Program Enrollment

Program Support Definitions

Onsite Support

A Healthier Generation Program Manager for the program selected above meets with school staff in-person, conducting workshops and supporting schools' involvement in Healthier Generation programs.

Online or Virtual Support

Healthier Generation supports schools' involvement in programs virtually, working with a Virtual Program Manager, the Member Engagement and Support Team, and Content Experts, as well as webinars, email, phone, on-demand learning and other digital tools.

Enrollment Type	Number of Schools
Online or Virtual Support	4
	Total: 4

Page 1 of 18 KY | District Dashboard

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment.

The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

KY | Table: Assessment completion among enrolled schools, by grade level **Grade Level** Completed **Not Started Total Enrolled Schools** Started Elementary School 3 0 3 0 Other 0 0 Total: 4 Total: 0 Total: 4 Total: 0

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment.

The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

Assessment Response & Action Plan Analysis

The state and nation numbers and graphs include data from the selected district

KY | Number of Schools in Your District That Started Assessment

Δ

KY | Number of Schools in Your State That started Assessment

1,128

KY | Number of Schools in the Nation That started Assessment

24,251

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment.

The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

Some question are not applicable to all school types (elementary, middle, or high school). This will account for the difference in totals.

Smart Snacks	0.0%	7.1%	89.3%	3.6%

Change Status Definitions

<u>Maintained</u> - response is the same from baseline until latest response

<u>Declined</u> - the baseline response was a higher ranking answer (for example: Fully In Place) on the answer scale of the selected assessment than the latest response (for example: Under Development) <u>Improved</u> - the baseline response was a lower ranking answer (for example: Partially In place) on the answer scale of the selected assessment than the latest response (for example: Fully In Place)

Denominator-The denominator for each topic is the number of schools that have responded to at least one question included in the selected assessment multiplied by the number of questions available in that topic.
