

NEW FLAGPOLE AT WEST VALLEY

A new flagpole was installed outside the school on April 15 by Ace Flag from Depew, NY. The sidewalk and landscaping around the new pole will be completed by May 1.

May 18, 2021 – Annual Budget Vote and Board of Education Election from Noon to 9:00 p.m. in Gymnasium

MESSAGE FROM THE SUPERINTENDENT

BY DR. TAWEEPON FARRAR

The beginning is the most important part of the work. ~Plato

I have spent the first two months taking the time to meet individually with every board member and staff member while also meeting with several community members. I want to personally take this opportunity to thank each of you for taking the time to meet with me and your willingness to share your stories. I felt it was important to learn more about each person and their journey with West Valley. I have had the pleasure to talk with several students and will continue to get to know all students. Every conversation has been such a valuable experience. These meetings are the foundation of developing good relationships and have been vital to providing critical input that will make West Valley the best it can be.

Facilities

Our new flagpole was installed, and it is beautiful! As a veteran of the United

States Navy, the pride I feel seeing the American flag flown proudly in the front lawn of our district, is simply hard to put into words. Thank you to Bill Sloand, Barry Mahnk, Ace Flag and the town for your work on this project. From now until the Fall of 2021 is where most of the planning will take place for the capital project. The winter of 2022 is when we will solicit contractors for the work to begin in spring of 2022. The district along with the architects/construction managers have met with user groups to garner input from various stakeholders specific to what will be in this project. At these meetings, the architects asked questions, asked for input and suggestions, and showed examples/pictures to help facilitate the conversations. The architects will take all the input and begin to develop initial drawings of the work to be done. Once these drawings are made up, we will reconvene the user groups. The Smartschools bond project, with upgrades to the technology infrastructure in the building, will occur simultaneously with the capital project. The capital outlay project (yearly project) for 20-21 will include upgrades to some masonry work around the building and this work will start very soon. The capital outlay

project for 21-22 will consist of upgrades to all the classroom doors. The district will be developing a 5-year plan specific to facilities. Once this plan is done, it will be easier for the school community to know what's up-and-coming for the facilities improvements.

Budget

The district has worked very hard over these last few weeks to build a budget that is fiscally responsible, given the enacted budget by New York State. Our focus has been building in resources to build and improve our academic program in addition to our facilities. A separate newsletter will be sent out with specific details related to the budget. We need the community support on the budget to move our district forward for our students!

Finally, I want to thank Bob Harrington for taking the time over the last several weeks showing me the entire West Valley school district, and giving me the context of the important job that our bus drivers have of getting our students to and from school. Given all that I have learned so far, West Valley is truly the hidden gem of the Southern Tier!

SPECIAL EDUCATION NEWS

MRS. SHAWNA GUGINO, CSE DIRECTOR

Greetings West Valley Families!

I hope you enjoyed the break and had time to rest and reconnect. I wanted to update you on an opportunity for our students during the summer. We will be providing summer school through Cattaraugus-Allegany BOCES from July 6, 2021-August 13, 2021. The classes will be held in the Pioneer school district from 8:30 a.m. - 2:30 p.m. daily and transportation will be provided by WVCS. These classes are available for our students currently in a special education classroom to support their learning through the summer. The class will be discussed in your child's CSE meeting as to whether your student would benefit from summer. If your student is receiving summer services, there will be more information sent home closer to the end of the year. There are currently no special education summer school services offered at West Valley, so we are appreciative of the occasion to participate through BOCES.

It's that time again to register for Pre-K or kindergarten if your child is eligible. If your child has physical or educational needs or you suspect that your student may benefit from additional supports, you may be entitled to special education and related services, without cost to you. Please contact the Special Education Department at 942-3100 extension 4150, via email, or write to West Valley Central School, attention Special Education Department, 5359 School Street, West Valley, NY 14141, to request a referral packet. Services can include speech therapy, occupational therapy, physical therapy, or counseling as well as additional academic supports.

Finally, we are continuing our yearly review of IEPs through CSE meetings. Your child may have already had a CSE review or will have one before the end of the school year. If you have concerns and your child has already had a CSE meeting for this year, please contact the Special Education Department and we can schedule a meeting before the end of the school year. Meetings are held via Zoom or phone, pending updated guidance regarding Covid safety measures.

Congratulations to a strong last quarter, thank you all for your continued support.

