9th Grade Students on Track

9th graders on track are defined as the percentage of first-time students who have earned at least five course credits without failing more than .5 course credits in their core subjects. For the purpose of this metric, core subjects include reading, math, science, and social studies. (ISBE, 2024)

#WEGO2030

9th Grade on Track: 2022, 2023 and 2024

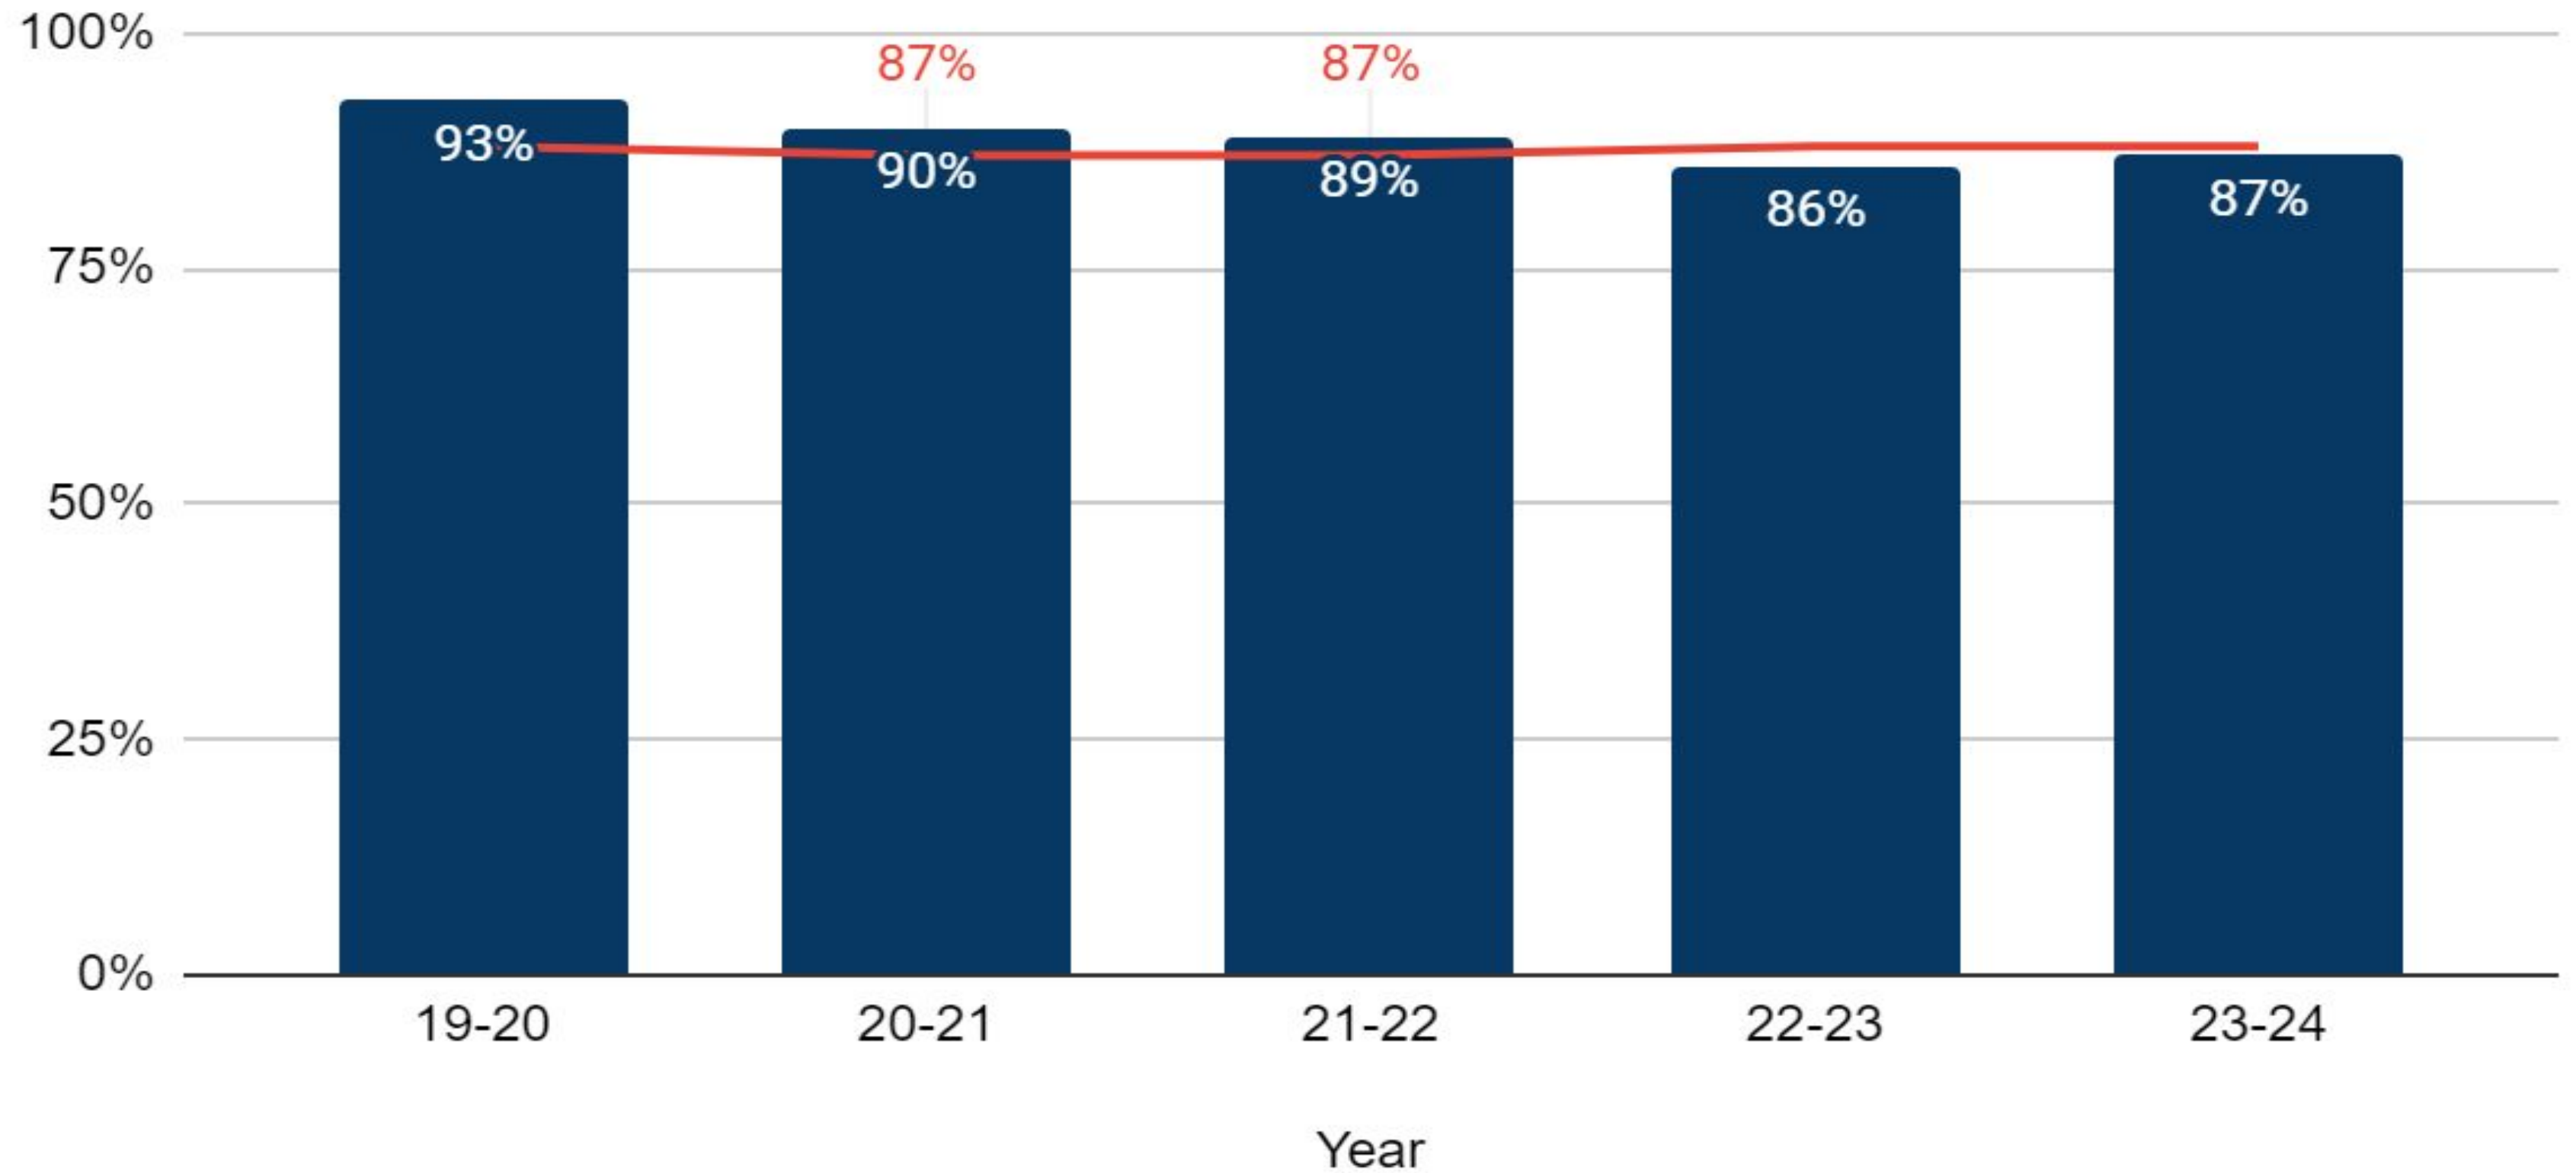

Graduation Rate

Graduating cohorts are calculated based on the number of students who enter Grade 9 for the first time, adjusted by adding into the cohort any student who transfers in later during Grade 9 or during the next three years and subtracting any student from the cohort who transfers out for any valid reason. (ISBE 2024)

SAT Test Scores

The SAT served as Illinois' "required accountability assessment"¹ for public high schools from 2017 through 2024. Students were required to complete the SAT (or DLM) as a junior (or senior) to earn a standard high school diploma. Illinois students also had the opportunity to use their SAT scores as part of the college admissions process.

