SOLAR ECLIPSE

On March 21, the 2nd and 3rd grade classes went on a virtual field trip to learn about the solar eclipse. Author Valerie Marsh and Miss Liz the Science Wiz provided an interactive program about the solar eclipse. The students were able to act out what happens during a solar eclipse and how to keep their eyes safe.

MESSAGE FROM THE SUPERINTENDENT

By DR. TAWEEPON FARRAR

The administrative team has been working diligently with staff to ensure that we have a conservative budget that maintains our programs with some enhancements. The district, like many other districts, is facing increased costs in the areas of minimum wage, fuel, health insurance, and services. Our focus has been maintaining resources to build and improve our academic program in addition to our facilities.

A separate newsletter will be sent out with specific details related to the budget. We need the community support on the budget to move our district forward for our students!

Why should you come out to vote YES for the school budget on May 21?

- 1. Investing in Education:** Supporting the school budget means investing in the education of our youth. Adequate funding ensures that schools have the necessary resources to provide quality education, including hiring qualified teachers, maintaining facilities, and offering a variety of programs and extracurricular activities.
- 2. Student Success:** A well-funded school system contributes directly to student success. It enables schools to provide smaller class sizes, individualized attention, and access to updated educational materials and technology, all of which are essential for effective learning.
- 3. Community Development:** Strong schools are the backbone of thriving communities. A well-supported school system attracts families to an area, enhances property values, and fosters community pride. It also helps prepare students to become productive members of society, contributing to the overall well-being of the community.
- 4. Economic Growth:** Education is a cornerstone of economic development. By investing in education, we are investing in the future workforce. Well-educated individuals are more likely to secure higher-paying jobs, which in turn boosts local economies and reduces reliance on social services.
- 5. Equality and Opportunity:** Adequate funding for schools is essential for promoting equality of opportunity. It ensures that all students, regardless of background or socioeconomic status, have access to a quality education. Voting yes on the school budget helps bridge the achievement gap and promotes fairness in education.
- 6. Long-term Benefits:** Supporting education is an investment in the future. Well-educated citizens are better equipped to tackle societal challenges, participate in civic life, and contribute positively to society. By voting yes on the school budget, you are helping to shape a better future for generations to come.

In summary, voting yes on a school budget is not just about allocating funds; it's about investing in the future of our children, our communities, and our society as a whole.

#WEAREWESTVALLEY

WE ARE NOT DONE YET!

By MR. AMODEO, PRINCIPAL/CURRICULUM COORDINATOR

The final quarter of the year has certainly come quickly. We have less than 8 weeks left in the school year with much to do. Students and teachers will continue their preparations for end of the year assessments, while at the same time planning for the next school year. The 4th quarter is a very busy time for students and staff. It is also a time for tremendous growth as we persevere through the end of the year to finish strong.

We are in the planning stages of a summer enrichment program for students currently in kindergarten through 11th grade. The focus of this program will be to continue building student skills through a variety of experiences and projects. The six-week program for students in K-6th grade will be similar to years past with students being able to attend from 8:00-11:00 four days per week. We are planning a more "camp" based program for students in grades 7-11 that including athletic opportunities.

In the meantime, we have many upcoming events. Our 8th grade students will be attending their Close-Up Washington, D.C. trip April 28 through May 1. Our seniors will be attending their senior trip to Tampa, FL on May 4-7. The Parents as Reading Partners (PARP) program for Elementary students will begin the second week of May and will end with the PARP carnival on May 17. The Marching Band will participate in the Springville Pageant of Bands on May 18 followed by our spring Chorus concert on May 20.

To close out the month of May we will have our annual budget vote, Arts Showcase, and hot dog sale on Tuesday, May 21. Please come out to vote on May 21. We are looking forward to all these events and the opportunity for our community to support our students and school.

