- Each school **district** shall have a district improvement plan that is developed, evaluated, and revised annually, in accordance with district policy, by the superintendent with the assistance of the district-level committee. (Section 11.251 of the Texas Education Code)
- Each school year, the principal of each school **campus**, with the assistance of the district-level committee, shall develop, review, and revise the district improvement plan for the purpose of improving student performance for all student populations, including students in special education programs under Subchapter A, Chapter 29, with respect to the academic excellence indicators adopted under Section 39.051 and any other appropriate performance measures for special needs populations. (Section 11.253 of the Texas Education Code)

Mission Statement

We, the staff, students, and parents of Nazareth Independent School District believe that all students can and will learn. We have a climate of high expectations. We believe that our school provides quality and equity in instruction in an atmosphere that is conducive to learning. We feel that our mission of educating students is best accomplished when home and school work together. We are dedicated to educating our children to be productive, respectful, and patriotic citizens in a changing future.

Continue growth of integration of technology	<i>Anecdotal evidence Accountability</i>
Increase training and capacity for interventions, tutorials, accelerated instruction, technology, citizenship	<i>Anecdotal evidence of need</i>

Three Elements of a Title I, Part A, Schoolwide Program

Element 1 Comprehensive Needs Assessment (CNA) Sec. 1114(b)(6)-

1.1 The Title I, Part A Campus Improvement Plan is based on a comprehensive needs assessment of the entire school that takes into account information of children in relation to the challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State Academic standards and any other factors as determined by the Local Educational Agency (LEA).

The comprehensive needs assessment is the centerpiece of the planning process and is the driving force most impacting the district and campus improvement plans. Using internal and external data assists the planning team in developing its vision of the future in a systematic effort to acquire an accurate, thorough picture of the school district. The comprehensive needs assessment should identify the strengths and areas in need of improvement by examining student performance, staff and curriculum objectives, parent and community involvement, and campus facilities.

Element 2 District Improvement Plan Requirement (DIP)

Schoolwide Plan Development Sec. 1114(b)(1-5)

2.1 The DIP is developed with the involvement of parents and other members of the community to be served and individuals who will carry out such plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators (including administrators of programs described in other parts of this title), the local educational agency, to the extent feasible, and if appropriate, specialized instructional support personnel, technical assistance providers, school staff, if the plan relates to a secondary school, students, and other individuals determined by the school.

2.2 The DIP remains in effect for the duration of the school's participation under this part, except that the plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging State academic standards.

2.3 The DIP is available to the LEA, parents, and the public, and the information contained in such plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.

Schoolwide Reform Strategies Sec. 1114(b)(7)(A)(i-iii)

2.4 Schoolwide Reform Strategies that the school will be implementing to address school needs, including a description of how such strategies :

i. Will provide opportunities for all children, including each of the subgroups of students (economically disadvantaged students, students from major racial and ethnic groups, children with disabilities, and English learners [Sec 1111(c)(2)]) to meet the challenging State academic standards

2.5 Will use methods and instructional strategies that strengthen the academic program in the school, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.

2.6 Will address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards.

Element 3 Parent and Family Engagement

Parent and Family Engagement Sec. 1116(a)(2) and Sec. 1116(2)(c)(2)

3.1 Campuses shall jointly develop with, and distribute to, parents and family members of participating children a written parent and family engagement policy, agreed on by such parents, that shall describe the means for carrying out the following requirements. Parents shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents can understand. The policy shall be made available to the local community and updated periodically to meet the changing needs of parents and the school.

3.2 Campuses shall offer a flexible number of meetings, such as meetings in the morning or evening, and may provide, with funds provided by Title I, Part A, transportation, child care, or home visits, as such services related to parental involvement.

The comprehensive, intensive, accelerated instruction (AI) program at this district/campus... *consists of before school and after school tutorials for students at-risk as well as tutorial periods that are scheduled during the school day.*

Upon evaluation of the effectiveness of this program the committee finds that... *more emphasis needs to be placed on interventions in the classroom (AI – Accelerated Instruction plans)*

State Compensatory Education

State of Texas Student Eligibility Criteria:

A student under 26 years of age and who:

1. Was not advanced from one grade to the next for one or more school years unless the student did not advance from Pre-K or Kindergarten to the next grade level only at the request of the student's parent.
2. Is in grades 7-12 and did not maintain a 70 average in two or more subjects in the foundation curriculum during a semester in the preceding or current school year OR is not maintaining a 70 average in two or more foundation subjects in the current semester.
3. Did not perform satisfactorily on a state assessment instrument, and has not in the previous or current school year performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that instrument.
4. Is in pre-kindergarten – grade 3 and did not perform satisfactorily on a readiness test/assessment given during the current school year.