STUDENTS TO TAKE REGENTS EXAMS IN JUNE

**MR. DANIEL AMODEO, PRE-K-12 PRINCIPAL/
CURRICULUM COORDINATOR**

There have been a lot of discussions over the last few months regarding students and exams. There were discussions at the state and federal level about the possibility of canceling exams this school year. In last month's newsletter we shared that students in grades 3-8 would be taking the NYS Assessments in ELA and Math this year. The information gathered from these assessments is extremely important to know what opportunities for improvement there are for next year and the impacts of the COVID-19.

Our students will also be participating in the regular administration of June Regents exam beginning June 17th. Although West Valley will be giving Regents Exams we will only be giving the four that are required under the Every Student Succeeds Act (ESSA). These exams include Algebra 1, Earth Science, Living Environment, and ELA. A draft of the June Regents Exam and Final Exam schedule is included in this newsletter. The primary purpose of assessments is to know how well students learned and how well we did as teachers preparing them. While we are only required to give the four required Regents Exams, we will also be providing students with an opportunity to show what they have learned in their other courses through end of the year assessments.

Throughout the fourth quarter we will continue preparing our students for mastering the standards or the key skills and concepts they need to know for a grade level or course. One of our priorities and goals at West Valley is continuous improvement. We want our students to continuously improve, but to do that we as a staff need to improve how we are teaching and how students are learning. The information gathered from assessments is extremely important. Help us to encourage your children, our students, to do their best on every assessment. We are looking forward to a successful conclusion to the school year and the next opportunity to improve.

NURSE LINDSEY'S NEWS

HELP STOP THE SPREAD OF COVID-19

It is up to us to take steps to protect children and others from getting sick. Help stop the spread of COVID-19 by doing the same things everyone should do to stay healthy. Teach your children to do the same. Here are some simple steps taken directly from the CDC website!

- **Clean hands often** using soap and water or alcohol-based hand sanitizer.
- **Avoid people who are sick** (coughing and sneezing).
- **Clean and disinfect** high-touch surfaces daily in household common areas (like tables, hard-backed chairs, doorknobs, light switches, remotes, handles, desks, toilets, and sinks).
- **Launder items** including washable plush toys as needed. Follow the manufacturer's instructions. If possible, launder items using the warmest appropriate water setting and dry items completely. Dirty laundry from an ill person can be washed with other people's items.
- **Limit time with other children** (practice social distancing) The CDC has updated guidelines for school social distancing to 3 feet. However, practicing 6 feet is still a smart idea. Social distancing is key to slowing the spread of COVID-19. The goal is to limit contact as much as possible. Be cautious when scheduling play dates, sports, and other activities and remind your child to practice social distancing.
- **Wear a mask** Children 2 years and older should wear a cloth face covering their nose and mouth when in the community setting. This would be especially important in the event that someone is infected but does not

have symptoms. Medical masks and N-95 respirators are still reserved for healthcare workers and other first responders, as recommended by current CDC guidance.

CELEBRATING NURSES

What is National Nurse's week?

National Nurses Week begins each year on May 6th and ends on May 12th, which is Florence Nightingale's birthday. Florence Nightingale was a nurse who became famous for treating wounded soldiers during the Crimean war, and for her work in establishing nursing as a profession. In the year 1998, May 8 was designated as National Student Nurses Day, to be celebrated annually. And as of 2003, National School Nurse Day is celebrated on the Wednesday within National Nurses Week (May 6-12) each year.

Why do we celebrate Nurse's Week?

The nursing profession has been supported and promoted by the American Nurses Association (ANA) since 1896. Each of ANA's state and territorial nurses' associations promotes the nursing profession at the state and regional levels. Each conducts celebration on these dates to recognize the contributions that nurses and nursing make to the community. All different types of nurses contribute to their communities in a myriad of ways all year round, this week is the time for these communities to show their support back to the nursing profession! Do you have a special nurse involved in your health care? Don't forget to show them support the next time you visit your health clinic or doctor's office!

Nurse's Week 2020 vs 2021

Nurses Week 2020 was unlike any other. As a society, we asked more of nurses than we ever have by asking them to put their lives on the front lines in the fight against the COVID-19 pandemic. I (Nurse Lindsey) shared my thoughts and feelings about this with our school community in a heart felt video almost a year ago resulting in a beautiful project. Our school community came together and made "Thank You" cards for local nurses, and it was truly appreciated by each one of them. I never thought that the pandemic would still be so prevalent a year later, but I felt this was an appropriate activity to follow through with again! While one week is not nearly enough, we want to take this week every year to share our gratitude by offering our support for the work nurses do every day, in times of crisis, and always.