FEEDMORE WNY WEEKEND BACKPACK PROGRAM

If any family wishes to participate in our **Weekend Backpack Program**, please contact Mr. LaBrake anytime during the school year. The goal of the Weekend Backpack Program is to provide nutritious and easy-to-prepare meals for children to take home on weekends. This program is provided to you **completely free of charge!**

Each week your child will be provided with a bag of nutritious, non-perishable food to be eaten over the weekend. The food will be placed in your child's backpack at the end of the school day and is intended to be opened once your child is home. The program will continue throughout the 2023-24 school year. Participation in the Weekend Backpack Program **will not affect your family's eligibility for other food assistance programs (such as SNAP, WIC, or food pantry access).**

To enroll your child/children in the program, contact Mr. LaBrake. Please call with any questions at 716-942-3100, ext. 4148 or send an email to mlabrake@wvalley.org.

WVCS HEALTH CORNER

What to know about Seasonal Allergies

Spring is (finally) in the air, but now you are not feeling so well. Do you feel like you always get a cough, runny nose, and itchy, watery eyes at certain times of the year? You may have just called it a cold or the flu. However, it is likely you have seasonal allergies.

Seasonal allergies, also called hay fever or allergic rhinitis, are more common than you think. Millions of people in America suffer from this condition every year. As the seasons change and there is warmth in the air, this triggers the growth of plants and mold. The plants and mold then release tiny, microscopic pollen and spores into the air. When you breathe in pollen and spores, it can cause inflammation, irritation, and other symptoms.

The symptoms of seasonal allergies can be minor like sneezing a few times a year. But for some, seasonal allergies can cause congestion; a runny nose; itchy, watery eyes; and headaches for weeks or months at a time. Common seasonal allergy signs and symptoms include:

- Itchy, watery, or red eyes
- Circles under eyes
- Itchy mouth, nose, or throat
- Runny or stuffy nose
- Drainage from the nose down the back of the throat (postnasal drip)
- Temporary loss of smell
- Headache
- Sneezing
- Dry cough
- Tiredness (due to difficulty sleeping from other symptoms)
- Scratchy or sore throat (rarely)
- Snoring (due to congestion)

To find out if you have seasonal allergies a primary care physician or an allergy specialist can give you an official diagnosis. Often this includes allergy testing.

CREATIVE WRITING FIELD TRIP

On Tuesday, March 26, students in Mrs. Isaacs' Creative Writing class traveled to the UB Center for the Arts to hear National Youth Poet Laureate Amanda Gorman speak. She encouraged students and audience

members to understand that poetry can help us "mobilize our best selves" and "voice our deepest urges to improve the world." She explained that her inaugural poem shed light on how it feels to be an American and

how wonderfully different that can be for everyone—"for there is always light...if only we are brave enough to be it."

ART CORNER

Students in 9th grade learned about 1-point and 2-point perspective and were tasked with creating a fictional environment based off of a song of their choosing. The students printed and analyzed song lyrics to find and illustrate symbols, moods, and meanings from the songs into their artworks. These paintings are also equipped with NFC tags which when tapped with a mobile device will take the viewer to a link that plays the song that the artwork is based on.

HIGH SCHOOL JURIED ART EXHIBITION

Congratulations to our high school artists whose work was chosen for the High School Juried Art Exhibition at the Quick Arts Center at St. Bonaventure University. The opening reception was held on April 9. Kudos to senior RyAnn Turner and her sister Ezra Tingle. The artwork will be on display until May 5.

Congrats!

ALLEGANY CAMPING TRIP 2024

Over the weekend of March 31 through April 1, Ms. Shaw and Mr. Lembke took students in West Valley's Outdoor Recreation Club on an overnight camping retreat to Allegany State Park. Students spent Friday with NYS Parks educators learning about fossils and the geological formations within the park. They also received an introduction to backpacking with further insights into

proper fire building techniques and hammock camping. Students had opportunities to explore thunder rocks, fish at Redhouse Lake, gather around the campfire, and play indoor/backyard recreational games. It was an amazing experience generously provided by Ladders to the Outdoors and NYS Parks Educators.

OH MY GOURD, AREN'T THESE CUTE?

The 2nd grade would like to send a huge thank you out to Mrs. Diane Green! Mrs. Green donated gourds to Lisa Green's 2nd grade class. With the guidance of Mrs. Loreen Butcher, the students were able to create the most adorable bunnies. The students had so much fun with this project and cannot thank our community members (The Greens) enough for their generosity.
