Board Action Needed:
The purpose of this Board communication is to request approval of the Annual Supportive School Climate Advisory Committee Member List. Board approval is required annually for this advisory group.

Background Information:
Per the stipulated agreement with the Department of Justice, Oroville Union High School District is to establish a Supportive School Climate Advisory Committee consisting of parents, students, and staff who establish a representation of the diverse students attending District schools and members of community organizations and non-profit organizations working and providing support to students and parents in the area. This committee will provide suggestions on improvements to the District's discipline policies, practices, and procedures, the terms and implementation of substantive provisions in this Judgment, and communications with parents, students, and the community reading the same.
