

WEST VALLEY CENTRAL SCHOOL

School and Community Working Together

VOLUME 29, No. 5

DECEMBER 2022

FRIENDSGIVING

Student Council hosted our first ever Friendsgiving for grades 7-12 on November 16th after school! Students and staff brought dishes to pass, including mashed potatoes, green bean casserole, two different types of stuffing, turkey meatballs, desserts, and so much more! We had a great time sharing a meal with friends before enjoying our time off with family. Happy Friendsgiving!

MESSAGE FROM THE SUPERINTENDENT

BY DR. TAWEEPON FARRAR

The results of the Spring 2022 3-8 Math and ELA NYS Assessments have recently been released. While I am proud to say our participation rate was nearly perfect with 100% participation in ELA and 99% participation in Math, we have much work to do. While we do have data from the 2022 assessments, we need more than one data set to make significant assumptions. "Due to the ongoing impacts of COVID-19, it may not be appropriate to compare 2021-22 NYS standardized assessment results with results from prior years," the New York State Education Department said in a news release in October. "And due to a 2018 change to the two-session test design and the performance standard review process, the 2017 Grades 3-8 ELA and math results should not be compared with subsequent results."

Nonetheless, we can learn a lot and begin to focus on specific areas. We did not expect our rankings to increase by leaps in one year. I do expect that we shall begin to see increases in the next couple of years in our rankings. This summer, we began intensive professional development that our staff has not endured before. It was a challenge for them as change often is, but they have accepted that challenge. We should be very proud of our teachers! I know I am. Our primary focus is developing a comprehensive and rigorous ELA and Math curriculum in addition to a very comprehensive multi-tiered system to monitor student progress. Our teachers are continuing that work on the curriculum guided by experts in

those specific fields. We have also infused integrated co-teaching coupled with specially designed instruction for our special education students which has not been present at West Valley CSD previously. There is no doubt we have started seeing some student growth immediately within the classrooms.

In last month's newsletter, there were highlights of our students accessing our STEM curriculum. The district started this school year to begin infusing the WOZ ED curriculum pathways: coding, robotics, engineering, animation, and augmented reality/virtual reality (AR/VR). Mrs. Thiel has taken the lead on this work and has done a tremendous job so far. Steve Wozniak, co-founder of Apple, recognized West Valley CSD along with 41 other districts across the nation for our beginning efforts with the STEM program. We will continue to develop and progress through the curriculum.

There is no doubt the West Valley CSD spirit has skyrocketed. Sports are back and we have high participation. Our student athletes are excelling both on and off the field/court. We had a very successful Fall Sports night where our athletes were recognized. We look forward to our Winter season of sports with basketball and bowling. We also have all our extracurricular clubs in full swing!

The year 2022 has been a successful year. We have grown in and out of the classroom. I look forward to continuing to move forward!

#WEAREWESTVALLEY

West Valley CSD has achieved Woz Pathway District Status.

Woz Pathway Districts are an elite group of Districts that exemplify teaching and learning designed for students to explore their future in the tech economy.

Woz Pathway Districts are changemakers in education, and I am proud to induct West Valley CSD as part of an exclusive global community, recognized and celebrated for educational transformation that includes collaboration, problem solving, and critical thinking. You will ignite the spark in all of your learners to develop an engineering mindset.

It is an honor to support you on your journey!

A blue ink signature of Steve Wozniak, written in a cursive, handwritten style.

WOZ ED

Mission Statement

The West Valley Central School District supports and empowers all students to realize their full potential by preparing them to become lifelong learners and leaders in our society.

Vision

West Valley Central School will become an exemplary learning community in our region, leading with pride and positivity, striving for excellence in and outside the classroom, moving forward for our students.

Guiding Principles/ Core Beliefs

We believe that all individuals can learn and that learning is a lifelong process. Our responsibility is to:

- Create an educational atmosphere conducive to all learners focusing on the New York State Education Learning Standards and social - emotional learning while providing a positive and inclusive environment.
- Hold ourselves accountable with the highest expectations in providing support to all students in all facets of learning.
- Foster collaboration and communication between students, parents, the community, and the school.

#WeAreWestValley

How the Board Agenda is Developed.

Board meetings are the place where the board conducts its business in public. Even though an agenda is not required for school board meetings, it is good business practice to use one. The use of an agenda will help the board stay focused, and ensure that meetings are productive, orderly, and don't drag on indefinitely without purpose. Board members, employees of the school district, and residents of the school district may suggest agenda items by contacting the Superintendent, who in turn will communicate the suggestion to the President of the Board.

