Subject: RE: Public Records Request

August 7, 2015

Mrs. Bass,

The requested information is not district owned material and we do not have access. A copy of the study is likely contained within the CSUC campus archives at Chico State University. This email is the District's official response to your CPRA request.

Charles Tracy

Subject: Public Records Request

Hello everyone!

I am making a California Public Records Request for the Bullying Report that Mr. Taylor compiled. There was a survey and a report. Initially, I requested the document from Mr. Taylor who referred me to the district office. HUSD Superintendent Tracy said there was no document and referred me to the Chico State Library where Mr. Kyle's Thesis might contain this information.

I maintain that this was done using a Public Agencies of the State of California, namely HUSD and Glenn County Office of Education. I request all documents related to the report and the report itself. I do not want each individual survey, but request the tabulations for that survey

Now, all of you get together and figure out where this report is. I await your timely response.
Barbara Bass, Secretary for OUR SCHOOL "Accountability and Responsibility for Hamilton City Schools"