The April 2024 "school day" SAT was the first digital administration of the test, as well as the final year of the College Board's contract with the state. The digital ACT will be given to all Illinois juniors in the spring of 2025 as the new state accountability test.

SAT: % of Juniors Meeting or Exceeding Standards

| Year Administered | 2021 | 2022 | 2023 | 2024 |

AP Test Scores

Advanced Placement exams are standardized assessments designed to measure the content and skills in an AP course. The College Board designed the AP program to “enable willing and academically prepared students to pursue college-level studies—with the opportunity to earn college credit, advanced placement, or both—while still in high school.”²

[HB 3428](#) requires Illinois public colleges and universities to grant students who earn a 3, 4, or 5 on an AP test “credit to meet a corresponding course requirement for degree completion at that institution of higher education.”³

AP Testing School Summary

| | 2020 | 2021 | 2022 | 2023 | 2024 |
|-------------------------------------|------|------|------|------|------|
| # of Students in an AP Class | 410 | 323 | 329 | 357 | 404 |

EL Enrollment & ACCESS Testing

Students whose home language is not English are enrolled in bilingual, ESL, or Sheltered classes until they demonstrate English proficiency on the ACCESS test, which measures EL students' growth in reading, writing, speaking, and listening in English. "The purpose of ACCESS for ELLs is to monitor student progress in English language proficiency on a yearly basis."⁵

EL Enrollment Data

| | 2021 | 2022 | 2023 | 2024 | 2025 |
|-----------------------------|-------|-------|-------|-------|-------|

| Illinois “Bridging” Percentage | 20.1% | 17.3% | 16.2% | 16.8% |

Illinois Science Assessment

The Illinois Science Assessment (ISA) for Grade 11 fulfilled the requirements in the federal Every Student Succeeds Act (ESSA) and 105 ILCS, “state goals and assessments,” which requires students to be tested once in science during high school.

The 2023-2024 school year was the final year of the ISA administration as the ACT includes a science component.