To ensure there will not be any surprises on the agenda it is helpful for the President, Vice President, and Superintendent to set time aside on the Wednesday before the meeting to discuss potential agenda items.

The Board President should also seek input from and communicate with all other board members so that everyone understands the purpose of the agenda items brought before them. The district clerk ensures that board members and administrators have the agenda to view by 5 p.m. on Thursday. This gives them ample time for any additions, changes, or deletions to the agenda before it is sent out to the public on Friday. The board meetings are typically held the 3rd Tuesday of each month and there are times that the agenda is amended at the meeting. Item(s) could be brought to the board's attention on the day of the meeting that would be beneficial for the district to act on at the current meeting than to wait for the next. It is not a practice that is encouraged on a regular basis, but sometimes it is unavoidable.

The board is transitioning to a consent agenda format from the traditional agenda. Benefits of using a consent agenda for routine items within the agenda help move the meeting forward and get the participants engaged. Items will be grouped within the designated sections of the agenda that are similar in nature and will be voted on as one. Generally, consent agenda items are considered self-explanatory and non-controversial. Board Docs is the program the district is using to store board meeting information. This program is easier to maneuver for researching historical information, more user friendly and offers a quicker turnaround time for the District Clerk to prepare documents.

BREAKFAST WITH SANTA
SUNDAY, DECEMBER 11TH
8 AM - 11 AM

St. John the Baptist Bingham Hall
5381 Depot St., West Valley, NY 14171

Breakfast Includes: Scrambled eggs, 2 pancakes, home fries, sausage, and a beverage.

\$5 Presale (See a WVCS Senior)
\$7 at the Door
Presale tickets available the week of December 5th-9th

Also Featuring:
Photos with Santa (\$1),
Cookie Decorating (\$1 per cookie),
Bake Sale (varied prices)

Sponsored by WVCS Class of 2023

AMERICAN MATHEMATICAL COMPETITION (AMC)

On Thursday, November 10, high school students had the opportunity to participate in the American Mathematical Competitions (AMC) held at SUNY Fredonia.

The AMC 10 covers high school curriculum through 10th grade, and the AMC 12 covers the entire high school curriculum (trigonometry, advanced algebra, and advanced geometry, but excluding calculus).

The AMC, a 75-minute paper-and-pencil test, is a no-stakes competition, since the results are not reported to teachers or schools, and success on the AMC can lead to opportunities to participate in further competitions, including all the way up to the International Math Olympiad!

Participating in the AMC can also be a notable accomplishment when applying to college. Participants in the AMC 12 were Jacob Coluci, Ben Fisher, Kasper Heitman, and Jordan Manaher. Maggie Parish participated in the AMC 10.

FOOD DRIVE

NHS and NJHS would like to congratulate the winning classes for the 2022 Food Drive: The 5th grade class came in first place out of the elementary classes, and the senior class came in first for secondary! Overall, almost 300 pounds of items were collected and delivered to the West Valley Food Pantry in time for the Thanksgiving holiday. A huge thank you to everyone who brought in donations!

WEST VALLEY FOOD PANTRY

December 2022 Date Changes

Wednesday Dec 14th • Reg Food Bank 1-4 p.m.

Christmas Basket

Monday Dec. 19th • 4:30-7:00 p.m.

Regular Food Bank and Produce Boxes

Wednesday December 28th 1-4 p.m.

*Located at Fox Valley Road, Ashford Town Barns
Serving the Town of Ashford and the
West Valley School District*

CLOTHES CLOSET

St. John the Baptist Church has a free Community Closet located behind the church in Bingham Hall every Wednesday from 1 to 4pm or by appointment.

We except clothing, shoes, kitchen, household items and books for Cattaraugus County residents.

We are in **dire need** of twin sheet sets, full sheet sets, blankets, bath towels and washcloths, kitchen towels and wash cloths.

Donations of gently worn undamaged, clean, and seasonal items are welcome.

Upon request, we have access to fulfill a need of furniture items.

If you have any questions, please call Jacque Conrad
716-942-3836.

Thank you very much for the continued support.

ART CORNER

The holidays are quickly approaching, and it has definitely inspired some of the art projects here at West Valley.

