

DDS Children's Services Division (CSD)

CSD aims to increase the capacity within the family unit, through skill-building, to effectively manage and support your child's most challenging needs while creating and reinforcing positive interactions.

- In-home support program for individuals from 8 years of age through the age of 20.
- Individuals must demonstrate a need that is greater than support offered by the community, state and/or federal programs.
- This is not an entitlement program and funding for the program is only within available appropriations.
- Program support may include waived services such as: Behavior Supports, Individualized Home Supports (IHS) and Respite.

Eligibility for In-home Support

- Must be made prior to the age of 18, must also be eligible for DDS services.
- Must be affected by one of the following hardships:
 - The child has significant medical needs beyond current nursing services, authorized through insurance.
 - The child has physical disabilities with an extraordinary need for support with Activities of Daily Living (ADLs) beyond current home health aide services, authorized through insurance.
 - The child has challenging behavioral needs, not related to a mental health diagnosis or a mood disorder that results in the functional impairment of the child. The child's behavioral limitations must interfere with their functioning in the family or community activities, pose a risk to the health and safety of themselves and others, and interfere with their ability to achieve goals and make progress.

***Service requests for out-of-home placement will not be considered for this program.**
