

## RFP 24-04 WAN Q&A

Q: I wanted to check in regarding the contract term options you're considering for Marietta's WAN RFP. Are you only considering a 1-year term with extensions? Or open to other terms as well?

A: We are not permitted to enter into multi-year contracts unless the contract stipulates that we can terminate the contract/service without penalty. Typically, we structure our contracts for a 1-year term with the option for 2 annual renewals.

Q: Can you please confirm the number of sites to be connected to the Central Office? There are 16 sites listed in Appendix A show below, but the scope of work has a discrepancy highlighted in yellow. Should 350 Lemon St and 353 Lemon St both be listed?

A: It is 16.

Q: bids for 10G connections are being requested to service every site listed (including the Central Office/Admin Office at 250 Howard Street)

A: Yes

Q: Would the Admin Office be considered the hub?

A: Yes