Students in grades 3 and 4 have studied the Day of the Dead and painted their own sugar skulls. The Day of the Dead, or "Día de Los Muertos," is a Mexican holiday that commemorates lives that have been lost and celebrates their rebirth in the afterlife. The sugar skulls were painted with traditional flower elements, dots, swirls, and bright colors. Seventh graders also broadened their cultural knowledge by researching other countries and designing masks based on what they learned.

Photography students are applying everything they have learned this year and are creating Photo Essays. The subject matter ranges from political and socioeconomic issues, to daily life, or something humorous.

Students in graphic design are creating their own Thanksgiving and Christmas greeting cards. Stay tuned as you may be a lucky recipient of a greeting card designed by one of our own West Valley students! Our painting and drawing class just finished learning about Lous C. Tiffany, the famous stained-glass artist. They created their own acrylic paint pours to emulate the look of stained glass and then cut them into smaller pieces to recreate one of Tiffany's works.

We've been having fun in art club as students made wooden signs using vinyl stencils and designed galaxy style canvas shoes. Our next few projects include resin coasters, canvas art, and watercolor pillows.

The Celebrity Artist of the month is ninth grader Payton Ehnes. Payton's favorite subject is ELA. Her favorite move is "The Sandlot." She plays volleyball and will be joining the bowling team. Her favorite food is chicken wings, which goes hand in hand as she cheers on her favorite team, the Buffalo Bills! Payton's goal for her high school career is to be on High Honors. Congratulations, Payton!

CAREER & TECHNICAL EDUCATION HONOR ROLL/HIGH HONOR ROLL FOR QUARTER 1

HONOR ROLL

Nicholas Peters	Collision Repair Technology 1
Nadia Tucker	Cosmetology 1
Jadon Schoepflin	Criminal Justice 1
Janay Ghani	Criminal Justice 2

HIGH HONOR ROLL

Gabrielle Hickey	Cosmetology 2
Samantha Herbst	Criminal Justice 2
Ronni Dufrane	Early Childhood 1

WEST VALLEY EXPANDS CURRICULUM

BY DANIEL AMODEO PRE-K-12 PRINCIPAL/
CURRICULUM COORDINATOR

West Valley continues its work to improve student performance and growth. This work began in the summer of 2020 with evaluating student assessment results, the materials we used, and our instructional methods. In the 2021-2022 school year we implemented the same curriculum materials from PK-6 and started determining the progression of skills and concepts from one grade level to the next.

Our work in ELA has expanded this school year to include the building of assessments that are aligned to the standards students will be tested on. Creating common assessments across grade levels will aid our teachers in determining what skills or concepts students are mastering or struggling with. It helps us to better identify any gaps in our instruction and where we may need to focus our teaching.

While we continue our curriculum work in ELA, we have expanded this work to include Math and Science for the 2022-2023 school year. Our work in Math for this year is focused on building "spiraled" assessments. These assessments continually test students on the most important skills and concepts throughout the year. Providing students with the opportunity for repetition of skills and concepts throughout the year assists in building their math fluency and memory recollection. These assessments will provide the foundation for our alignment work in the coming years.

Finally, as the NYS science standards have been updated our students will begin taking new assessments in the Spring of 2024. To prepare our students and staff we have determined a singular curriculum, Amplify Science, to be used in grades 5-8. Our science teachers will participate in professional development around this resource as well as professional development through CA BOCES on the required Science Investigations (mini labs) that will be a part of the new assessments in 2024.

All the work we are doing this year, and that we have planned for upcoming years, highlights our efforts at improving our students' performance and growth. We recognize the importance of this work but also understand that it will take time for this work and the changes we are making to bear fruit.

In closing, I would like to wish our entire school community a Happy Holiday season and a Happy New Year.

HONOR ROLL

WEST VALLEY, NY – West Valley Central School Principal, Daniel Amodeo, announced the following students in grades 7-12 have been named to the honor roll for the first quarter.

