

SchoolMessenger Information

Amity Region 5 uses the SchoolMessenger Mass Notification System to provide timely communication to parents/guardians on numerous occasions not limited to things such as school closures, attendance, general information, and potential emergency situations. Contact information comes directly from PowerSchool and is updated on a nightly basis. Whenever a change in contact information is made in PowerSchool it will also be made in SchoolMessenger. **If you wish to update your contact information you must do this in PowerSchool for the changes to take effect.**

There is a separate portal that you may use to adjust your SchoolMessenger settings, but you must access it for the first time through PowerSchool. Simply click the SchoolMessenger link in PowerSchool. When creating a SchoolMessenger account please use the email address associated with your PowerSchool Parent Portal account. If you are unsure of the email used you can click the Email Notification link within PowerSchool to see your account email. Failure to use an the correct email will result in an error. School Messenger also has an iOS and Android app for use on your mobile device.

Once logged into school messenger, you can click on your initials in the top right corner and adjust any of the preferences on your account.

SMS Opt-in

Our district will also send sms/text messages out from time to time. In order to receive text message from the district your phone number will need to be opted-in to our system. This may have already happened for your phone number. If it has not you may text the letter y or the word yes to the phone number 67587. At any time after opting-in you may text STOP to the same number to Opt-out of future messages. Please note that not every communication the district sends will have a corresponding text message.

If you have questions, or issue, please contact the technology helpdesk at helpdesk@amityregion5.org
