medication and check how much and how often to take it
- Your Health Care Provider may check "OTHER" and:
  - \* Write in asthma medications not listed on the form
  - ♦ Write in additional medications that will control your asthma
  - \* Write in generic medications in place of the name brand on the form
- Together you and your Health Care Provider will decide what asthma treatment is best for you or your child to follow.

#### 3. Patients/Parents/Guardians & Health Care Providers together:

Discuss and then complete the following areas:

- Patient's peak flow range in the Healthy, Caution and Emergency sections on the left side of the form
- Patient's asthma triggers on the right side of the form
- For Minors Only section at the bottom of the form: Discuss your child's ability to self-administer the inhaled medications, check the appropriate box, and then both you and your Health Care Provider must sign and date the form

#### 4. Parents/Guardians: After completing the form with your Health Care Provider:

- Make copies of the Asthma Treatment Plan and give the signed original to your child's school nurse or child care provider
- Keep a copy easily available at home to help manage your child's asthma
- Give copies of the Asthma Treatment Plan to everyone who provides care for your child, for example: babysitters, before/after school program staff, coaches, scout leaders

#### This Asthma Treatment Plan is meant to assist, not replace, the clinical decision-making required to meet individual patient needs. Not all asthma medications are listed and the generic names are not listed.

#### Disclaimers:

The use of this Website/PACNJ Asthma Treatment Plan and its content is at your own risk. The content is provided on an "as is" basis. The American Lung Association of the Mid-Atlantic (ALAM-A), the Pediatric/Adult Asthma Coalition of New Jersey and all affiliates disclaim all warranties, express or implied, statutory or otherwise, including but not limited to the implied warranties or merchantability, non-infringement of third parties' rights, and fitness for a particular purpose.

ALAM-A makes no representations or warranties about the accuracy, reliability, completeness, currency, or timeliness of the content. ALAM-A makes no warranty, representation or guaranty that the information will be uninterrupted or error free or that any defects can be corrected.

In no event shall ALAM-A be liable for any damages (including, without limitation, incidental and consequential damages, personal injury/wrongful death, lost profits, or damages resulting from data or business interruption) resulting from the use or inability to use the content of this Asthma Treatment Plan whether based on warranty, contract, tort or any other legal theory, and whether or not ALAM-A is advised of the possibility of such damages. ALAM-A and its affiliates are not liable for any claim, whatsoever, caused by your use or misuse of the Asthma Treatment Plan, nor of this website.

The Pediatric/Adult Asthma Coalition of New Jersey, sponsored by the American Lung Association of New Jersey, and this publication are supported by a grant from the New Jersey Department of Health and Senior Services (NJDHSS), with funds provided by the U.S. Centers for Disease Control and Prevention (USCDOP) under Cooperative Agreement 5U59EH000206-3. Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the NJDHSS or the USCOCP. Although this document has been funded wholly or in part by the United States Environmental Protection Agency under Agreement XA97266707-2 to the American Lung Association of New Jersey, it has not gone through the Agency's publications review process and therefore, may not necessarily reflect the views of the Agency and no official endorsement should be inferred. Information in this publication is not intended to diagnose health problems or take the place of medical advice. For asthma or any medical condition, seek medical advice from your child's or your health care professional.

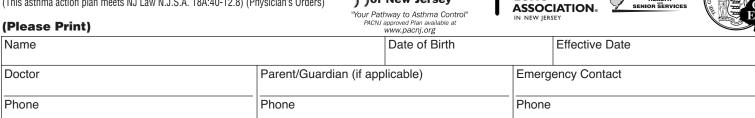

# Asthma Treatment Plan

(This asthma action plan meets NJ Law N.J.S.A. 18A:40-12.8) (Physician's Orders)

HEALTHY

) The Pediatric/Adult **Asthma Coalition** ))of New Jersey

### Take daily medicine(s). Some metered dose inhalers may be more effective with a "spacer" - use if directed