High Honor Roll

Grade 8 - Samantha Fisher, Noah Klahn
Grade 10 – Magdalena Parish
Grade 12 – Kasper Heitman

Honor Roll

Grade 8 – Eva Barnes, Isabella Mitchell
Grade 10 – Eve Niesyty, Jack Tharnish
Grade 12 – Benjamin Fisher, Lauren Frascella, Gabrielle Hickey, Nolan Spencer

Merit Roll

Grade 8 – Logan Manaher
Grade 9 – Olivia Harmony, Jaylyn Knowles, Lorna Voit
Grade 11 – RyAnn Turner
Grade 12 – Jacob Coluci, Samantha Herbst, Zander Smith, Zachary Westfall

DIA DE LOS MUERTOS "OFRENDA"

An ofrenda is an offering placed in a home altar during the Día de los Muertos celebration. An ofrenda is usually created by the family members of a person who has died and is intended to welcome the deceased to the altar setting.

Eve Neisyty and Natalie Stanier, as well as several other students from the international club, set our ofrenda up at West Valley. Students were able to put pictures and memories from their families on the ofrenda.

HIGHMARK FIELD TRIP

BY ONNALEE CASEWELL, 10TH GRADE

On Wednesday, November 9 the Sports Literature and Journalism class went to Highmark Stadium for a tour. While we were there, we went into the conference room, the news reporter room, the locker rooms, the tunnel, and on the field. Even though there were no players like we had hoped, we still had a really nice time.

Our tour guide Corky showed us everything that we were able to see; he also told us some really cool facts about the team and the stadium itself. We learned that the field is 50 feet below ground level and the top of the upper deck is 60 feet above ground level. We learned that the flags on the goal posts go all different ways because the wind goes down into the bowl and makes the flags go crazy which causes the ball to go all different directions when kicked.

When we went to look at the locker rooms Corky said, "Compared to the visiting locker rooms, the Bills game day locker room is like gold." None of us really believed him, but when we walked into the visitors' locker room, it was as nice as he said it was. But as soon as we walked into ours, we all started dying because it was so nice—the lockers had more space than the visitors, we had stuff on the walls for what they think team is, we even have a giant Bills logo in the middle of the floor that you can't touch because it is sacred.

After we left the stadium, we went to Fuji Grill which was very fun.

It was so fun, so thank you to Mrs. Ramsdell for taking us, Ruth Ann for driving us, and Mr. Amodeo for allowing us to go. Hopefully we can go on more fun trips again.

BY LAUREN FRASCELLA, 12TH GRADE

On Wednesday, November 9th Mrs. Ramsdell's Sports Literature and Journalism class took a trip out to Buffalo to receive a private tour of Highmark Stadium. The class of 8 arrived at the stadium where they were greeted at the gates by their tour guide, Corky.

He gave the students a quick rundown of the history of the stadium and then welcomed them inside. The class was shown around all of the media rooms where they learned about each job position and the hard work that goes into game days. They were also shown the luxuries of the M&T suites and the Dunn Tire Club. While walking through, the tour guide threw out random facts at them and helped keep everyone engaged. The students were taken into the team's locker room and were very excited to see where the players gather on game days. Last but not least, the students ended the tour by running across the field and getting to experience being in the position of an NFL player. Earlier in the week the students were watching a film on the Bills and learning all about the history of the team. It was a good experience for all to see behind the scenes of the stadium and this welcoming and hardworking environment.

The students said the trip was fun and entertaining while still remaining educational. We hope to return again in the future!

COMPUTER CORNER

Since Computer Science Week is December 5-11, it seemed like the perfect time to share an update about what's going on in some of our computer classes. This semester, Mrs. Lewis is working on Computer Science and Digital Fluency skills with students in grades 1-4 and 7-8. Next semester students in grade 5-6, Pre-K, and Kindergarten will have computer classes along with grades 7-8.

In 3rd grade, students created a PowerPoint presentation "All About Me" and we shared them with parents when they came to Parent Teacher Conferences. Students learned to add text and online pictures, change fonts and colors, take pictures with their laptop cameras and add them to their presentation. Ask them about the cool tool called Designer

that let them add all kinds of pizzazz to their slides.

In 4th grade we are learning about careers that use computer science – and don't they all? After watching a short video about a game designer who works for Microsoft, we started coding our own version of the whack-a-mole game. In 7th grade we started with whack-a-mole but then we went deeper and used our creativity to create arcade games of our own design. You can make an arcade game too! Check it out at <https://arcade.makecode.com/hour-of-code-2022>

In 8th grade we began the year focusing on Microsoft tools that we use in school – concentrating on Teams, Edge browser, and PowerPoint. We practiced our "All About Me"

presentations and used a tool called "Rehearse Coach" that uses AI (artificial intelligence) to critique our presentations while we practice. Just this week we started learning with Minecraft Education Edition. Collaboration, design, trouble-shooting, resilience, and good digital citizenship are just a few of the soft skills we can learn on this platform. Did you know that research shows that gaming can increase spatial orientation, memory formation, strategic planning, and fine motor skills? (Source: <https://www.sciencealert.com/6-scientific-benefits-of-playing-videogames>). Real life application and fun is a great combination!