Nurse's week 2021 will be celebrated from May 6- May 12 and the theme this year is "Nurses: A voice to lead, a vision for future healthcare" followed by last year's relative theme of "Nurses: a voice to lead, nursing the world to health"

BETTER HEARING AND SPEECH MONTH

May is recognized nationally as Better Hearing and Speech Month (BHSM), a month that is dedicated to raising awareness of Hearing and Communication Disorders. The American Speech-Language-Hearing Association's website provides information regarding Speech and Language Development, Hearing and Communication Disorders. The website can be accessed at [www. asah.org/ public](http://www.asah.org/public).

Respectfully,
Your West Valley Speech Therapy Team

6TH GRADE NEWS

On Friday March 12th, the 6th graders threw a surprise baby shower for Miss Galvin. With the help of Mrs. Ford and Ms. Bly, the 6th graders were able to work together to make it an event to remember. Many students brought gifts and cards to celebrate Miss Galvin's baby boy. A few students brought gifts especially for the mother-to-be, and Miss Galvin thought it was very thoughtful of them to remember her, as well as her baby. Mrs. Ford gifted

a beautiful handmade baby blanket. The students and Miss Galvin enjoyed chips, cookies, and drinks to celebrate this occasion.

Miss Galvin's son, Bohdi Patrick Urban, was born on Monday, April 19. Mother and

baby are doing well! We wish them the best of luck! Miss Bursee will be Miss Galvin's substitute while she is away.

Congratulations!

EASTER EGG HUNT

During the week before Spring Break, our primary classes got a surprise visit from the Easter Bunny! Students in Kindergarten, First Grade and Ms. Collura's class were treated to an Easter Egg Hunt, got their picture taken with the Easter Bunny, and then had fun with Mr. Amodeo drawing with chalk on the school sidewalks. Pre-K students visited with the Easter Bunny in their classroom in the morning. A great time was had by all!

ART CORNER

2nd Grade Spring Projects

Mrs. Lechner and Mrs. Mazzuto are very excited for the 4th quarter to begin. Their classes have been working very hard. In Kindergarten the students are making bright colored birds. The first graders are creating flowers with black and white designs. Our 2nd grade has been drawing rainy day pictures with umbrellas. The 3rd graders have been studying different types of flowers that come up in early spring. They have really mastered the organic shapes. Mrs. Lechner teamed up with Mrs. Thiel in the Library. Students researched famous women in history then created a symbol in art using clay. They really enjoyed this! Mrs. Lechner had the 5th graders use Q-tips and tempera paint to show textured for their Cherry Blossom trees.

Mrs. Mazzuto's 6th graders are working on watercolor gems and crystals. The 7th graders are working on agamographs and the 8th graders are using oil pastels to create bugs. Drawing and painting students have been making reduction prints. Sculpture students are working on lanterns.

5th Grade Cherry Blossom Painting

Artist of the Month - Malachi Hickey

The artist of the month is Malachi Hickey. Malachi is currently a 5th grader at West Valley. He enjoys playing soccer, video games and creating art at home. His favorite color is blue and if he could have any food it would be steak (fillet). Malachi enjoys reading and his favorite books are Diary of a Wimpy Kid. When Malachi gets older he would like to go to BOCES to study animal science.

WEST VALLEY ATHLETICS SPECTATOR/FAN CODE OF CONDUCT

MR. CHRIS SCHIUMO, ATHLETIC DIRECTOR

We are asking for your support in providing positive role-modeling for our student-athletes. The involvement of our students in athletics and activities contributes to the development of their values system. Trustworthiness, citizenship, caring, fairness, and respect are lifetime values that are taught through interscholastic activities and are principles of good sportsmanship and character. Governor Cuomo has recently updated guidance for high school capacity spectator limits. The new guidance allows for up to 200 spectators for an outdoor venue. Here at West Valley we encourage family, community, students, and staff to support our athletic teams. Spectators must always remember to maintain six feet of physical distance between individual

and/or family units and face coverings are always to be worn. We encourage families to bring their own chairs as bleachers will be used to safely distance our athletes.

We have made a commitment to promote good sportsmanship by student-athletes, coaches, and spectators at all athletic events. As a spectator/fan of West Valley, we expect you to be an example of positive encouragement while supporting our athletes, coaches, and officials. Thank you for your cooperation in the promotion of good sportsmanship and maintaining a safe environment.