FALL SPORTS AWARDS NIGHT

Congratulations to our 25 athletes from 5 sports who were recognized at the Fall Sports Awards Night! Congratulations also to our Scholar-Athletes for the Fall Athletics Season as recognized by

the New York State Public High School Athletic Association. These students achieved a 90% or higher average in the first quarter while also participating in a fall sports team at WVCS.

VOLLEYBALL SECTION VI CHAMPS

Congratulations to Lauren Frascella and the Springville/West Valley volleyball team—SECTION VI Class B Champions!

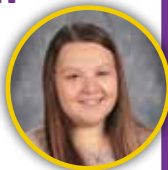

EMILY KAZMIERCZAK

CHEERLEADING, HEAD COACH

Coaching experience: Volleyball and Cheerleading

Favorite athlete: Kerri Walsh Jennings

Favorite sports movie: Blind Slide

"Every child deserves a champion, an adult who will never give up on them, who understands the power of connection, and insists that they become the best that they can possibly be." – Rita Pierson.

Goals for the team: My goals are to challenge, inspire and push our girls while we learn some new skills. I also want to create the best environment while we cheer on the boys and bring some Wildcat pride to the gym.

KRYSTAL GEORGE

CHEERLEADING, ASSISTANT COACH

Coaching experience: 6 years

Favorite coach: Michelle Ghani, my youth cheer coach.

Favorite athlete: Josh Allen & Patrick Mahomes

Favorite sports movie: We are Marshall

"Who needs a Tiara, when you can wear a bow."

Goals for the team: Coach Emily and I would like this program to expand season by season, with a larger turnout of girls so that we may improve each cheerleader's confidence and skills to help break the stigma of cheerleading.

BRYAN HANSEN

MODIFIED BOYS BASKETBALL, HEAD COACH

Coaching experience: Softball, Bowling, Basketball

Favorite coach: Coach K

Favorite athlete: Pudge Rodriguez

Favorite sports movie: The Rookie

"Today I will do what others won't, so tomorrow I can accomplish what others can't." – Jerry Rice

Goals for the team: To learn the basic fundamentals of the game and to build a positive team atmosphere working together to become our best in basketball and in life.

NYS CROSS COUNTRY CHAMPIONSHIPS

Olivia Harmony attended the NYSPHSAA Cross Country Championships along with all other elite athletes who made it with their qualifying times.

Olivia rode up to Verona, NY with other Section VI athletes on Friday, November 11th for the Saturday competition. The athletes surveyed the course and jogged it while taking notes of the layout. The day was filled with unrelenting rain which led to Olivia developing strategies to persevere in the conditions the following day.

After a good night's rest Olivia was well prepared for her 1:00 p.m. race. The course was well trafficked from prior races and it was marred up by the hundreds of previous runners who beat up the rain soaked course. Olivia used longer spikes to help provide better traction underfoot and it was helpful in keeping her stable. She was up against 107 of New York State's most elite Class D runners. Although Olivia had an unfortunate starting position in the middle of the pack, she was able to get out in front early separating herself from the mass of runners. Olivia stayed tight in her position through the race eventually holding onto 18th place. She was able to successfully finish in the top 20 and unlike previous races was unaffected by any stitches. She had a much better run than at sectionals, actually outpacing every Section VI competitor.

Olivia was grateful to have the support of her friends at Clymer, Sherman and Panama to include her in their warm-ups. Many of the teams' students showed great sportsmanship and inclusiveness over competitiveness. Olivia has been invited to participate in two upcoming races that are invite only, so her season may not be over quite yet. Congratulations, Olivia, on your top 20 finish at States!

WEST VALLEY ATHLETICS

JV BOYS BASKETBALL

Date	Opponent
11/29/22	at Franklinville 6:00 p.m.
12/7/22	vs. North Collins 5:00 p.m.
12/14/22	vs. Franklinville 7:30 p.m.
12/19/22	at North Collins 5:00 p.m.
1/4/23	at Forestville 7:30 p.m.
